Subject Minnesota Pork Producers
Location 3530 WJCN
Attachments Farm Bureau Comments_Exsisting Regs.pdf
Show Time As Tentative
Request:

We will be having our fall legislative fly in the second week of September. As part of the fly in, I was wondering if it is possible to schedule a briefing with you, or other senior EPA staff on September

AMERICAN OVERSIGHT

12th to discuss various priority environmental issues with the Minnesota Pork Producers. Minnesota is the number two state for pork production, behind Iowa.

This would be primarily more of a "getting to know you" meeting with a general discussion on issues on the farm than any specific in depth focus on any single issue.

However, issues of note for Minnesota include the following:

* Nutrients, the value of manure, and water quality standards.
* Air Emissions Reporting from livestock farms
* EPA's NESHAP for Reciprocating Internal Combustion Engines (on farm backup diesel generators) 40 C.F.R. Part 63, Subpart ZZZZ

Attendees:

Michael Formica, National Pork Producers Council

David Preisler, Executive Director, Minnesota Pork

Jill Resler, Chief Operations Officer, Minnesota Pork

Lauren Servick. Director of Communications and Marketing, Minnesota Pork

Jay Moore, President, Minnesota Pork

Greg Boerboom, Vice President, Minnesota Pork

Ben Johnson, Minnesota Pork Ambassador

Daryl Timmerman, Board Member, Minnesota Pork

Contact:

Michael C. Formica

Assistant Vice President & Legal Counsel, Domestic Policy

National Pork Producers Council

202.680.3820

Agenda

September 14, 2017

Opening Remarks Ryan Jackson

Barry Breen

Situational Updates

AMERICAN OVERSIGHT

For each situational update would you please address the following topic areas in addition to Regional/Program specific highlights:

What are you being asked to do/support from our Federal, State and Local partners?

* Are there actions you are considering leaning forward on to address a need or expedite our response activities?

* Are there program policy, legal, or resource issues impacting your operations?

* Discussion of recovery efforts

AMERICAN OVERSIGHT

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: 9/7/2017

Requesting Office: OCFO/OB

Title of the Meeting: FY 2019 OMB Submission Agency Briefing

Purpose: OMB Briefing on the FY 2019 Budget Submission

Role of the Acting Deputy Administrator: To brief OMB on the highlights of the Agency's budget submission.

Background: The FY 2019 Agency's budget is due to OMB on September 11, 2017. Annually the DA and other EPA senior leadership brief OMB on highlights of the Agency's budget submission.

Last possible date for the meeting: 9/15/2017, 2:00 pm – 3:00 pm (include 30 minutes before and after the meeting for transportation to and from OMB)

Is the meeting urgent and if so, why? Yes. OMB has indicated that the last date for this briefing is

September 15, 2017. Subsequent NPM Briefings cannot begin until the Agency's meeting is completed.

Requested Time Length: 2 hours (this includes travel time of 30 minutes before and 30 minutes after the meeting)

EPA Staff (Required): Henry Darwin, David Bloom, Holly Greaves, Howard Osborne, Kathy O'Brien, Carol Terris, Maria Williams, Malena Brookshire, Beth Baden

AMERICAN OVERSIGHT

EPA Staff (Optional): N/A

External Participants: N/A

Teleconference Required? No

Video Conference Required? No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Subject: Briefing OMB on EPA's Reform PlaN - **PLEASE SEE WAVES LINK ENCLOSED**
When: Friday, September 29, 2017 1:00 PM-2:00 PM (UTC-05:00) Eastern Time (US & Canada).
Where: New Executive Office Building, Room 9258 OMB

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: 9/20/17

Requesting Office: OCFO/IO

Title of the Meeting: Briefing OMB on EPA's Reform Plan

Purpose: To present to OMB EPA's reform plan that was submitted with the FY 2019 OMB Budget Submission.

Role of the Deputy Administrator: To present the reform plan and lead the discussion with OMB providing

insight and feedback as necessary.

Background: OMB requested this in-person briefing at OMB.

AMERICAN OVERSIGHT

Last possible date for the meeting: OMB has scheduled this meeting for Friday, September 29, 2017, from 1:00-2 pm in the New Executive Office Building, Room 9258.

Is the meeting urgent and if so, why?: Yes, because the reform plan is part of the FY 2019 Budget Submission and OMB requires further discussion.

Requested Time Length: One hour

EPA Staff (Required): Henry Darwin, Holly Greaves, Byron Brown, Donna Vizian, Shannon Kenny, Steven Fine, and David Bloom

EPA Staff (Optional): Sharnett Willis, Kimberly Wheeler, Roberta White, Susan Jacks, Rita Wilson

External Participants: Scott Burgess and other OMB Participants

[redacted]

Video Conference Required?: No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Subject: Call with IPC CEO

Dear Byron,

We met during an electronics industry meeting with the Administrator on May 2nd. During that meeting, our client IPC, which is a global trade association representing large and small companies in the electronics industry, described issues of concern under various EPA programs affecting the industry and our desire to find solutions that advance environmental stewardship while also minimizing or eliminating unnecessary or overly burdensome reporting/regulation. Per my discussion yesterday with Patrick Davis, I was hoping to set up a call next week between you and the CEO of IPC, John Mitchell, to update you on one of the issues we raised in that meeting. Would you have time either on Monday between 3 and 4:30 or Tuesday at either 11:30 or 12 for a short call?

Thank you,

Gabe

Time 2:00 PM – 3:00 PM
Subject Infrastructure Initiative Communications Coordination
Location EEOB 350
Show Time As Tentative

All--

We are pulling together a group of interagency staff to begin focusing in a more coordinated way on communications efforts associated with the policy, regulatory, and legislative aspects of the President's Infrastructure Initiative. We'll be looking to coordinate a calendar of infrastructure newsworthy events/opportunities to highlight the need for infrastructure investment throughout the country as well as the need for permitting and regulatory reforms. For example, this effort will include identifying proposed and planned opportunities to engage with industry and stakeholders throughout the country, press release opportunities surrounding agency policy or regulatory reforms that align with the President's infrastructure agenda, success stories on accelerated infrastructure project delivery, opportunities for White House leadership involvement at events, and eventually, events surrounding the release of the infrastructure legislative principles.

We look forward to your attendance and participation Monday. Please bring other staff who will be critical to this effort. To obtain clearance to the EEOB, please submit WAVES information using the link and information below.

In the meantime, please contact me with any questions.

Allison Rusnak
Senior Policy Advisor
National Economic Council
Office: (b) (6)
Cell (b) (6)

Hello,

Please use the link below to complete the security process. All attending must complete this form in order to attend your meeting on the White House Complex. Enter your name and residence exactly as it appears on your government issued ID. Please Ensure All of Your Information is Correct. NOTE: US Secret Service recommends all parties be submitted 24 hours in advance to have ample time for secure screening. Any entries entered within 2 hours of the scheduled meeting will not be processed or admitted to enter.

(b) (6)

AMERICAN OVERSIGHT

Should you have multiple people in your party you can use the same link to share with each guest to submit their security information separately or when redirected to the form, skip down to the bottom and click "Add Guests", which allows you to fill out everyone's information at once.

ARRIVAL DETAILS
Enter the White House complex through the Visitors Entrance at 17th St NW and State Place NW. Please remember to bring a government issued form of identification.
Once given your appointment badge please enter the Eisenhower Executive Office Building and continue to EEOB 350 on the 3rd Floor.
Please note: If any foreign nationals are in your party please alert me in advance so we can escort your party to the office.

If you have any problems at the gate, please contact me via email.

Please let me know if you have any questions.

Regards,

Richard

Time 10:00 AM – 4:00 PM
Subject ARPTF Report Review
Location USDA Whitten Building 1400 Jefferson Drive Room 108A
Show Time As Tentative

Good Morning All,

Thursday will be the final review for the Report before it is submitted to the White House. We have blocked off a 6 hour window for each of you to come in and review the report. The report will not leave the building and you are free to come at any point during the blocked time. Thank you for all of you help and input up to this point of the project. We want to finish strong and hope each of you can review the report and give any last edits!

Thanks!

All,

Hope to see you at our next meeting on Monday. We will talk more about the specific asks you're developing and will have a representative from the WH Office of Legislative Affairs available to talk more about how your agencies can help measure likely congressional support or opposition on the identified issues.

To obtain clearance to the EEOB, please submit WAVES information using the link and information below. In the meantime, please contact me with any questions.

Allison Rusnak
Senior Policy Advisor
National Economic Council

AMERICAN OVERSIGHT

Office: [redacted]
Cell: [redacted]

Hello,

Please use the link below to complete the security process. All attending must complete this form in order to attend your meeting on the White House Complex. Enter your name and residence exactly as it appears on your government issued ID. Please Ensure All of Your Information is Correct. NOTE: US Secret Service recommends all parties be submitted 24 hours in advance to have ample time for secure screening. Any entries entered within 2 hours of the scheduled meeting will not be processed or admitted to enter.

[redacted]

Should you have multiple people in your party you can use the same link to share with each guest to submit their security information separately or when redirected to the form, skip down to the bottom and click "Add Guests", which allows you to fill out everyone's information at once.

ARRIVAL DETAILS

Enter the White House complex through the Visitors Entrance at 17th St NW and State Place NW. Please remember to bring a government issued form of identification.
Once given your appointment badge please enter the Eisenhower Executive Office Building and continue to room 350 on the north side of the third floor. Please note: If any foreign nationals are in your party please alert me in advance so we can escort your party to the office.
If you have any problems at the gate, please contact me via email.

Please let me know if you have any questions.

Regards,

Richard

Time 1:00 PM – 2:00 PM
Subject Discussion of Recent 108(b) Comments
Location EPA North 3330
Show Time As Busy

OLEM has received significant edits to the 108(b) package this afternoon plus we are working to address FAR comments. After discussing this situation with Byron we thought that with the Wednesday submission to OMB looming we need the principals to get together and agree on a strategy and approach for handling the comments and moving the package to OMB.

If someone has a meeting room downtown that we could use please let me or Meghan/Richard know and we will add the room number otherwise we will try to find space in the OLEM IO.

CLASSESS ARE CANCELLED DUE TO THE AGENCY VETERAN PROGRAM SCHEDULED AT 10:30 AM IN EPA EAST BULIDING Room 1153.

****
****
****

Teammates

Acting Deputy Administrator Mike Flynn announced that the Agency would be conducting Cybersecurity Stand-Down events starting in the month of October and concluding in early November.

What is a "Stand-Down"?
A Cybersecurity Stand-Down is a time for employees to focus on security, resilience, and privacy. This year's theme is Spam, and will have several training opportunities beginning next week.

When will event take place?
The stand-down will occur from November 6th – 9th , 2017. Session should last about one hour. Attendance will be taken to provide OAES with a percentage of participation in the sessions. You are free to come to any mandatory sessions.

How will you participate?
During the stand-down you will watch a video on the importance of cybersecurity at EPA, participate in an interactive activity, and engage with your colleagues about keeping information secure.

What is Cybersecurity?
Cybersecurity impacts all of us when we go online, use our mobile device or tablet, or use a cloud-based service. We all interact with various tools designed to protect your personal information. It is critical for everyone to understand cybersecurity and our role in being safe while staying connected to minimize the chance of an incident.

EPA continues to incorporates several measures to protect our data and computing environment. For more information about EPA 's cybersecurity program is available at http://intranet.epa.gov/oei/Cybersecurity.html.

If you have any information security related questions or concerns, please contact Ganiat Aiyegoro, AO Primary Information Security Officer, at 202-566-1798 or James Howard, Information Management Official at 202-564-0407.

All sessions will be located in the WJCN 2530. The session times are as follows:

AMERICAN OVERSIGHT

Wednesday, November 8, 2017 at 1:00 pm to 2:00 pm.

Where: Secretary of War Suite 230A

Mercy Schlapp would like to have a planning discussion about the Administration's strategy for infrastructure. The plan is to have weekly or bi-weekly calls but would like meet in person, if possible, for the first meeting. Please invite an infrastructure subject matter expert from your agency to join you at the meeting. There are currently no plans for a call in option for the first meeting. If you have any questions, please let me know. If you are not able to attend, please let me know.

Brad

Time 3:00 PM – 4:00 PM
Subject NEC Deputies Meeting on Infrastructure
Location EEOB SoW 230A (WAVES link in calendar notes)
Show Time As Tentative

The National Economic Council will host a Deputies Meeting on the President's Infrastructure Legislative Proposal on Monday, November 27th at 3:00pm in EEOB SoW 230A.

The purpose of this meeting is to reconsider the legislative proposal of "One Agency, One Decision," under which Federal resource agencies would assign their decision-making responsibilities to a single lead Federal agency for purposes of conducting the necessary environmental review and making the applicable permitting decisions for the construction of an infrastructure project.

This meeting will cover:

• Recap of the August 31st Deputies' and the September 28th Principals' meetings

• Update on Hill conversations

• Discussion of legislative options for consideration

• Update on legislative timeline

• Update on other infrastructure work streams (One Federal Decision, Regulations, Practitioner's Guidebook)

AMERICAN OVERSIGHT

Please let me know if your deputy is able to attend. Each deputy is able to bring a +1.

If you are able to attend and need to be cleared into the building, please use the link below:

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: December 1, 2017

Requesting Office: OCFO

Title of the Meeting: Prep for December PMC Meeting

AMERICAN OVERSIGHT

Purpose: To prepare the Acting Deputy Administrator for the December 7 President's Management Council (PMC) meeting.

Role of the Deputy Administrator: To review the agenda, materials, and subject matter for the meeting.

Background: As a member of the PMC, the Acting Deputy Administrator along with other government agency members, have typically advised the President and OMB on government reform initiatives and provide performance and management leadership.

Last possible date for the meeting: December 6.

Is the meeting urgent and if so, why?: N/A

Requested Time Length: 30 minutes

EPA Staff (Required): David Bloom, Howard Osborne, Holly Greaves (OCFO), Donna Vizian, John Showman (OARM), Steven Fine, Harvey Simon (OEI), Henry Darwin, Samantha Dravis, Byron Brown, Shannon Kenny (OA)

EPA Staff (Optional): Diane Kelty/Andrew Cox (OCFO), Lynnann Hitchens/Michael Hardy/Joanne Amorosi (OARM), Lisa Jones-Parra/Megan Grogard (OEI)

External Participants: No

Teleconference Required?: No

Video Conference Required?: No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Thursday, December 7, 2017

Time 9:00 AM – 10:30 AM
Subject WJCN 2530
Location Training for Active Shooter Preparedness
Show Time As Tentative

AO Colleagues,

Please plan on attending EPA's Active Shooter Response Training on Thursday, December 7th in WJCN 2530 starting at 9:00 AM.

It's important to prepare for a possible active shooter situation by locating the primary and alternate exits closest to you and walking through your work area to identify:

* Potential hiding places that provide cover (ballistic protection) and concealment (shooter cannot see you).
* Items nearby that could improve cover/concealment.
* Ordinary office items you could use to defend yourself against an attacker/active shooter.

You are strongly encouraged to review the Occupant Emergency Plan (OEP) for the building where you work; please visit the HQ Security in the Workplace <http://intranet.epa.gov/oa/smd/hqsecurity/oep-index.htm> intranet site to access the OEPs for Headquarters buildings. More information can be found on the Active Shooter Response and Preparedness <http://intranet.epa.gov/oa/smd/activeshooterresponsetraining.html> intranet site.

Remember, during an Active Shooter event, you have three options based on where you are when you hear shots fired:

1. RUN: evacuate.
2. HIDE: seek cover and concealment.
3. FIGHT: take aggressive action.

If you have questions, please contact Bill Bellerose, HQ OEP Program Manager, at 202-566-2191 or bellerose.william@epa.gov <mailto:bellerose.william@epa.gov> .

Subject: RCRA - OhioEPA Refrigerant Clarification

Hi Byron, per my voice mail earlier today, I'm reaching out to chat about the RCRA refrigerant issue that Ohio EPA and Gov. Kasich's office raised with Ken Wagner (overview in attached email thread).

Could I visit next week to brief you (week of Dec 4)? (I'm out of the country the following week). This should be an easy resolution. Many thanks.

Best regards,

AMERICAN OVERSIGHT

Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees:

Richard Gupton, Agricultural Retailers Association

Jennifer Gibson, National Association of Chemical Distributors

Susan Flanagan, Institute of Makers of Explosives

Jeff Gunnulfsen, American Fuel & Petrochemical Manufacturers

Peter Lidiak, International Liquid Terminals Association

Meeting with the Agricultural Retailers Association (ARA), which represents the nation's agricultural retailer and distributors to meet with a group of trade associations to discuss the General Duty Clause, as codified in section 112(r)(1) of the Clean Air Act. The trade associations that are part of this coalition include ARA, American Fuel & Petrochemical Manufacturers, Corn Refiners Association, Institute of Makers of Explosives, International Liquid Terminals Association, National Association of Chemical Distributors, and National Oilseed Processors Association.

Contact:

Richard Gupton

Time 11:00 AM – 11:45 AM

Subject Meeting with Congressman Cramer's staff, Sabin Metals and Mayer Brown LLP to Discuss the Impacts of the Import Ban of Petrochemical Byproducts to the U.S. for Recycling

Location 3146 EPA West / 1301 Constitution Avenue, NW.

Attachments Congressional letter 0037_001.pdf
Scan Signed Response to Existing Control_2.pdf

Show Time As Tentative

Congressman Cramer's staff has requested that EPA participate in a meeting w/Sabin Metals and Mayer Brown LLP about the issue. The staffer plans to invite Tim Keeler (Sabin attorney with Mayer Brown LLP), Bob Jacobsen (Sabin), Bob Hansen (Sabin), and possibly Andy Sabin.

Attached is the incoming August 30, 2017, letter from Senators Hoeven and Heitkamp and Congressmen Cramer, Collins, and Zeldin regarding the impacts to the economy and the environment because overseas producers are not permitted to ship petrochemical byproducts to the U.S. for recycling. Also attached is EPA's November 3, 2017, response to that letter, which ORCR coordinated closely w/OGC, OITA, and the State Department, because they (the State

AMERICAN OVERSIGHT

Dept.), too, had received the same letter from the Hill (to which they responded on October 11.)

Attendees

Participant Dial-In: [redacted]

Participant Code: [redacted]

The NEC, with OSTP and OAI, is convening a policy coordinating committee on rural broadband on Monday, Dec. 18, at 11 AM in EEOB 210/212. We are seeking your participation in an Administration-wide effort to push broadband to rural areas and bridge the digital divide. We would appreciate it if you or your designee would attend. (Please forward to your designee)

Attached is an agenda and a draft executive order (plus summary) that we would like you to review and come prepared to discuss. Please feel free to provide comments back as soon as you have them to Kelsey Guyselman at [redacted]
<mailto [redacted] .

Subject: Misc. RCRA issues

Hi David – Hope you had a happy new year. Can we find time for the three of us to further discuss some of the miscellaneous RCRA issues:

Bloom energy

A-Gas

Takata Airbags

Tires

Pharma rule

We started to discuss at the end of the recent CCR Q&A meeting but ran out of time. Thanks.

Byron R. Brown

Deputy Chief of Staff for Policy

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: December 20, 2017

Requesting Office: OCFO

Title of the Meeting: Prep for January PMC Meeting

Purpose: To prepare the Acting Deputy Administrator for the January 11 President's Management Council (PMC) meeting.

Role of the Deputy Administrator: To review the agenda, materials, and subject matter for the meeting.

Background: As a member of the PMC, the Acting Deputy Administrator along with other government agency members, have typically advised the President and OMB on government reform initiatives and provide performance and management leadership.

Last possible date for the meeting: January 9.

AMERICAN OVERSIGHT

Is the meeting urgent and if so, why?: N/A

Requested Time Length: 30 minutes

EPA Staff (Required): David Bloom, Howard Osborne, Holly Greaves (OCFO), Donna Vizian, John Showman (OARM), Steven Fine, Harvey Simon (OEI), Henry Darwin, Samantha Dravis, Byron Brown, Shannon Kenny (OA)

EPA Staff (Optional): Diane Kelty/Andrew Cox (OCFO), Lynnann Hitchens/Michael Hardy/Joanne Amorosi (OARM), Lisa Jones-Parra/Megan Grogard (OEI)

External Participants: No

Teleconference Required?: No

Video Conference Required?: No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Subject Houston Chronicle Interview - IN PERSON
Location Liz's Office
Show Time As Tentative

James from the Houston Chronicle is going to come here on Monday afternoon. Please come to my office at 5 p.m. Byron, if you are available, you are welcome. Thank you – Liz

Following up from the pen and pad last month, would someone from EPA be available to sit down and talk about the effort to streamline the permitting process at EPA.

I'm particularly interested in how this would impact the construction of petrochemical and gas processing facilities, for which there is high demand in Texas.

I think you'd said Bill Wehrum might be a good person to talk to? Also, someone told me that Henry Darwin had worked on this issue in Arizona, so he might be a good person to interview?

UPDATE: Please see attached meeting agenda, updated Issue Action Board, and Puerto Rico Recovery Plan Timeline
SAVE THE DATE: Please note the changed dates, location and duration
Dear RSFLG Under Secretaries and Assistant Secretaries:
As noted during the last RSFLG Under Secretaries meeting, we are changing to a reduced meeting tempo and a slightly longer meeting: meetings will be every other Tuesday, starting January 9th, from 3:30 to 5:00.
Because of renovations to the M-01 Conference room, we are unfortunately also going to have to move to another location. The new location will be 400 C St SW, Room 7NE-208A. The main entrance to 400 C is actually on 4th St SW, just south of C St SW, but if you come in the FEMA main entrance you can reach 400 C by an internal hallway.
Thank you,
Recovery Support Function Leadership Group (RSFLG) Meeting

Subject: Informal Happy Hour - Celebrating One Year

Please join us for an informal happy hour to mark the completion of
the first year of the Trump Administration. We have a large space

AMERICAN OVERSIGHT

reserved for our group in the back of Blackfinn Ameripub (near the White House). Please invite any friends of the Administration who would like to celebrate with us.

See you there!

Brad Rateike
Director of Cabinet Communications
White House Office of Communications

Sands, Jeffrey <sands.jeffrey@epa.gov>	Organizer
Brown, Byron <brown.byron@epa.gov>	Required

Time 11:00 AM – 12:00 PM
Subject Meeting with CVS re: Management Standards for Hazardous Waste Pharmaceuticals
Location WJCN Room 3530
Show Time As Tentative

Background:

CVS recently met with Jim Herz at OMB to discuss some issues with the Management Standards for Hazardous Waste Pharmaceuticals ("RX Rule"). CVS believes EPA will be issuing this final rule in 2018 and would like to come in and discuss changes they support before the final rule is issued.

CVS is bringing 4-5 people.

Subject RSFLG Undersecretaries Meeting M1 500 C Street
Location FEMA HQ | 500 C Street, M1
Attachments Agenda 1-23 RSFLG.pdf
Show Time As Tentative

Update: Please see attached meeting agenda
SAVE THE DATE: Please note the changed dates, location and duration
Dear RSFLG Under Secretaries and Assistant Secretaries:
As noted during the last RSFLG Under Secretaries meeting, we are changing to a reduced meeting tempo and a slightly longer meeting: meetings will be every other Tuesday, starting January 9th, from 3:30 to 5:00.
Because of renovations to the M-01 Conference room, we are unfortunately also going to have to move to another location. The new location will be 400 C St SW, Room 7NE-208A. The main entrance to 400 C is actually on 4th St SW, just south of C St SW, but if you come in the FEMA main entrance you can reach 400 C by an internal hallway.
Thank you,
Recovery Support Function Leadership Group (RSFLG) Meeting
3:30 – 5:00 p.m. (EST)
FEMA Headquarters
400 C St. SW| Washington DC 20472 | Room 7NE-208A
RSFLG Secretariat
Interagency Coordination Division
Recovery Directorate
DHS FEMA
500 C Street SW | Washington DC 20472

Subject Ron's farewell
Location WJC-N 6330
Show Time As Tentative

Hi everyone!

Ron Slotkin is leaving EPA at the end of the month after 29 years at the agency.

We're organizing an informal farewell social tomorrow -- Thursday, January 25 -- in WJC-N 6330 from 10:30 to 12:30.

We hope you'll stop by to wish him well. Thanks!

Jini

Subject Susan Swearing In
Show Time As Busy

Time 11:00 AM – 12:30 PM
Subject OECA AA Ceremonial Swearing-in
Location U.S. EPA Rachel Carson Green Room (1200 Pennslyvania Avenue NW)
Show Time As Tentative

Directions for Guests: EPA?s address is 1200 Pennsylvania Avenue, NW. Please enter through the William Jefferson Clinton South building. If you are coming by taxi/vehicle, you want to be dropped off on 12th Street NW, between Pennsylvania and Constitution Avenue. The entrance is almost exactly halfway between the two avenues next to the Federal Triangle Metro sign and with the Trump Hotel across the street. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your right. This is the South Lobby entrance to the William Jefferson Clinton building. If you are coming by Metro, exit at the Federal Triangle Metro station, go up the escalators and the South Lobby entrance will be on your left as you exit at the top of the escalators.

Once inside the building, security will prompt you to scan all items such as bags, coats etc.. Please let the guards know that you were instructed to call Shanita Loving at 564-4728 or Ethel Bailey 564-5149 to escort you to Susan Bodine swearing in ceremony. Security will have the visitors passes for everyone.

Allow for 10-15 minutes to get through the process.

EPA Employees: Please bring your ID to show to security at the entrance to the Green Room.

Show Time As Tentative

Hello, you are invited to attend a Town Hall Meeting about the William Jefferson Clinton (WJC) North Building Active Shooter Response Drill scheduled for February 21, 2018 from 2-4 p.m. on the 5th floor. Please attend the Town Hall to learn more and to ask questions about the drill.

There are two Town Hall sessions to choose from; choose the one that's best for your schedule:

* Town Hall Meeting (session 1): February 6, 2018, 11 a.m., WJC East 1153

* Town Hall Meeting (session 2): February 8, 2018, 2 p.m., WJC East 1153

Also, in preparation for the drill, there are three Active Shooter Response Training sessions scheduled for staff who've never been trained or for those who need a refresher:

* February 13, 2018, 11 a.m., WJC North 5530
* February 14, 2018, 2 p.m., WJC North 5530
* February 15, 2018, 11 a.m., WJC North 6530

Contact Bill Bellerose at 202-566-2191 or bellerose.william@epa.gov <mailto:bellerose.william@epa.gov> with any questions about the

AMERICAN OVERSIGHT

Town Hall or drill.

Show Time As Tentative

Please see attached meeting agenda and PowerPoint presentation
SAVE THE DATE: Please note the changed dates, location and duration
Dear RSFLG Under Secretaries and Assistant Secretaries:
As noted during the last RSFLG Under Secretaries meeting, we are changing to a reduced meeting tempo and a slightly longer meeting: meetings will be every other Tuesday, starting January 9th, from 3:30 to 5:00.
Because of renovations to the M-01 Conference room, we are unfortunately also going to have to move to another location. The new location will be 400 C St SW, Room 7NE-208A. The main entrance to 400 C is actually on 4th St SW, just south of C St SW, but if you come in the FEMA main entrance you can reach 400 C by an internal hallway.
Thank you,
Recovery Support Function Leadership Group (RSFLG) Meeting
3:30 – 5:00 p.m. (EST)
FEMA Headquarters
500 C St. SW | Washington DC 20472 | Room: M-01 (Mezzanine Level)
RSFLG Secretariat
Interagency Coordination Division
Recovery Directorate
DHS FEMA
500 C Street SW | Washington DC 20472

Attachments WJC-N ASRD Town Hall Mtg Agenda_01172018.doc
ASD_WJC-N 5th Floor_Print Flyer_B&W.pdf
Show Time As Tentative

Hello, you are invited to attend a Town Hall Meeting about the William Jefferson Clinton (WJC) North Building Active Shooter Response Drill scheduled for February 21, 2018 from 2-4 p.m. on the 5th floor. Please attend the Town Hall to learn more and to ask

AMERICAN OVERSIGHT

questions about the drill.

There are two Town Hall sessions to choose from; choose the one that's best for your schedule:

* Town Hall Meeting (session 1): February 6, 2018, 11 a.m., WJC East 1153

* Town Hall Meeting (session 2): February 8, 2018, 2 p.m., WJC East 1153

Also, in preparation for the drill, there are three Active Shooter Response Training sessions scheduled for staff who've never been trained or for those who need a refresher:

* February 13, 2018, 11 a.m., WJC North 5530
* February 14, 2018, 2 p.m., WJC North 5530
* February 15, 2018, 11 a.m., WJC North 6530

Contact Bill Bellerose at 202-566-2191 or bellerose.william@epa.gov <mailto:bellerose.william@epa.gov> with any questions about the Town Hall or drill.

Subject Session 1: Pre-drill Training for Active Shooter Response
Location WJC North 5530
Importance High
Show Time As Tentative

If you've never attended this training before or you feel you need a refresher, please attend the session that works best for your schedule.

In preparation for the William Jefferson Clinton North (WJC-N) Active Shooter Response Drill, scheduled for February 21, 2018, there are three training sessions available for drill participants to learn about the RUN.HIDE.FIGHT. response options:

- February 13, 2018, 11 a.m., WJC-N 5530
- February 14, 2018, 2 p.m., WJC-N 5530
- February 15, 2018, 11 a.m., WJC-N 6530.

Contact Bill Bellerose at bellerose.william@epa.gov <mailto:bellerose.william@epa.gov> or 202-566-2191 if you have any questions.

Colleagues,

Since we haven't done one of these in a while and have lots of new staff, I thought it'd be nice to schedule some time to all get together. Please forward along to anyone I missed and hope to see many of you there.

Thanks!
Preston

Council members,
Thank you for your emails regarding the request to add mining as a new FAST-41 sector. To address agencies' needs for a discussion and/or more information, I will be scheduling a call for late next week with the goal of agencies sharing their questions/comments with the entire Council and having agencies weigh in on those issues related to their experiences and expertise.

Please be sure you (or your designee) is in attendance on the call so we can discuss and determine whether additional information is needed to prepare Council members for a future vote on the request to add mining as a sector.

Sincerely,
Janet Pfleeger

Note: additional information is in my emails of Jan 16th and Feb 6th

Subject: Ceremonial Swearing-In for Matt Leopold as EPA's General Counsel
When: Monday, February 26, 2018 12:00 PM-1:30 PM (UTC-05:00) Eastern Time (US & Canada).
Where: EPA Headquarters, U.S. EPA Rachel Carson Green Room (1200 Pennslyvania Avenue NW)

Guests,

Please be advised of a slight time change for the Ceremonial Swearing-in of Matt Leopold as EPA's General Counsel on Monday, February 26, 2018. The ceremony is now scheduled for 12:00pm. in the EPA Headquarters, U.S. EPA Rachel Carson Green Room (1200 Pennsylvania Avenue NW). There will be a reception to follow.

AMERICAN OVERSIGHT

Directions for Guests: EPA's address is 1200 Pennsylvania Avenue, NW. Please enter through the William Jefferson Clinton South building. If you are coming by taxi/vehicle, you want to be dropped off on 12th Street NW, between Pennsylvania and Constitution Avenue. The entrance is almost exactly halfway between the two avenues next to the Federal Triangle Metro sign and with the Trump Hotel across the street. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your right. This is the South Lobby entrance to the William Jefferson Clinton building. If you are coming by Metro, exit at the Federal Triangle Metro station, go up the escalators and the South Lobby entrance will be on your left as you exit at the top of the escalators.

Once inside the building, security will prompt you to scan all items such as bags, coats etc.. Please let the guards know that you were instructed to call Carla Veney or Monique Patrick on 564-8040 or 564-8064 to escort you to Matt Leopold's swearing in ceremony. Security will have the visitors passes for everyone.

Allow for 10-15 minutes to get through the process.

EPA Employees: Please bring your ID to show to security at the entrance to the Green Room.

Please rsvp to Carla Veney via veney.carla@epa.gov <mailto:veney.carla@epa.gov> by Feb. 22.

Thank you!

Tuesday, February 27, 2018

Time 10:00 AM – 11:00 AM
Subject Discussion: President's infrastructure Initiative
Location WJC-N 3304C
Show Time As Busy
Sct: Tamika Burton, 564-4711

Per Byron: I'd like to find some time to bring you up to speed on the President's infrastructure initiative, and some of the reforms we have been pursuing to promote land revitalization and economic development. There is also an interagency council on urban development that the White House Domestic Policy Council that Ryan wants you plugged into.

Byron R. Brown
Deputy Chief of Staff for Policy
Office of the Administrator
U.S. Environmental Protection Agency

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: December 20, 2017

Requesting Office: OCFO

Title of the Meeting: Prep for March PMC Meeting

Purpose: To prepare the Acting Deputy Administrator for the March 1 President's Management Council (PMC) meeting.

Role of the Deputy Administrator: To review the agenda, materials, and subject matter for the meeting.

Background: As a member of the PMC, the Acting Deputy Administrator along with other government agency members, have typically advised the President and OMB on government reform initiatives and provide performance and management leadership.

Last possible date for the meeting: February 27.

Is the meeting urgent and if so, why?: N/A

AMERICAN OVERSIGHT

Requested Time Length: 30 minutes

EPA Staff (Required): David Bloom, Howard Osborne, Holly Greaves (OCFO), Donna Vizian, John Showman (OARM), Steven Fine, Harvey Simon (OEI), Henry Darwin, Samantha Dravis, Byron Brown, Shannon Kenny (OA)

EPA Staff (Optional): Diane Kelty/Andrew Cox (OCFO), Lynnann Hitchens/Michael Hardy/Joanne Amorosi (OARM), Lisa Jones-Parra/Megan Grogard (OEI)

External Participants: No

Teleconference Required?: No

Video Conference Required?: No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Please let us know whether or not your principal will be joining us on Thursday, March 1st from 10:00 am to 11:30 PM at EEOB 430ABC for the March President's Management Council Meeting. If they cannot attend, please advise us as to who will be attending in their place by providing their full name and title.

Please see below the WAVES information for the meeting.

Clearance-access instructions for the EEOB:

In order to be cleared for access to the WH/EOP complex, please have all attendees submit their clearance information to WAVES no later than 5PM Thursday, February 22nd at the following link:

[redacted]

AMERICAN OVERSIGHT

[redacted]

Please be sure to use the exact information that is on the state-issued ID, including middle name, on the WAVES form.

Attendees should arrive at the Visitor's Entrance located at 17th St. & State Place (across from the Corcoran Gallery) about 30 minutes prior to the scheduled meeting to ensure that they are cleared into the building prior to the meeting time. Each visitor must present an unexpired, state-issued photo ID that exactly matches his/her submitted clearance information in order to gain access to the complex.

FOUO - Table of OCA OW documents.docx
Show Time As Busy
Update:

Attached is additional briefing material for the 10am meeting on Monday. The meeting is being held in a room that will allow for classified discussion, if needed. Therefore, electronic devices will be collected from you prior to entry.

If you have any questions please email me at glazier.kelly@epa.gov <mailto:glazier.kelly@epa.gov> or call 202 564 0351.

Executive Order 13526 mandates agency heads complete the Fundamental Classification Guidance Review (FCGR), a comprehensive review of the agency's classification guidance, on a periodic basis. The Information Security Oversight Office's (ISOO) March 17, 2016 memorandum gave EPA, and other designated agencies, until June 30, 2017 to complete the FCGR. EPA completed the FCGR, and provided a response to ISOO, on June 27, 2017. As a result of the FCGR, EPA

AMERICAN OVERSIGHT

identified subsequent classification actions necessary for EPA's original classification authority (OCA), the Administrator.

A working group of agency subject matter experts was created to analyze EPA's eight originally classified documents and make recommendations on their classification status. At EPA, only the Administrator/OCA can take a classification action. Before the subject matter experts present their recommendations to the Administrator, Chief of Staff Jackson requested that you be briefed on the recommendations so that you are positioned to advise the Administrator on this matter.

Attached is an unclassified list of the eight documents and the working group's recommendations for each. At this briefing, the subject matter experts will explain the rationale for each of their recommendations. Additional briefing material will be available in advance of the meeting. The eight originally classified documents will be available at the meeting.

If you have questions in the meantime, please contact me at glazier.kelly@epa.gov <mailto:glazier.kelly@epa.gov> or 202 564 0351.

Subject: Army Corps Permitting Modernization
When: Friday, March 16, 2018 3:00 PM-4:00 PM (UTC-05:00) Eastern Time (US & Canada).
Where: EEOB 208 - Cordell Hull

All,

This meeting is a follow up to the meeting convened on March 5th, by Chief of Staff Kelly to discuss challenges facing the Corps of Engineers relative to both permitting of non-Corps projects and development of Civil Works projects. Attendees of the March 5th meeting included Secretaries Pruitt, Perdue and Esper, as well as Mr. James, Assistant Secretary of the Army for Civil Works, and Mr. Gary Cohn, Ms. Emma Doyle, Mr. DJ Gribbin. As discussed, Mr. Cohn and NEC was asked to lead an interagency policy improvement process.

This first meeting is being convened to discuss the Corps permitting processes for Non-Corps projects to include section 408 permissions. The initial framing will involve a "quick look back" on how larger challenges have arisen in the permitting processes and a discussion about how challenges can be addressed moving forward. Participants are expected to think outside of the box in putting forth ideas on how to resolve recurring challenges including streamlining duplicative efforts. A similar meeting to review Civil Works project challenges will be scheduled separately.

Prior to the meeting a document that summarizes challenges will be provided. All guests are allowed a plus one.

RSVP Link for those who need to be cleared into the complex:

Time 3:45 PM – 4:45 PM
Subject Army Corps Permitting Modernization
Location EEOB 212 - Diplomatic Reception Room
Attachments Permitting of Non Corps Projects Overview March 27.pptx
Corps Permitting Potential Policy & Regulatory Actions march 28.docx
Army Corps Permitting PCC Meeting Agenda March 28 2018.docx
Show Time As Tentative

Update: Read Aheads for tomorrow's meeting attached. Thanks!

The purpose of this meeting is to further our discussion relative to modernizing the Corps permitting of Non-Corps projects. We are compiling the input received and expect to provide a document that summarizes opportunities for quick wins, as well as areas requiring additional focused interagency action. Anticipating that we will quickly begin to move out in a prioritized way, please ensure your policy lead also participates in this meeting.

Time 12:30 PM – 1:15 PM
Subject OLEM Workforce Advisory Board (WAB) will be hosting the 2017 OLEM Open
Location Potomac Yard South, First Floor conference room
Show Time As Busy

Dear OLEM Colleagues,

The OLEM Workforce Advisory Board (WAB) will be hosting the 2017 OLEM Open House on Thursday, June 8th, from 10:00 a.m. to 2:00 p.m. in the Potomac Yard South, First Floor conference room. This is a "drop in" event, so please come by anytime and stay as long as you'd like.

The OLEM Open House is an educational event that helps you learn about the important work other offices in OLEM perform. We are a remarkable community, and it's fun to see the amazing colleagues each of us is surrounded by. In addition to OLEM offices explaining their work and accomplishments, there will also be information on: training and development, OLEM's Diversity Program, the Potomac Yard Green Team, Records Management, the Emerging Leaders Network (ELN), and EPA's Health and Fitness Centers (free blood pressure screenings will be provided!)

We have a few other exciting activities planned:

* From 12:00 p.m. to 1:00 p.m. we will be having a 'Bake-Off.' OLEM employees will get the chance to showcase their baking skills, while also providing tasty treats for the event! We encourage all avid bakers to participate (please contact Karen Swetland-Johnson at Swetland-Johnson.Karen@epa.gov <mailto:Swetland-Johnson.Karen@epa.gov> if you are planning to bring in baked goods).
* We will be drawing raffle prizes for Starbucks gift cards throughout the event! You get a raffle ticket for attending and

AMERICAN OVERSIGHT

an additional raffle ticket if you brought in a baked good. The drawings will occur every 30 minutes, but you must be present to receive your gift card.
We have a wonderful event planned, so I hope you will take this opportunity to join us in 'Telling Our Story.'

If you have any questions on the upcoming OLEM Open House, please contact Jennifer McLeod (McLeod.Jennifer@epa.gov <mailto:McLeod.Jennifer@epa.gov> , or [redacted]308-8459).

Location (1100 New York Avenue NW, Suite 200 East, Washington, DC 20005)
Show Time As Busy

To follow up on the note to Tina, below, I included details for the event on June 12 regarding the reorganization executive order—reducing duplication, overlap, fragmentation, and obsolescence.

Below are logistical details and I attached the agenda for the session:

* Date and Time: Monday, June 12 from 8:00 to 11:00 a.m.
* Location: Partnership for Public Service (1100 New York Avenue NW, Suite 200 East, Washington, DC 20005)
* Purpose:

* Hear how PMC Council peers are approaching the task of identifying ideas to reduce duplication in these areas: programs, functions, geography and interdepartmental
* Each CFO Act agency will share their preliminary list of most compelling ideas to reduce duplication
* Dialogue on obvious overlaps within and across departments
* Agree on next steps

Time 8:30 AM - 9:00 AM
Subject Daily Meeting w/Special Assistants

Subject June 2017 Federal Triangle Partnership Diversity Program (open to all employees)
Location United States Department of Commerce's Auditorium (1401 Constitution Avenue NW, Washington, DC 20230)
Show Time As Busy

June 2017 Federal Triangle Partnership Diversity Event

Please join the Federal Triangle Partnership (U.S. Department of Commerce, U.S. Environmental Protection Agency, U.S. Agency for International Development, and U.S. Customs and Border Protection) during their June diversity program on June 19, 2017, from 11:00 a.m. to 12 noon. The Human Rights Campaign's National Press Secretary, Sarah McBride, is the keynote speaker. Ms. McBride became the first openly transgender person to address a major party political convention in 2016.

The June diversity program will be held in the United States Department of Commerce's Auditorium (1401 Constitution Avenue NW, Washington, DC 20230). The event will be available on the EPA's Diversity and Inclusion Intranet site <http://intranet.epa.gov/ohr/diversity_and_inclusion/calendar.html> or via EPAtv <http://intranet.epa.gov/media/video/iptv-on-demand.html> on demand, the following day.

Persons needing reasonable accommodations should contact

Time 12:30 PM – 1:00 PM
Subject Mary Begg's retirement party
Location WJC East 1117A and B
Show Time As Busy

Thank you for RSVP'ing to Mary Begg's retirement party! We look forward to seeing you at noon on June 20 in WJC East 1117A and B. Lunch will be catered by Silver Diner. If you'd like to make any remarks in honor of Mary's wonderful 40 years with EPA, please let me know. Please also feel free to send us any pictures you may have that you'd like us to

include in a slide show.

Suggested donations of $15-$20 will go towards lunch and retirement gifts for Mary. Donations will be accepted through May 20. Please contact Stephanie Griffin <mailto:griffin.stephanie@epa.gov> (202-564-1463), Mitch Sumner <mailto:sumner.mitchell@epa.gov> (202-564-1884), or Sarah Swenson <mailto:swenson.sarah@epa.gov> (202-566-0279) to arrange a time to drop off your donation, or if you have any questions.

Feel free to forward the invitation to others who may want to attend. RSVPs will be accepted through May 20.

Subject Senior Officials Exercise Program: Response to and Recovery from a Major Hurricane

AMERICAN OVERSIGHT

Location	Federal Emergency Management Agency, National Response Coordination Center, Room M-01, 500 C Street, SW
Show Time As	Busy

The exercise, as you'll see below and attached, is now set for 11:45 a.m. - 1:15 p.m. Fri., 6/23, at a FEMA National Response Coordination Center (NRCC) facility here in southwest DC (rather than 2:30 p.m. next Mon., 6/12, at the White House complex, as designated most recently). We're told that the scenario and the background materials are not likely to change, so the pre-briefing held for Mike yesterday (Mon., 6/5), as well as the excellent EPA briefing paper, should continue to serve for 6/23.

Time	10:00 AM - 11:00 AM
Subject	Force Insider Threat Program Assessment 2016 out brief.
Location	EOC SAF BASEMENT
Show Time As	Tentative

Colleagues,

As many of you know, EPA's Office of Homeland Security

AMERICAN OVERSIGHT

helped coordinate the Administrator's approval of a mandatory Insider Threat Program (ITP) policy in mid-September 2016 and we been in the implementation phase of a required Agency ITP, which is behind schedule.

Next Tuesday (June 27), representatives from the Office of the Director of National Intelligence (ODNI) and staff from the National Insider Threat Task Force (NITTF) will be conducting the 2016 annual assessment out brief of our ITP. These interagency colleagues, who monitor our program progress, will provide a classified (SECRET//NOFORN) briefing and read-out of its assessment to EPA, and NITTF has strongly encouraged all of EPA's ITP principal offices to attend.

* The assessment is set from (10-11 a.m.) Tuesday, June 27, in EPA's Emergency Operations Center (EOC) conference room - SAF

The meeting will provide a picture of our current status, identify key areas of future focus and highlight what the agency needs to achieve for Initial Operating Capability and then Full Operating Capability for this program.

Agenda: The agenda for the reassessment onsite discussion will consist of:

- Introductions.
- Assessment Overview (the NITTF Assessment Team will provide a brief overview of the process).
- EPA Insider Threat Program Overview (EPA will provide an overview of our program, updating the Assessment Team on progress since the 2016 assessment).
- Conclusion and Next Steps.

The Assessment Team will be composed of a combination of subject matter experts in insider threat, counterintelligence, assessment methodologies, security, technical solutions, information assurance, and legal SMEs.

If you do not have a SECRET clearance, you may still be able to attend the assessment part of the briefing.
The User Activity Monitoring (UAM) discussion is at the SECRET level and will be briefed separately.

If you have questions, please respond or call me at 202 564-6971 or OHS' Steve Williams at 202 564-6954.

We look forward to your participation.

The annual National Insider Threat Task Force (NITTF), Insider Threat Program Assessment 2016 out brief will be in the ECO SAF.
The large EOC conferee room is under construction and not available for classified discussions.

Show Time As	Busy

Colleagues -
I am pleased to invite you to the upcoming Border Interagency Executive Council (BIEC) Principals meeting on June 27, 2017 from 10:30 a.m. - 11:30 a.m. at 1717 H St., NW Washington, D.C. 20229. The meeting will take place in Conference Rooms B & C on the 7th floor.
Please note that we are requesting Senior Executive representation to serve as your Principal decision maker.
I've attached the draft agenda for your reference, and we will provide background information and documents closer to the date of the meeting.
If your department or agency has not yet provided contact information for your principal-level representative, please provide the person's name, title, and contact information to Bill Scopa at william.r.scopa@cbp.dhs.gov <mailto:william.r.scopa@cbp.dhs.gov> or at 202-863-6554. In addition, please send any questions about meeting logistics or meeting content to Mr. Scopa.
Sincerely,
Kevin McAleenan
Acting Commissioner
U.S. Customs and Border Protection

Subject: OIG Draft Management Alert: C-FERST
Hi Steve,

Mike asked me to reach out to you regarding the attached draft Management Alert: EPA Should Promptly Reassess Community Risk Screening Tool. The draft Alert has one recommendation for the Deputy Administrator:

* Examine all of the EPA's web-based risk screening and mapping tools to ensure the need for each tool and to avoid potential overlap, duplication, and waste.

Mike would like to get your thoughts on the above recommendation, including how many tools this might be and whether or not OEI has done a similar analysis in the past. OIG has asked for a written response by Friday, June 28. Are you available for a short (15-30 min) meeting with Mike tomorrow morning, between 10 am and noon?

Thanks,

Susan

Susan Burden, Ph.D.

AMERICAN OVERSIGHT

EPA-17-0432-E-001790

	Flynn, Mike <Flynn.Mike@epa.gov> Required

Time	12:00 PM - 12:30 PM
Subject	Cybersecurity Executive Order Senior Accountable Official Call
Location	Participant Dial-In: (b) (6) Access Code: (b) (6)
Show Time As	Busy

Good Morning,
You are receiving this email because you have been designated as your agency's Senior Accountable Official for implementation of Executive Order 13800, Strengthening the Cybersecurity of Federal Networks and Critical Infrastructure, under OMB Memorandum M-17-25, Reporting Guidance for Executive Order on Strengthening the Cybersecurity of Federal Networks and Critical Infrastructure. Specifically, the Senior Accountable Official's responsibilities relate to the Risk Management Assessment and NIST Cybersecurity Framework Implementation Action Plan portions of the President's Executive Order.
To ensure consistent understanding of the expectations OMB has for Senior Accountable Officials, and agencies more broadly, OMB will host a Senior Accountable Official call on Monday, July 10, 12:00 - 12:30PM. During this call we will discuss upcoming deliverables, such as the July 14 deadline for both responding to the FY 2017 Quarter 3 FISMA CIO metrics and submitting your agency's NIST Cybersecurity Framework Implementation Action Plan, and answer questions related to the risk management assessment process. The tentative agenda is as follows:

* Introduction
* Agency Risk Management Assessments (due July 14)
* OMB/DHS Process for Assessing Agency Submissions
* Senior Accountable Official Letter (due August 9)
* NIST Cybersecurity Framework Implementation Plan due (July 14)
* Questions

A calendar invitation with the dial-in details will follow shortly.
Thank you, and please let me know if you have any questions.
Grant
Grant Schneider
Acting Federal Chief Information Security Officer
Office of Management and Budget
Executive Office of the President

Subject: [SCHEDULING REQUEST] Government Reform EPA-OMB July Meeting

Hello Mr. Flynn and Mrs. Greaves,

Thank you for all of your work that has already gone into M-17-22, the Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce. As you are aware, we expect your agency to submit a high-level draft of their Agency Reform Plan by June 30th, 2017. We are requesting a firm hold for a meeting time for July 17th, from 3:00 PM to 4:30 PM at the Eisenhower Executive Office Building to discuss your agency's submission with the relevant OMB principals. There will be more details to follow in regards to this meeting, but please confirm with us that this time has been reserved with the Deputy Secretary and/or necessary principals from your agency.

We are looking forward to continue working together throughout this process.

Thank you,

Hi everyone -

The 2017 ECOS-EPA Leadership Meeting provides an opportunity, following Monday's ECOS STEP meeting, for open and robust dialogue on the federal-state relationship with the ECOS Executive Committee. It is expected that as many as 20 to 25 State Environmental Commissioners, Secretaries and Directors plan to attend. An agenda is being finalized and will be available shortly.

If you have any questions or would like additional information

Subject Senior Leadership Council Meeting - Day 1, PM only
Location WJC-N 3rd Floor, The Green Room
Show Time As Busy
Hi everyone –

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform

AMERICAN OVERSIGHT

decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive and invitation for each day since the times vary. In addition, invitations to the +1s for Wednesday, 7/19, will be sent separately.

If you have any questions please do not hesitate to reach out to Mike Flynn or me.

Thank you, Robin

AMERICAN OVERSIGHT

Subject Senior Leadership Council Meeting - Day 2
Location WJC-N 3rd Floor, The Green Room
Show Time As Busy

Hi everyone -

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive and invitation for each day since the times vary. In addition, invitations to the +1s for Wednesday, 7/19, will be sent separately.

If you have any questions please do not hesitate to reach out to Mike Flynn or me.

Thank you, Robin

OMB will host a second conference call for Senior Accountable Officials responsible for implementing Executive Order 13800 "Strengthening the Cybersecurity of Federal Networks and Critical Infrastructure," on Tuesday, August 1, at 11:00 AM. The purpose of the call is to discuss Senior Accountable Official deliverables due on August 9 and to answer any questions regarding the Agency Risk Management Assessments that OMB and DHS will provide agencies on July 28. The tentative agenda is as follows:

* Introduction
* Agency Risk Management Assessments (returned to agencies July 28)
* Providing OMB and DHS with Comments/Questions
* Senior Accountable Official Letter (due August 9)
* Risk Determination Report and Recommendations to the President
* Questions

<https://www.google.com/calendar/event?action=VIEW&eid=bmU3bGVzb29jZzRsbWdrcXVyZjdhZmxjMXMgZmx5bm4ubWlrZUBlcGEuZ292&tok=NjAjZ3NhLmdvdl82bDdibTBhb2kxNzh0MDB1dTVvdGJwM2w1Z0Bncm91cC5jYWxlbmRhci5nb29nbGUuY29tMTYyZjJlMTJkZjhiOGIyYTkxMmMzMzcwN2RjYWFmMGVhYmU3YjAyYw&ctz=America/New_York&hl=en>

Changed: NEW LOCATION: July President's Management Council Meeting

Changed: NEW LOCATION: The July 27 PMC Meeting will be held at GSA, 1800 F Street NW, in the Historic Administrator's Suite, 6th floor, Room 6159. The time of the meeting is still 10:00 a.m. to 12:00 p.m.

Use GSA's F Street NW Entrance (Address: 1800 F Street NW). Present your Government ID to security and then make your way to the GSA Historic Administrator's Suite (6th floor, Room 6159). Signs will direct you to Historic Administrator's Suite.

There is no clearance process to access the GSA building. However, if you have not already done so, please email pmc.support@gsa.gov <mailto:pmc.support@gsa.gov> with your name and the name of your plus-one (if you are bringing one) so we can give security a list to expedite your entrance to the building.

AMERICAN OVERSIGHT

Time	11:00 AM - 12:00 PM
Subject	Senior Accountable Official call
Location	Participant Dial-In: [redacted] Access Code (used by host and participants): [redacted]
Show Time As	Busy

OMB will host a second conference call for Senior Accountable Officials responsible for implementing Executive Order 13800 "Strengthening the Cybersecurity of Federal Networks and Critical Infrastructure," on Tuesday, August 1, at 11:00 AM. The purpose of the call is to discuss Senior Accountable Official deliverables due on August 9 and to answer any questions regarding the Agency Risk Management Assessments that OMB and DHS will provide agencies on July 28. The tentative agenda is as follows:

* Introduction
* Agency Risk Management Assessments (returned to agencies July 28)
* Providing OMB and DHS with Comments/Questions
* Senior Accountable Official Letter (due August 9)
* Risk Determination Report and Recommendations to the President
* Questions

If you have any questions, please email the OMB Cyber mailbox at [redacted] <mailto:[redacted] .

Show Time As Busy

Time 1:30 PM – 2:15 PM
Subject Cyber Executive Order Response
Location WJC-N 3412
Show Time As Busy

Point of Contact for the Meeting: Lisa Jones-Parra, (202) 566-1157
SCt: Denise Anderson, 564-1782

Purpose: To discuss the written response due on August 9th to the risk assessment performed by DHS and OMB.

Background: OMB's Memorandum M-17-25, Reporting Guidance for Executive Order on Strengthening the Cybersecurity of Federal Networks and Critical Infrastructure, requires agencies to submit two deliverables on July 14, 17. They are: (1) the FY 2017 Quarter 3 FISMA CIO Metrics, and (2) an Action Plan for implementing the Framework for Improving Critical Infrastructure Cybersecurity. DHS and OMB will use this information to provide an assessment to agencies for review no later than July 28, 2017. Agencies then have to submit a written response signed by the agency designated senior accountable official (Mike Flynn for EPA) that describes how the agency plans to accept, avoid, transfer, or mitigate outstanding risks.

Role of the Deputy Administrator: Approve the written response as the senior accountable official for EPA

AMERICAN OVERSIGHT

Date for meeting: Any time between August 2 and August 7, 2017

EPA Staff (Required):
* Steve Fine, Acting AA for OEI

Meeting with Associate Deputy James Cason, U.S. Department of the Interior

POC: Catherine Gulac, 202-208-1739,
catherine_gulac@ios.doi.gov
<mailto:catherine_gulac@ios.doi.gov>

Invitees:
Ms. Ellen Herbst (Contact: Debra Barnes - 202-482-1022)
Mr. Dan Jiron (Contact: Amanda Lockwood, 202-720-7173)
Mr. Gib Owen ([redacted]695-4641)
EPA Deputy Secretary Mike Flynn (Contact: Mr. Greg Peck)

From: Cason, James >
Date: Wed, Aug 2, 2017 at 5:53 PM
Subject: Re: Federal Alignment Effort - Army POC
To: "Lamont, Douglas W SES (US)" >
Cc: "Owen, Gib A CIV USARMY HQDA ASA CW (US)" >, "Hansen, Eric V SES USARMY HQDA ASA CW (US)" >, Catherine Gulac >, Scott Hommel >, Downey Magallanes >

Doug,
Thank you so much for the contact information. I enjoyed the meeting with you and your staff.
Cathy (my executive assistant) will be reaching out to Mr. Owen to get him involved in a meeting next week to discuss the reorganization proposal in more detail. Weare reaching out to our counterparts, USDA, Commerce, EPA, & ACE, to join DOI to discuss our proposal in detail. We will work to keep you and the other principals informed.
I look forward to working with you in the future.
Jim Cason
Associate Deputy Secretary
(202) 208-6291
(202) 706-9033 (cell)

On Wed, Aug 2, 2017 at 1:04 PM, Lamont, Douglas W SES (US) > wrote:
Jim--It was good meeting you and Secretary Zinke yesterday and discussing the conceptual Federal alignment effort. As promised, I am providing you with a name of who will be my direct representative for the effort we discussed. Mr. Gib Owen will lead this effort and will coordinate with others in my office and the US Army Corps of Engineers, as appropriate. If there are other questions or issues regarding government reform efforts, Mr. Eric Hansen, my deputy for management and budget, is my lead on those issues.

Mr. Owen's contact information is gib.a.owen.civ@mail.mil <mailto:gib.a.owen.civ@mail.mil> < Caution-

Subject: WIPP PARTY!
When: Thursday, August 10, 2017 12:00 PM-2:00 PM (UTC-05:00) Eastern Time (US & Canada).
Where: DCRoomWEST1209/DC-EPA-West-OPM

Please respond today, if you haven't already! We'd like to get a final headcount.

Hello, RPD!

After an intense few months, we managed to WHIP out a WIPP recertification. Come join the WIPP team in ROOM 1209 West to help us celebrate this accomplishment. We'll have lunch (food TBD) ready for this event so prepare for a certifiably great time.

<mailto:Gilbride.Patrick@epa.gov> >
Subject: follow-up information related to my voicemail on C-FERST response

Hi Susan -

Per the voice message I left you yesterday morning, I wanted to follow-up with additional information.

Our final report was reviewed by our Deputy Inspector General, Chuck Sheehan, who had a couple of questions on the agency's responses to our recommendations. I summarized Chuck's question on your office's response below.

* OIG Recommendation #5 (emphasis added):
* Examine all of the EPA's web-based risk screening and mapping tools to ensure the need for each tool and to avoid potential overlap, duplication and waste.
* OA's Response:
* I agree that EPA's web-based risk screening and mapping tools should be developed to meet the targeted users' needs and, where possible, build on existing tools to avoid duplication and reduce waste. The EPA's Office of Environmental Information has mechanisms in place for coordinating mapping tools and data services across the agency. For example, OEI leads the EPA Geospatial Advisory Committee, which is the advisory board for the EPA's geospatial program overall and has representation from almost all programs and regions. OEI also leads the GeoPlatform Change Control and Operational Management Board. Programmatic groups developing applications that use EPA's GeoPlatform shared service and/or new enterprise geodata services are invited to discuss issues like consistency and re-using shared services. I have asked OEI and the Chief Information Officer to review their existing policies and procedures to ensure that sufficient mechanisms are in place to identify potential overlap or duplication during the development or modification of any web-based risk screening and mapping tools. With respect to existing web-based risk screening and mapping tools, the agency has developed a 4-Tool Comparison Chart to guide users to the tool or tools that will best serve their needs. The chart includes C-FERST as well as EJSCREEN, NATA, and EnviroAtlas, and is available at https://www.epa.gov/ejscreen/epa-4-tool-comparison-chart <https://www.epa.gov/ejscreen/epa-4-tool-comparison-chart>
.
* Summary of Chuck's Question:
* Chuck asked whether the planned actions will, in addition to identifying potential overlap or duplication, also speak to the first part of the recommendation on ensuring the need for the tool. Since the response focuses mostly on overlap/duplication, he wants some assurance that "need" is also a consideration within the corrective actions.

In response to Chuck's question, we are not looking for a new/revised response from Mike Flynn (unless that's something you all want to do), rather an email reply to Pat and I suffices that addresses Chuck's question and provides assurance that your office's planned corrective actions will address the "need" piece as well.

AMERICAN OVERSIGHT

Certainly all of this may be easier to discuss over the phone. I'm available today and tomorrow at 303-312-6871. I'm out the early part of next week but Pat is available then at 303-312-6969. Ideally we'd like to close the loop on this as soon as possible (but no later than within a week) since our final report is very close to issuance.

Thanks for your continued assistance on this,
Erin

Subject: follow-up information related to my voicemail on C-FERST response

AMERICAN OVERSIGHT

Hi Susan -

Per the voice message I left you yesterday morning, I wanted to follow-up with additional information.

Our final report was reviewed by our Deputy Inspector General, Chuck Sheehan, who had a couple of questions on the agency's responses to our recommendations. I summarized Chuck's question on your office's response below.

* OIG Recommendation #5 (emphasis added):
o Examine all of the EPA's web-based risk screening and mapping tools to ensure the need for each tool and to avoid potential overlap, duplication and waste.
* OA's Response:
o I agree that EPA's web-based risk screening and mapping tools should be developed to meet the targeted users' needs and, where possible, build on existing tools to avoid duplication and reduce waste. The EPA's Office of Environmental Information has mechanisms in place for coordinating mapping tools and data services across the agency. For example, OEI leads the EPA Geospatial Advisory Committee, which is the advisory board for the EPA's geospatial program overall and has representation from almost all programs and regions. OEI also leads the GeoPlatform Change Control and Operational Management Board. Programmatic groups developing applications that use EPA's GeoPlatform shared service and/or new enterprise geodata services are invited to discuss issues like consistency and re-using shared services. I have asked OEI and the Chief Information Officer to review their existing policies and procedures to ensure that sufficient mechanisms are in place to identify potential overlap or duplication during the development or modification of any web-based risk screening and mapping tools. With respect to existing web-based risk screening and mapping tools, the agency has developed a 4-Tool Comparison Chart to guide users to the tool or tools that will best serve their needs. The chart includes C-FERST as well as EJSCREEN, NATA, and EnviroAtlas, and is available at https://www.epa.gov/ejscreen/epa-4-tool-comparison-chart.
* Summary of Chuck's Question:
o Chuck asked whether the planned actions will, in addition to identifying potential overlap or duplication, also speak to the first part of the recommendation on ensuring the need for the tool. Since the response focuses mostly on overlap/duplication, he wants some assurance that "need" is also a consideration within the corrective actions.

In response to Chuck's question, we are not looking for a new/revised response from Mike Flynn (unless that's something you all want to do), rather an email reply to Pat and I suffices that addresses Chuck's question and provides assurance that your office's planned corrective actions will address the "need" piece as well.

Certainly all of this may be easier to discuss over the phone. I'm available today and tomorrow at 303-312-6871. I'm out the early part of next week but Pat is available then at 303-312-6969. Ideally we'd like to close the loop on this as soon as possible (but no later than within a week) since our final report

AMERICAN OVERSIGHT

is very close to issuance.

Thanks for your continued assistance on this,
Erin

Location DCRoomARN3530CFTB/DC-Ariel-Rios-AO
Show Time As Busy

Call In # [redacted] / Code [redacted]

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Purpose: Joint prep for 8/25 Tribal and 8/29 ECOS calls on EPA's FY 2019 Budget

Role of the Deputy Administrator: To facilitate input from tribal and state leadership on their respective priorities for EPA's FY 2019 budget.

AMERICAN OVERSIGHT

Background: EPA traditionally meets with tribal and state leaders for planning the upcoming budget.

Last possible date for the meeting: Prior to Friday, August 25, 11 AM, when EPA's call with National Tribal Caucus (NTC) officers is scheduled.

Is the meeting urgent and if so, why?: The internal pre-brief needs to take place before the actual calls which are scheduled on 8/25 and 8/29.

Requested Time Length: 1 hour

EPA Staff (Required): Henry Darwin, Holly Greaves, David Bloom, Howard Osborne, Carol Terris, Kathy O'Brien, Jane Nishida, Felicia Wright, Robin Richardson, Troy Lyons, Ken Wagner

EPA Staff (Optional): Maria Williams, Malena Brookshire, Aaron Kocian, Emily Heller, Mike Weckesser, Andrea Barbery, Mike Oskinski

Teleconference Required?: Yes

EPA HURRICANE HARVEY EXECUTIVE UPDATE

[redacted] CODE 2146652200#

AMERICAN OVERSIGHT

When speaking please identify yourself and organization.
Please MUTE your telephone when you are not speaking.

WELCOME REMARKS - Sam Coleman, Acting Regional Administrator

WEATHER/STORM FORECAST -

NOAA tracks the storm and up-to-date information is available at http://www.nhc.noaa.gov/ .

MANDATORY EVACUTION UPDATE -

Update of local jurisdiction Reports

FUEL AVAILABILITY UPDATE -

Update of State Reports

STATE/TRIBAL FEMA ASSISTANCE REQUEST STATUS -

As of today, FEMA has not received any assistance requests from the states of Texas or federally recognized tribes. Texas Governor Abbott has declared state of disaster for 30 counties. Louisiana Governor John Bel Edwards declared a state of emergency for the entire state of Louisiana in anticipation of severe weather as a result of Hurricane Harvey.

EPA READINESS/PREPAREDNESS -

While EPA has not been formally tasked by FEMA at the request of impacted states or tribes, EPA is

SUPERFUND NPL SITE STATUS -

In preparation for severe weather impacts, EPA assesses conditions at the NPL Superfund sites in the storm's pathway to identify potential impacts and countermeasures. Following the storm and receding floodwaters, EPA conducts rapid assessments to identify damage at sites and initiate cleanup plans if necessary.

PRIMARY INDUSTRIAL FACILITIES -

In preparation for severe weather impacts, EPA assesses

AMERICAN OVERSIGHT

conditions at the major industrial facilities in the storm's pathway to identify potential impacts and countermeasures. Following the storm and receding floodwaters, spills and releases are reported to the National Response Center. NRC notifies US Coast Guard or EPA based on preapproved jurisdiction boundaries. EPA conducts follow up inspections and damage assessments in response to reports within EPA jurisdiction.

PUBLIC WATER SYSTEM STATUS -

About 300 Public Water Systems are in the path (red zone) of Hurricane Harvey in Texas. Water systems often have problems due to flooding or loss of power during Hurricanes. Region 6 has developed a tracking system for us to identify systems in the storm's pathway. Both Texas Commission on Environmental Quality and Louisiana Department of Hospitals have uploaded their potentially impacted systems into Response Manager which enables planning for rapid assessments to restore water systems after the storm passes and flood waters recede.

EMERGENCY FUEL WAIVER STATUS -

The typical emergency fuel waiver request follows a path something like the following. An industry member will identify a failure in the fuel distribution system or at a refinery and raise it to Kurt, DOE and/or the state and Region. Since gas stations typically take deliveries two to three times per week, we normally have 24-72 hours before the system failure will lead to a retail shortage. In that time, the EPA/DOE team will hold calls with the potentially impacted state and industry to validate the issue and confirm relief is justified. Once an issue has been identified, the state air director on behalf of the governor will make a request for specific relief. The OECA team drafts a letter granting the relief for the Administrator's signature. DOE and OAR give concurrence on the letter and it is sent to the Administrator for signature. The signed waiver is quickly then disseminated to the impact states and industry members. The EPA press team will also issue a press release to increase awareness of the actions being taken to address potential fuel shortages.

COMMUNICATIONS UPDATE -

DHS Public Affairs initiated the National Incident Communications Conference Line on Thursday, August 24 and calls continue daily. The NICCL is a standing conference line designated, maintained, and supported by DHS Public Affairs as the primary means for interagency incident communications information sharing during an incident requiring Federal coordination. DHS Public Affairs provides guidance to Federal interagency public affairs headquarters staffs and affected authorities through the NICCL.

Time 8:00 AM – 11:00 AM
Subject Annual Presidential Environmental Education Awards Ceremony
Show Time As Busy

DATE: August 28, 2017
LOCATION: Herbert C. Hoover Building Auditorium
1401 Constitution Ave. NW, Washington, DC
EVENT TIME: 8:30-11:45 AM
YOUR TIME: 9:00-11:45 AM
FROM: Susan Burden

Hi Denise,

On Monday 8/28/17, the Office of Environmental Education is hosting our annual Presidential Environmental Education Awards ceremony in the auditorium of the Commerce Building. We will be honoring outstanding science teachers and students from across the country. The event runs from 9AM until noon (may end up being shorter). We extended an invite to the Administrator and it is on his calendar now. However, his schedule seems pretty fluid and I think it would be wise for Mike to hold the time/date as a back-up speaker. In addition to Mr. Pruitt, a senior leader from NOAA, the head of sustainability for Toyota USA, and a President of an Educational NGO are also speaking.

Can you hold this time for Mike? If he would like a quick briefing, I would be happy to drop by anytime.

Tom Brennan
Acting-Associate Administrator, Office of Public Engagement and Environmental Education

Colleagues –
I am pleased to invite you to the upcoming Border Interagency Executive Council (BIEC) Principals meeting on August 28 from 2:30 – 3:30 p.m. at 1717 H St., NW Washington, D.C. 20229. The meeting will take place in Conference Rooms B and C on the 7th floor.
Please note that we are requesting Senior Executive representation to serve as your Principal decision maker.
The BIEC Principals Agenda follows:
1. Welcome, Introductions, and June Principals Meeting Recap
2. U.S. Fish and Wildlife Service (FWS) ITDS Read Out
3. International Trade Data System (ITDS) Board of Directors – Path Forward
4. Single Window Sustainment
5. Targeting, Access, and Optimization for 1USG (TAO-1)
6. BIEC Principals Next Steps and Closing Remarks
My team will be providing high-level issue papers in advance of the meeting.
If your department or agency has not yet provided contact information for your Principal-level representative, please provide the person's name, title, and contact information to Stephanie.E.George@cbp.dhs.gov <mailto:Stephanie.E.George@cbp.dhs.gov> . In addition, please send any questions about meeting logistics or meeting content to Ms. George.
Sincerely,

AMERICAN OVERSIGHT

Subject	General Discussion
Location	WJC-N 3412
Show Time As	Busy

Attendees

Name <E-mail>	Attendance
Flynn, Mike <Flynn.Mike@epa.gov>	Organizer
Reeder, John <Reeder.John@epa.gov>	Required
Allen, Reginald <Allen.Reginald@epa.gov>	Required

Time	2:30 PM - 4:30 PM
Subject	John Heffelfinger is Retiring!
Location	WJC West Rooms 1426 and 1428
Show Time As	Busy

Amazing things happened in 1976:

* Apple Computer was formed by Steve Jobs and Steve Wozniak. Their first computer sold for $666.
* The ink-jet printer was invented.
* John Heffelfinger started working at EPA on November 7.
* One Flew Over the Cuckoo's Nest won the Academy Award for Best Picture.
* Jimmy Carter won the presidential election.
* Silly Love Songs was the top song of the year according to Billboard.

Now, after 41 years of service, John is retiring from EPA.

Join us in celebrating John and all that he has contributed to our lives and our collective work!

When: August 29, 2017, 2:30-4:30 pm

Where: WJC West, Rooms 1426 and 1428 (1301 Constitution Avenue, NW)

Gift contributions are welcome. Please contact Michelle Mandolia (mandolia.michelle@epa.gov <mailto:mandolia.michelle@epa.gov>) if you would like to contribute.

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: 9/7/2017

Requesting Office: OCFO/OB

Title of the Meeting: FY 2019 OMB Submission Agency Briefing

Purpose: OMB Briefing on the FY 2019 Budget Submission

Role of the Acting Deputy Administrator: To brief OMB on the

AMERICAN OVERSIGHT

highlights of the Agency's budget submission.

Background: The FY 2019 Agency's budget is due to OMB on September 11, 2017. Annually the DA and other EPA senior leadership brief OMB on highlights of the Agency's budget submission.

Last possible date for the meeting: 9/15/2017, 2:00 pm - 3:00 pm (include 30 minutes before and after the meeting for transportation to and from OMB)

Is the meeting urgent and if so, why? Yes. OMB has indicated that the last date for this briefing is
September 15, 2017. Subsequent NPM Briefings cannot begin until the Agency's meeting is completed.

Requested Time Length: 2 hours (this includes travel time of 30 minutes before and 30 minutes after the meeting)

EPA Staff (Required): Henry Darwin, David Bloom, Holly Greaves, Howard Osborne, Kathy O'Brien, Carol Terris, Maria Williams, Malena Brookshire, Beth Baden

EPA Staff (Optional): N/A

External Participants: N/A

Teleconference Required? No

Video Conference Required? No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Attendees

AMERICAN OVERSIGHT

9/18/2017 - Update

EPA Colleagues -

I'm adding a few last-minute PowerPoint slides for those of you on the phone.

Dave Kling

****

EPA Colleagues -

I've scheduled a meeting on the nation's disaster recovery framework and EPA's various recovery program activities, as indicated in my note earlier today (Tues., 9/12, which is attached).

My apologies for scheduling this meeting at noon Monday (9/18), just before the EPA Senior Staff meeting, but your busy calendars did not afford any good common time over the next week or so. The meeting is particularly important for Samantha, Lee, Patrick, Troy and other members of our political team, who have less experience with this subject, so if they (or their designees) are unable to attend, I'll reschedule.

My attached message includes several attachments, including a short summary and talking points on EPA's recovery program activities.

Finally, I've provided a call-in number for our Regional colleagues and others who must participate that way.

Call me at 202 564-0317 if you have questions.

****

Location WJC-N 3412
Show Time As Busy

Internal Meeting Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: 9/14/17

Requesting Office: OCFO/OPAA

Title of the Meeting: Risk-Based Decision Making at EPA: FY 2017 Risk Analysis Results and Next Steps

Purpose: Provide an overview of results from the FY 2017 Risk Assessments, and propose an approach for senior leader enterprise risk ranking. Consider how the enterprise risks inform the upcoming quarterly performance reviews and discuss next steps.

Role of the Acting Deputy Administrator: Review and provide feedback on results and proposed next steps.

Background: The FY 2017 risk assessments build on progress EPA made in FY 2016 to incorporate the consideration of risk in agency planning, budgeting, and accountability decision making. Senior leaders from program offices and regions, with the support of risk liaisons, were responsible for completing risk assessments for the agency's draft strategic objectives in the FY 2018-2022 EPA Strategic Plan revision. OCFO analyzed the universe of risks from the completed risk assessments for the agency's strategic goals, noting key themes and potential

AMERICAN OVERSIGHT

areas for senior leader attention. Senior leaders will use the analyses to identify and rank the most significant risks to the agency, identifying the top enterprise risks. This focused effort will help us proactively identify actions we can take to improve the outcome of agency objectives and reduce the potential negative impact of threats.

Is the meeting urgent and if so, why?: The meeting is requested on September 22, 25 or 26.

Requested Time Length: 45min

EPA Staff (Required): Henry Darwin, David Bloom, Howard Osborne, Holly Greaves, Kathy O'Brien, Malena Brookshire, Hayley Gross, Jahan Francois

EPA Staff (Optional):

External Participants:

Teleconference Required?: No

Video Conference Required?: No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Subject General discussion: Real Property Efficiency Plan
Location WJC-N 3412
Show Time As Busy

Sct: Tamika Burton, 564-4711

Subject: EPA's Real Property Efficiency Plan
Hi Henry,

AMERICAN OVERSIGHT

Each year we are required to submit our real property plan to GSA and OMB. The plan needs to be signed by the Deputy Administrator. It is consistent with the plan we needed to send forward in April under the new Federal Sale and Transfer Act. This Act Requires every agency to identify space it can release. Mike is going to stop by tomorrow to chat with you about it.

Please let me or Marian know if you need anything.

Thanks.

Time 10:00 PM – 11:00 PM
Subject OHS Weekly Meeting- Farewell to David Kling
Location 6426-c
Show Time As Busy

Mike, Regi,

If you both can make it to next week's OHS weekly meeting, I would appreciate your support. I will present David with a plaque of appreciation for his service to the Nation and Agency.

You can show up around 10:30 as to not take up your valuable time.

Thanks

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: 9/20/17

Requesting Office: OCFO/IO

Title of the Meeting: Briefing OMB on EPA's Reform Plan

Purpose: To present to OMB EPA's reform plan that was submitted with the FY 2019 OMB Budget Submission.

Role of the Deputy Administrator: To present the reform plan and lead the discussion with OMB providing insight and feedback as necessary.

Background: OMB requested this in-person briefing at OMB.

Last possible date for the meeting: OMB has scheduled this meeting for Friday, September 29, 2017, from 1:00-2 pm in the New Executive Office Building, Room 9258.

Is the meeting urgent and if so, why?: Yes, because the reform plan is part of the FY 2019 Budget Submission and OMB requires further discussion.

Requested Time Length: One hour

EPA Staff (Required): Henry Darwin, Holly Greaves, Byron Brown, Donna Vizian, Shannon Kenny, Steven Fine, and David Bloom

EPA Staff (Optional): Sharnett Willis, Kimberly Wheeler,

AMERICAN OVERSIGHT

Roberta White, Susan Jacks, Rita Wilson

External Participants: Scott Burgess and other OMB Participants

Teleconference Required? No, OMB requires in-person attendance. By COB Monday, September 25, 2017, please complete the WAVES information @ [redacted]

Video Conference Required?: No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Location WJC-N 3412
Show Time As Busy

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

AMERICAN OVERSIGHT

Requesting Office: OCFO/OB

Title of the Meeting: FY 2018 FTE Planning

Purpose: To start the discussion on the FTE Ceiling for the FY 2018 Enacted Budget.

Role of the Acting Deputy Administrator: To provide guidance or decisions on the process for establishing the FTE ceiling for FY 2018.

Background: The House markup EPA's FY 2018 appropriation is significantly less than the FY 2017 enacted budget. The Senate has not marked up EPA's appropriation yet. EPA needs to start to plan for the FTE ceiling in FY 2018 under a reduced budget scenario.

Last possible date for the meeting: 10/4/17

Is the meeting urgent and if so, why?: no

Requested Time Length: 60 minutes

EPA Staff (Required): David Bloom, Howard Osborne, Holly Greaves, Carol Terris, Maria Williams

EPA Staff (Optional): Beth Baden, Janet Remmers

External Participants: no

Teleconference Required?: no

Video Conference Required?: no

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Sct: Tamika Burton c/o of Lissa Jones-Parra

Internal Meeting/Briefing Request Form for the
Acting Deputy Administrator

Today's Date: 9/12/17

Requesting Office: OEI

Title of the Meeting: Annual FISMA Report Review and Signoff Pre-meeting

Purpose: To pre-brief the Deputy Administrator on the annual Federal Information Security Management Act (FISMA) Report before meeting with the Administrator

AMERICAN OVERSIGHT

Role of the Deputy Administrator: To concur with the report in preparation for the meeting with the Administrator.

Background: This is an annual requirement. The FISMA is the legislation that defines a comprehensive framework to protect government information, operations and assets against natural or man-made threats. The act requires the head of each agency to conduct annual reviews of information security programs. Once the letter is signed by the Administrator, it is sent to OMB for approval and then submitted to Congress typically in the December/January timeframe.

Date for meeting: This meeting should be scheduled any time between

Is the meeting urgent? No

Requested Time Length: 30 minutes

National Tribal Operations Committee (NTOC)

Agenda • October 11, 2017
EPA Rachel Carson Green Room
1200 Pennsylvania Ave. NW, Washington, D.C.

_____

9:00 – 9:45 am Welcome and Invocation
* Invocation and Introductions
* Opening remarks from Scott Pruitt, EPA Administrator and NTOC Co-Chair
* Opening remarks from Evaristo Cruz, National Tribal Caucus (NTC) Chair and NTOC Co-Chair

9:45 – 10:00 am Reaffirmation of the 1984 Indian Policy
* NTOC Co-Chairs: Scott Pruitt, Administrator, EPA; and Evaristo Cruz, National Tribal Caucus Chair

Cooperative Federalism

10:00 – 11:00 am I. Launching a New Era of Tribal, State and Local Partnerships

AMERICAN OVERSIGHT

Goal of Session: Define what cooperative federalism means for EPA, tribal governments and states, and partnership opportunities available as co-regulators under the 1984 Indian Policy.

* Remarks from Ken Wagner, EPA Senior Advisor to the Administrator for Regional and State Affairs
* Remarks from Evaristo Cruz, NTC Chair and NTOC Co-Chair
* Remarks from Alexandra Dapolito Dunn, Environmental Council of States (ECOS) Executive Director
* Discussion with EPA, NTC and ECOS

11:00 - 12:15 pm II. Streamlining Environmental Management

Goal of Session: Share information on EPA's role in protecting human health and the environment through implementation of cooperative federalism models. Topics will include EPA-Tribal Environmental Partnerships (ETEPs) and Treatment as a State (TAS).

* Jane Nishida, Acting Assistant Administrator for the Office of International and Tribal Affairs
* EPA Regional Speaker TBD
* Paula Britton, NTC
* Discussion with EPA and NTC

12:15 - 12:45 pm Working Lunch

* Box lunches will be provided for all NTOC participants for a fee

12:45 - 1:25 pm Implementing Key Administration Priorities: Superfund

Goal of Session: Discuss recommendations that will streamline and improve the Superfund program and how the renewed focus will affect tribal communities.

* Kell Kelly, Senior Advisor to the Administrator for Superfund
* Gerald Wagner, NTC
* Discussion with EPA and NTC

1:25 - 1:45 pm Long-Term Planning

Goal of Session: NTC to communicate FY 2019 budget and priorities for long-term planning. Align most essential focus areas outlined within the strategic plan.

* Budget and Priorities for Tribal Governments, NTC

AMERICAN OVERSIGHT

* Discussion with EPA and NTC

1:45 – 2:00 pm Wrap-Up

* Summarize Action Items and Next Steps
* Closing Remarks

Time 12:30 PM – 1:00 PM
Subject Executive Time: Do Not Schedule

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: 10/13/2017

Requesting Office: OB/OCFO

Title of the Meeting: FY 2018 Interim FTE Ceiling

Purpose: To review materials for a presentation at the 1st Assistants meeting on the considerations for the FY 2018 Interim FTE Ceiling.

Role of the Deputy Administrator: Provide input on the draft presentation for the FY 2018 Interim FTE Ceiling

Background: After the initial meeting with leadership on the FY 2018 FTE Ceiling we are developing options for how to allocate the new ceiling.

Last possible date for the meeting: 10/16/2017

Is the meeting urgent and if so, why? Yes, a decision has been

AMERICAN OVERSIGHT

made on the new ceiling level and details are needed to determine FTE allocation.

Requested Time Length: 30 minutes

EPA Staff (Required): Mike Flynn, David Bloom, Holly Greaves, Howard Osborne, Carol Terris

EPA Staff (Optional): Maria Williams, Beth Baden

External Participants: N/A

Teleconference Required? No

Video Conference Required? No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

AMERICAN OVERSIGHT

Show Time As	Busy

Good afternoon Mr. Flynn,

My name is Jackie, and I am the development intern at ELI.

Last week, your formal invitation to the Environmental Law Institute's Annual Award Dinner was mailed to your office. This year, ELI will honor the Administrator for the United Nations Development Programme, Mr. Achim Steiner, for his leadership and contributions to international environmental development and sustainability.

Attached is a copy a of your letter invitation with more information. Please RSVP as soon as possible by replying to this email or emailing our Development Director, Melodie DeMulling, at demulling@eli.org <mailto:demulling@eli.org> .

Thank you, and we look forward to welcoming you to the Award Dinner on October 18th.

Warm regards,

Jacqueline Lopez
Development Intern
Environmental Law Institute

From: FN-NSC-PCDCMeetings
Sent: Tuesday, October 17, 2017 1:50 PM
To: FN-NSC-[redacted] <mailto:FN-NSC-[redacted]>
Subject: PC on Hurricane Recovery Framework, 10/20, 10-11:00 AM

Good Afternoon,

There will be a Principals Committee meeting on Hurricane Recovery Framework on Friday, October 20, 2017, from 10:00-11:00 a.m. in the White House Situation Room. Please call [redacted] for participation or with any questions.
Please note that ALL participants MUST have an active TOP SECRET/SCI clearance to attend. Please confirm receipt and participation as soon as possible. Please reply to NSC invitations and use the following format to submit participation:
Meeting: PC on (Date) at (Time)
Participant (including title):
Reason for Principal unavailability if applicable (specify conflict):
Justification for additional participants (if requested):
SVTS site (if requested):
Please note, requested participation is always Principal only in person unless otherwise specified.
Please also note that when submitting participants for consideration the current title of each individual should be provided every time you submit the participant for a meeting. When submitting a participant for the first time, please provide their full WAVES information for clearance. If the Principal (or equivalent) is unable to attend the meeting, please provide a reason for unavailability (e.g., testifying on the Hill, on leave, on travel, etc.) Please also copy FN-[redacted] <mailto:FN-[redacted]> when sending emails to our office.

George Caram | Staff Officer

From: FN-NSC-PCDCMeetings
Sent: Monday, October 23, 2017 9:32 PM
To: FN-NSC-[redacted] <mailto:FN-NSC-[redacted]>
Subject: PC on Hurricane Recovery Framework, 10/27, 10-11:30 AM

There will be a Principals Committee meeting on Hurricane Recovery Framework on Friday, October 27, 2017, from 10:00-11:30 a.m. in the White House Situation Room. Please call [redacted] for participation or with any questions.
Please note that ALL participants MUST have an active TOP SECRET/SCI clearance to attend. Please confirm receipt and participation as soon as possible. Please reply to NSC invitations and use the following format to submit participation:
Meeting: PC on (Date) at (Time)
Participant (including title):
Reason for Principal unavailability if applicable (specify conflict):
Justification for additional participants (if requested):
SVTS site (if requested):
Please note, requested participation is always Principal only in person unless otherwise specified.
Please also note that when submitting participants for consideration the current title of each individual should be provided every time you submit the participant for a meeting. When submitting a participant for the first time, please provide their full WAVES information for clearance. If the Principal (or equivalent) is unable to attend the meeting, please provide a reason for unavailability (e.g., testifying on the Hill, on leave, on travel, etc.) Please also copy FN-[redacted] <mailto:FN-[redacted]> when sending emails to our office.

Subject FY 2018 Interim FTE Ceiling Feedback
Location WJC-N 3412
Show Time As Busy

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: 10/12/2017

Requesting Office: OB/OCFO

Title of the Meeting: FY 2018 Interim FTE Ceiling

Purpose: To discuss Agency feedback on the methodology for allocating the interim FTE target level for FY 2018.

Role of the Deputy Administrator: To provide input prior to briefing Chief of Staff, Ryan Jackson

Background: We obtained feedback from the 1st Assistants on the allocation methodology for the Interim FY 2018 FTE target Level. We are providing feedback and recommendations for a final decision on the allocation.

Last possible date for the meeting: 10/31/2017. A meeting is also being scheduled with Chief of Staff, Ryan Jackson following this meeting.

Is the meeting urgent and if so, why? Yes, a decision is needed for the Interim FTE allocation to provide guidance to offices to inform hiring decisions during the Continuing Resolution through December 8th.

Requested Time Length: 30 minutes

EPA Staff (Required): Mike Flynn, David Bloom, Holly Greaves, Howard Osborne, Carol Terris, Maria Williams

EPA Staff (Optional): Beth Baden, Janet Remmers

External Participants: N/A

Teleconference Required? No

AMERICAN OVERSIGHT

Title

Veterans Day 2017 Commemoration

Location

In person at HQ: WJC East, Room 1153; Remote viewing via EPAtv

Start Time

11/8/2017 10:30 AM

End Time

11/8/2017 11:30 AM

Comments

This year's theme is, "To Care for Him Who Shall Have Born the Battle." We are honored to have as our keynote speaker our own Mr. Reginald Allen, Director of the Office of Administrative and Executive Services in the Administrator's Office. Prior to joining EPA, Mr. Allen had a distinguished career in the U.S. Army.

Phone lines will not be available for this event, but there are two opportunities for remote viewing:

1. EPAtv broadcast at 10:30 a.m. EDT on Nov. 8.

EPAtv broadcast = https://epatv.epa.gov <https://epatv.epa.gov/>
Please remember that EPAtv broadcasts are available using only Internet Explorer while on the EPA network and cannot be accessed remotely.

2. EPAtv On-demand posting after 12 p.m. EDT on Nov. 9. (This is the expected time of availability, but it is subject to change.) The EPAtv On-demand link: http://intranet.epa.gov/media/video/iptv-on-demand.html

AMERICAN OVERSIGHT

People needing reasonable accommodations should contact Kristin P. Tropp at 202-559-0006.

We look forward to seeing you there.

From: "Allen, Reginald" <Allen.Reginald@epa.gov <mailto:Allen.Reginald@epa.gov> >
Date: November 3, 2017 at 1:24:46 PM EDT
To: AO PUBLIC GROUPS <AO_PUBLIC_GROUPS@epa.gov <mailto:AO_PUBLIC_GROUPS@epa.gov> >
Subject: Time Sensitive-- Mandatory Cyber Security Stand Down Teammates

Acting Deputy Administrator Mike Flynn announced that the Agency would be conducting Cybersecurity Stand-Down events starting in the month of October and concluding in early November.

What is a "Stand-Down"?
A Cybersecurity Stand-Down is a time for employees to focus on security, resilience, and privacy. This year's theme is Spam, and will have several training opportunities beginning next week.

When will event take place?
The stand-down will occur from November 6th – 9th , 2017. Session should last about one hour. Attendance will be taken to provide OAES with a percentage of participation in the sessions. You are free to come to any mandatory sessions.

How will you participate?
During the stand-down you will watch a video on the importance of cybersecurity at EPA, participate in an interactive activity, and engage with your colleagues about keeping information secure.

What is Cybersecurity?
Cybersecurity impacts all of us when we go online, use our mobile device or tablet, or use a cloud-based service. We all interact with various tools designed to protect your personal information. It is critical for everyone to understand cybersecurity and our role in being safe while staying connected to minimize the chance of an incident.

AMERICAN OVERSIGHT

EPA continues to incorporates several measures to protect our data and computing environment. For more information about EPA 's cybersecurity program is available at http://intranet.epa.gov/oei/Cybersecurity.html.

If you have any information security related questions or concerns, please contact Ganiat Aiyegoro, AO Primary Information Security Officer, at 202-566-1798 or James Howard, Information Management Official at 202-564-0407.
All sessions will be located in the WJCN 2530. The session times are as follows:

Monday, November 6, 2017 at 10:00 am to 11:00 am, 11:00 am to 12:00 pm, 1:00 pm to 2:00 pm, 2:00 pm to 3:00 pm, and 3:00 pm to 4:00 pm.
Tuesday, November 7, 2017 at 10:00 am to 11:00 am, 11:00 am to 12:00 pm, and 1:00 pm to 2:00 pm.
Wednesday, November 8, 2017 at 10:00 am to 11:00 am, 11:00 am to 12:00 pm, and 1:00 pm to 2:00 pm.
Thursday, November 9, 2017 at 10:00 am to 11:00 am, 11:00 am to 12:00 pm, 1:00 pm to 2:00 pm, 2:00 pm to 3:00 pm, and 3:00 pm to 4:00 pm.

Please attend one of the sessions above.

Thanks
Reggie

Time	9:45 AM - 10:15 AM
Subject	Region 6 Spreadsheet Review
Location	Via Teleconference
Show Time As	Busy

To discuss Region 6's spreadsheet.

AMERICAN OVERSIGHT

The spreadsheet as submitted has the following Outliers:

- The Region is over their bonus pool by $2,532.

- The available shares (shares are part of the mathematical calculation for the pay increase) for a rating of Outstanding are 8 - 10. Honker, who has an Outstanding, was only given 7 shares.

Location 3402 WJC-N / Call in number (b)(6) code (b)(6)
Show Time As Busy

Colleagues,

I am writing to engage you in the next critical step for developing the FY 2018-2022 EPA Strategic Plan—setting ambitious targets for the 27 strategic measures and two-year targets for the nine designated measures for FY 2018-2019 Agency Priority Goals (APGs), as well as developing Data Quality Records for each strategic measure.

To get us started, I am asking that you propose ambitious targets for your strategic measures and APGs. When proposing your targets, please keep in mind that we have identified the strategic measures for areas that we would like to get significantly better as an agency. Think beyond incremental changes to past targets in setting the strategic measure targets. These are the "we are going to send man to the moon and back" types of targets. Picture yourself presenting your targets to an audience of either the customers or taxpayers who would benefit from the target's improvements. Your goal is to receive a standing ovation. Nothing less will be accepted. As an example, the Administrator has set a goal of reducing EPA permitting times below six months. The customers of our permitting processes who have heard this are ecstatic. Remember, we will be using lean to achieve the targets, so not knowing how you are going to reach them is not only alright, but expected. I would much rather us fail in reaching a truly ambitious targets, than achieve not-so-ambitious targets.

I will soon be scheduling meetings in November for us to

AMERICAN OVERSIGHT

discuss your proposed targets. I would appreciate receiving proposed targets from lead offices (NPMs/Lead Regions), using the attached template two business days before our scheduled meeting. For cross-cutting strategic measures, lead offices should engage with other contributing offices. NPMs will engage Lead Regions in target setting, relying on Lead Regions to facilitate input from regions and information sharing with NPMs. My goal is to finalize agreements on strategic measure targets by December 8 for inclusion in the final draft Strategic Plan due to OMB by December 22.

By December 8, I also ask lead offices to complete Data Quality Records (DQRs) for each strategic measure using the attached streamlined DQR form; please provide completed, signed form to Judy Lieberman in OCFO. The DQRs document key information for our measures, including source data, data limitations, and the methodology for calculating results. For cross-cutting strategic measures, lead offices should engage with other contributing offices. Please note that the DQRs will be publicly available, and will help facilitate our discussion with OMB.

The ambitious targets for strategic measures will guide development of ambitious targets for the corresponding annual measures in EPA's FY 2019 Annual Performance Plan and Congressional Justification (CJ). Please note that OCFO will provide agency guidance for finalizing annual budget measures and targets by mid-November.

A summary of the major milestones is provided below. I look forward to working with you on this critical work to finalize our Strategic Plan over the next several weeks. Please let me know if you have any questions.

Thank you,

Henry

Major Milestones

Internal Meeting Request Form for
Chief of Operations Henry Darwin

Today's Date: 11/8/2017

Requesting Office: OCFO/OPAA

Title of the Meeting: FY 2017 Enterprise Risk Ranking Results and Next Steps

Purpose: Discuss FY 2017 enterprise risk ranking results and the alignment between enterprise risks, reform areas, and strategic measures. Review proposed timeline and agree on next steps.

Role of the Chief of Operations: Provide feedback and advice on results and next steps.

AMERICAN OVERSIGHT

Background: The FY 2017 risk assessments build on progress EPA made in FY 2016 to incorporate the consideration of risk in agency planning, budgeting, and accountability into decision making. Senior leaders conducted risk assessments using a new agency tool for 11 strategic objectives in draft FY 2018-2022 EPA Strategic Plan. OCFO analyzed the universe of risks and the identified significant risks from the completed risk assessments. Senior leaders then ranked the 27 identified significant risks from October 26 to November 3 to determine the enterprise risks for the agency.

Is the meeting urgent and if so, why?: The meeting is requested for November 16, and no later than November 22, in order to inform next steps on the enterprise risks and accountability.

Requested Time Length: 30min

EPA Staff (Required): Mike Flynn, David Bloom, Howard Osborne, Holly Greaves, Kathy O'Brien, Malena Brookshire, Hayley Gross, Jahan Francois

EPA Staff (Optional): N/A

External Participants: N/A

Teleconference Required?: No

Video Conference Required?: No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Subject Lean Management System: Business Review Training with ADA/COO Henry Darwin - Please RSVP

Location Green Room

Show Time As Busy

On Monday, November 27, Henry Darwin will provide one-hour training on the EPA Lean Management System (ELMS) business review process. The business review is the monthly meeting to review progress on a program or regional office's strategic measures and mission measures. ADA/COO Darwin will participate in each office's business review meeting on a regular basis according to a set schedule.

The training will cover the use of bowling charts to structure business review meetings, standard work for the meetings, and tools for managing challenges identified at the meetings.

This training will be videorecorded and made available to all EPA employees. We will have space for 40 people in the Green Room. If you plan to attend this training session in person, please accept this meeting invitation and send an email to Kevin DeBell (debell.kevin@epa.gov <mailto:debell.kevin@epa.gov>) by noon on Wednesday, November 22. Please clarify if you plan to bring additional staff members.

Please contact Kevin DeBell with any questions.

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: 10/31/17

Requesting Office: OCFO/OB

Title of the Meeting: FY 2018 Pre-Planning for Operating Plan –

AMERICAN OVERSIGHT

with Acting Deputy Administrator

Purpose: To start the discussion on the FY 2018 Enacted Operating Plan.

Role of the Acting Deputy Administrator: To be informed on the process and timing for developing the FY 2018 Enacted Operating Plan

Background: The Continuing Resolution is through December 8, 2018. Once Congress passes a final appropriation bill, EPA usually has 30 days to create the operating plan for submission to Congress.

Last possible date for the meeting: Would like the meeting scheduled between 11/9/17 and 11/14/17. Additional meetings are being scheduled with the Acting CFO prior to this meeting and with the COS following this meeting.

Is the meeting urgent and if so, why?: no

Requested Time Length: 60 minutes

EPA Staff (Required): David Bloom, Howard Osborne, Holly Greaves, Carol Terris, Maria Williams

EPA Staff (Optional): Beth Baden, Janet Remmers

External Participants: no

Teleconference Required?: no

Video Conference Required?: no

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Attendees

Time 2:00 PM – 4:00 PM
Subject OEI Holiday Dessert Party
Location EPA West 5th Floor Elevator Lobby
Show Time As Busy

This is being sent to all OEI employees in DC

This Tuesday from 2-4 PM, you are invited to socialize with your OEI colleagues and have some fun. The event will include

AMERICAN OVERSIGHT

live music by OEI talent and perhaps some group games along with delicious desserts and a beverage of your choice.

Note: Each office should bring a dessert for every 6-8 people (in that office); soft drinks and beer/wine in sufficient quantity for themselves (or elves); as well as ice chests and ice to keep the drinks cold.

Dessert and drink contributions from each office should be dropped off to 5th-floor WJC-West between noon and 1:30 PM on Tuesday the 12th.

11/14/2017 update: will present the award approximately 10:10 am. Thanks.

POC: Kim Wheeler, 564-1877

Good Morning-

We have a proposed date of Thursday, December 14th for the OARM Honor Awards Ceremony. We are hoping Mike Flynn would be able to participate as the Acting Deputy Administrator to speak and distribute the 30 and 40 Years of Service awards. There isn't a set time at the moment but usually occurs in the morning. I would ask to hold 10-11 am. It may only require 30 minutes of his time. Please let me know if he would be available. Thank you.

Kimberly L. Wheeler

Additional materials attached

SCT: Tamika Burton, 564-4711

Good afternoon BIEC colleagues,

This afternoon (12/4), CBP distributed the BIEC Principals Single Window Sustainment (SWS) Decision Memorandum and accompanying attachments for review and comment. As detailed in the following communication, the BIEC Principals are requested to submit responses to CBP via email to Acting CBP Commissioner McAleenan, ACTINGCOMMISSIONERMCALEENAN@cbp.dhs.gov <mailto:ACTINGCOMMISSIONERMCALEENAN@cbp.dhs.gov> , and CBP Office of Trade Executive Director John Leonard, John.P.Leonard@cbp.dhs.gov <mailto:John.P.Leonard@cbp.dhs.gov> , by Friday, December 22, 2017. CBP will confirm receipt of Principals' comments by Wednesday, January 3, 2018.

Please direct any inquiries your department or agency may have to Executive Director Leonard prior to the December 22 submission deadline.
Thank you all for your continued support of the BIEC.

Subject Alan Perrin Happy Hour --- Elephant and Castle bar
Location Across the street on Penn Ave.
Show Time As Tentative

Hey Folks---

We will plan a retirement send-off and celebration for Alan Perrin sometime mid-January to late January, but for now let's give him a happy hour goodbye before he checks out from EPA (you can checkout anytime you like but you can never leave…).

I will have reservations for a space in the bar area of Elephant and Castle and we can order drinks –and appetizers—as folks see fit. Everyone will have his or her own tab and we can take turns buying drinks for Alan. Ho, ho, ho.

AMERICAN OVERSIGHT

Please stop by if you are able and hoist one in honor of Alan....

Subject: (U) Classified eWash
Importance: High

UNCLASSIFIED//FOR OFFICIAL USE ONLY

(U//FOUO) EPA has received a classified (SECRET/NOFORN) eWash for a Paper DC. EPA must review and reply NLT 5PM on Wednesday, 20 December. The subject is classified.

(U) It is not clear EPA has major equities on this subject, however there is an action for all D/A to reply by the deadline.

R/SW

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: December 12, 2017

Requesting Office: Office of Human Resources, Office of Administration and Resources Management

Title of the Meeting: Distinguished Speaker Series at an OHR All Hands Meeting

Purpose: The purpose of the OHR All Hands meeting is to bring OHR staff together on a regular basis to meet new employees, learn about each division, and share updates that impact OHR employees.

Role of the Acting Deputy Administrator: Distinguished Speaker

AMERICAN OVERSIGHT

Background: Last year, using the Office of General Counsel's best practice for employee engagement, the Planning, Policy and Training Division in OHR created a tiger team (the "PPTD Problem Solvers") to identify and address PPTD employees' concerns and interests. PPTD employees agreed they would like to learn about the impact that OHR-HQ work has had and will continue to have across the agency. This interest led to the inception of the "OHR Distinguished Speaker" series wherein senior leaders from across the agency (and maybe from outside of EPA) would be invited to share stories about the ways in which OHR-HQ has served as a value-added partner to their organization. This focus on OHR's past support of the agency's mission would help OHR staff understand their prospective role in the future EPA and the impact of their work from a perspective other than their own.

Given his depth and breadth of experience as a senior leader in the agency, the Acting Deputy Administrator is invited to be the first distinguished speaker to address the OHR community. OHR is asking the Deputy Administrator to:
- Provide a brief overview of his role as the Deputy Administrator;
- Talk about some of the challenges and successes he has had as a leader across EPA and how human resources has played into those events;
- Describe some of the ways in which OHR-HQ influences and supports his current, former and future work - the decisions he has been able to make using OHR data, the solutions he has found as a result of partnering with OHR-HQ, and the ways in which he anticipates partnering with OHR-HQ in the future, and;
- Lead an open question and answer discussion.

Last possible date for the meeting: Prefer January 16, 17 or 18, 2018.

Is the meeting urgent and if so, why?: No

Requested Time Length: 30 minutes to include presentation and then time for open dialogue/Q&A

EPA Staff (Required): All Office of Human Resources Staff

EPA Staff (Optional):

External Participants: None

Teleconference Required?: Yes, several OHR staff are expected to participate by phone

Video Conference Required?: No

Point of Contact for the Meeting: Claire Milam (milam.claire@epa.gov <mailto:milam.claire@epa.gov> , 202 564 7582).

Location WJC-N 6330
Show Time As Busy

Hi everyone!

Ron Slotkin is leaving EPA at the end of the month after 29 years at the agency.

We're organizing an informal farewell social tomorrow -- Thursday, January 25 -- in WJC-N 6330 from 10:30 to 12:30.

We hope you'll stop by to wish him well. Thanks!

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: 1/12/2018

Requesting Office: OCFO

AMERICAN OVERSIGHT

Title of the Meeting: FY 2018 Enterprise Risk-Based Decision Making and Quarterly Performance Reviews

Purpose: Discuss the purpose and proposed approach for the FY 2018 Guidance for Enterprise Risk-Based Decision Making at EPA which integrates strategic reviews and management integrity internal controls, as well as recommended options for carrying out the Quarterly Performance Reviews.

Role of the Deputy Administrator: To review and approve the approach.

Background: The FY 2018 Guidance for Enterprise Risk-Based Decision Making at EPA integrates the Agency's Strategic Reviews and management integrity internal control reviews. The results of the reviews are reviewed with senior leaders during the Quarterly Performance Reviews.

Last possible date for the meeting: 1/19/2018

Show Time As	Tentative

Colleagues -
I am pleased to invite you to the upcoming Border Interagency Executive Council (BIEC) Principals meeting on January 30 from 10:00 - 11:30 a.m. at 1717 H St., NW Washington, D.C. 20229. The meeting will take place in Conference Rooms A and B on the 7th floor.
Please note that we are requesting Senior Executive representation to serve as your Principal decision maker.
My team will be providing high-level issue papers in advance of the meeting.
If your department or agency has not yet provided contact information for your Principal-level representative, please provide the person's name, title, and contact information to CBP Office of Trade, Executive Director, John Leonard, John.P.Leonard@cbp.dhs.gov <mailto:John.P.Leonard@cbp.dhs.gov> . In addition, please send any questions about meeting logistics or meeting content to XD Leonard.
Sincerely,
Kevin K. McAleenan
Acting Commissioner
U.S. Customs and Border Protection

The EPA bldg is located at 1200 Pennsylvania avenue, you will enter the North Building.

AMERICAN OVERSIGHT

If you are taking the Metro you would arrive at Federal Triangle and the North Building is at the top of the escalators to your right as you exit.
Once you arrive you will have to go through security for screening and check-in at the front desk. Please let the guard know that you will be going to the Deputy Administrators office and they will contact me to escort you up.

If you have any questions please feel free to contact me.

See you this evening,
Tamika Burton

Time 11:00 AM – 12:00 PM
Subject 2018 African American History Month event (Federal Triangle Partnership)
Location U.S. Department of Commerce's Auditorium (1401 Constitution Ave NW, Washington, DC 20230)
Show Time As Busy

The 2018 African American Heritage Month theme is “African Americans in Times of War.” The Federal Triangle Partnership -- comprised of the U.S. Department of Commerce, U.S. Environmental Protection Agency, U.S. Agency for International Development, and U.S. Customs and Border Protection – has planned a celebratory event in support of this year’s theme. The AAHM celebration will take place on Tuesday, Feb 27, 2018, from 11:00 am to 12:00 noon, in the U.S. Department of Commerce’s Auditorium. The keynote speaker will be Brigadier General J.R. Gorham (Ret), Army National Guard. General Gorham was the first black officer to be commissioned as Brigadier General of the North Carolina Army National Guard and is the author of “Sharecropper’s Wisdom: Growing Today’s Leaders the Old Fashion Way.”

For additional information, please contact Lester Facey, facey.lester@epa.gov <mailto:facey.lester@epa.gov> , 202-566-1321.

AMERICAN OVERSIGHT

People needing reasonable accommodations should contact Kristin P. Tropp at (202) 559-0006 or tropp.kristin@epa.gov <mailto:tropp.kristin@epa.gov> .

Location 1153 WJC East
Show Time As Busy

Dear HQ 2017 CFC Team,

Thank you for all you did for the 2017 CFC!

I would like to invite and encourage you to attend the EPA 2017 CFC Thank You/Awards event on February 28, 2:00pm-3:00pm in room 1153 WJC East. At this event the Office of Water and I want to personally thank you for your dedicated work during the 2017 campaign, especially in this challenging year. I am proud of your leadership and thanks to your efforts, EPA succeeded in raising $600,000 to help many in need.

So I hope you come celebrate with us EPA's success, support your colleagues who are receiving awards and enjoy some light refreshments.

If you have not already sent an RSVP, please send email your RSVP to Jini Mohanty, the EPA CFC Campaign Manager no later than noon on February 27.

Internal Meeting/Briefing Request Form for the
Acting Deputy Administrator

Today's Date:
January 25, 2018

Requesting Office: Office of Water

Title of the Meeting: 2017 Combined Federal Campaign Thank You/Awards Event

Purpose:
To thank EPA CFC coordinators and keyworkers and recognize office and campaign worker efforts.

Benita Best-Wong is the Vice Chair for the Campaign.

Background:
For over 55 years, the Combined Federal Campaign (CFC) has provided Federal employees nationally with an opportunity to support causes they care about through the workplace. The CFC is the world's largest and most successful workplace giving campaign, raising more than $8 billion since its inception.

Last possible date for the meeting:
Feb. 28 between 2pm and 4pm is being requested.

Is the meeting urgent and if so why?
This meeting is not urgent, but the Deputy Administrator's presence is important as the Administrator is typically considered the Honorary Chair of the EPA CFC Campaign.

Requested Time/Length:
1 hour to be present, deliver remarks (approximately 5 minutes) and hand out awards and certificates.

EPA Staff (Required):
Only EPA CFC Team and AAs and DAAs of winning offices will be invited.

EPA Staff (Optional):
See above

External Participants:
The Associate Director of the National Capital Area CFC may

AMERICAN OVERSIGHT

speak for a few minutes.

Teleconference Required?
No.

Video Conference Required?:
(If so please provide the conference room name to be used for video connection)

Point of Contact for the Meeting:
Jini Mohanty, EPA CFC Manager, Office of Water, mohanty.jini@epa.gov <mailto:mohanty.jini@epa.gov> , 202-564-5269

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: December 20, 2017

Requesting Office: OCFO

AMERICAN OVERSIGHT

Title of the Meeting: Prep for March PMC Meeting

Purpose: To prepare the Acting Deputy Administrator for the March 1 President's Management Council (PMC) meeting.

Role of the Deputy Administrator: To review the agenda, materials, and subject matter for the meeting.

Background: As a member of the PMC, the Acting Deputy Administrator along with other government agency members, have typically advised the President and OMB on government reform initiatives and provide performance and management leadership.

Last possible date for the meeting: February 27.

Is the meeting urgent and if so, why?: N/A

Requested Time Length: 30 minutes

EPA Staff (Required): David Bloom, Howard Osborne, Holly Greaves (OCFO), Donna Vizian, John Showman (OARM), Steven Fine, Harvey Simon (OEI), Henry Darwin, Samantha Dravis, Byron Brown, Shannon Kenny (OA)

EPA Staff (Optional): Diane Kelty/Andrew Cox (OCFO), Lynnann Hitchens/Michael Hardy/Joanne Amorosi (OARM), Lisa Jones-Parra/Megan Grogard (OEI)

External Participants: No

Teleconference Required?: No

Video Conference Required?: No

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Please let us know whether or not your principal will be joining us on Thursday, March 1st from 10:00 am to 11:30 PM at EEOB 430ABC for the March President's Management Council Meeting. If they cannot attend, please advise us as to who will be attending in their place by providing their full name and title.

Please see below the WAVES information for the meeting.

Clearance-access instructions for the EEOB:

In order to be cleared for access to the WH/EOP complex, please have all attendees submit their clearance information to WAVES no later than 5PM Thursday, February 22nd at the following link:

Please be sure to use the exact information that is on the

AMERICAN OVERSIGHT

state-issued ID, including middle name, on the WAVES form.

Attendees should arrive at the Visitor's Entrance located at 17th St. & State Place (across from the Corcoran Gallery) about 30 minutes prior to the scheduled meeting to ensure that they are cleared into the building prior to the meeting time. Each visitor must present an unexpired, state-issued photo ID that exactly matches his/her submitted clearance information in order to gain access to the complex.

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

Today's Date: 3/13/2018

Requesting Office: Office of Chief Financial Officer

Title of the Meeting: Pre-Planning for the FY 2018 Operating

AMERICAN OVERSIGHT

Plan

Purpose: The purpose of the meeting is to discuss the FY 2018 operating plan process and options.

Role of the Acting Deputy Administrator: To be informed on the process and timing for developing the FY 2018 Enacted Budget.

Background: The Continuing Resolution is through March 23, 2018. After Congress passes a final appropriation bill, the EPA has 30 days to create the operating plan for submission to Congress.

Last possible date for the meeting: Would like the meeting scheduled on March 19, 2018 or March 20, 2018.

Is the meeting urgent and if so, why?: Yes. EPA must create the operating plan and submit it to Congress within 30 days of an appropriation.

Requested Time Length: 60 minutes

EPA Staff (Required): Henry Darwin, Steven Fine (OEI), David Bloom, Howard Osborne, Paige Hanson, Carol Terris, Maria Williams

EPA Staff (Optional): Beth Baden, Janet Remmers

External Participants: no

Teleconference Required?: no

Video Conference Required?: no

Point of Contact for the Meeting: Sheila Benson (202-564-1151)/Rita Wilson (202-564-1152)

Attendees	Name <E-mail>	Attendance

Internal Meeting/Briefing Request Form for
Acting Deputy Administrator Mike Flynn

AMERICAN OVERSIGHT

Today's Date: 3/23/18

Requesting Office: Office of Chief Financial Officer

Title of the Meeting: FY 2018 Operating Plan Funding Adjustments and Decisions

Purpose: To review programmatic funding adjustments and carryover decisions for the FY 2018 Enacted Operating Plan

Role of the Acting Deputy Administrator: To make decisions for the FY 2018 Enacted Operating Plan

Background: After Congress passes a final appropriation bill, EPA has 30 days to create the operating plan for submission to Congress.

Last possible date for the meeting: Would like the meeting scheduled on March 28, 2018.

Is the meeting urgent and if so, why?: yes. EPA must create the operating plan and submit it to Congress within 30 days.

Requested Time Length: 60 minutes

EPA Staff (Required): Holly Greaves, David Bloom, Howard Osborne, Paige Hanson, Henry Darwin, Carol Terris, Maria Williams, Steven Fine

EPA Staff (Optional): Beth Baden

External Participants: no

Teleconference Required?: no

AMERICAN OVERSIGHT

Katherine,

Attached please find EPA's production of calendar attachments as you requested.

In addition to the attached EPA is withholding the following records in full under Ex. 5 deliberative process privilege:

- CERCLA Hardrock Mining Final Action FAR doc Oct-20-2017.pdf
- Gold King Mine NM Mediation Briefing Paper 1.24.18 (pm version).pdf
- Irma PCC Objectives9_12_17.pdf
- Irma-Maria PCC Objectives10_02_17.pdf
- PENDING SES INFO Mar 1.pdf

The following records were referred to other government agencies for direct response to you:

- Hurricane Irma and Maria_Spot Report_FED_20170929.pdf (DHS)
- Attachment 2) PMIAA Law Summary by DOI.pdf (DOI)
- FEMA Senior Leadership Brief – MARIA IRMA and HARVEY 0500 ET – 2 Oct 17.pdf (FEMA)
- FEMA+SLB+-+Irma+and+Harvey+%28Sept+12+-+0500%29.pdf (FEMA)
- Attachment 5) OMB Implementation Approach for PMIAA.pdf (OMB)

The following records are pending a consultation with other government entities. EPA will update you on a status of the consultation process:

- 171213 Broadband EO One Page.pdf
- 171218 Rural Broadband Policy Coordinating Committee Agenda.pdf
- Attachment 1) OCFO PMIAA One Pager Analysis.pdf
- Attachment 4) September PMC – PMIAA prototype.pdf
- Executive Order.Broadband Policy Coordination Committee.Draft.CLEAN.v_5…..pdf

Please let me know if you have any questions.

OVERSIGHT

From: Keith, Jennie
To: Ford, Hayley
Subject: (ETHICS) Federalist Convention - Friday, November 17
Date: Wednesday, November 8, 2017 8:56:32 AM

Haley,

The speaking engagement on Friday is okay. His speech precedes a ticketed luncheon, so if he is offered the luncheon, HE MAY NOT ACCEPT, unless he pays. Because the lunch is a ticketed event, it qualifies as a separate gift. The Federalist Society is not a federally registered lobbyist.

Is he planning on attending any other conference events on Friday? I will send guidance regarding the Thursday evening reception in a separate email.

Thanks!
Jennie for OGC/Ethics

Subject: Ethics Approval: Federalist Society Nov 16 and 17

Hello Jennie and Justina,

The Administrator will speak at the Federalist Society in DC on Friday, Nov 17 (info attached). The evening before, he was invited to a reception and dinner which he will attend. Can you do your ethics review on this and let me know if you need a POC for additional questions?

It's ok if he attends the reception/dinner in his personal capacity. Just looking for your guidance.

Also feel free to address this Monday.

Thank you!

Hayley Ford

AMERICAN OVERSIGHT

From: Keith, Jennie
To: Ford, Hayley
Cc: Keith, Jennie
Subject: (ETHICS) November 29 - American Principles Project Foundation Gala
Date: Wednesday, November 29, 2017 4:39:33 PM

Hi Haley,

This advice memorializes the several conversations and emails we exchanged with the host of the American Principles Project Gala over the past two months. The APP Foundation has asked the Administrator to be one of its featured speakers at its annual gala. This is a fundraising event. Per my approval and clearance of the event earlier this month, he may provide the official speech and accept its Human Dignity Award. Please see detailed guidance below.

Best, Jennie for OGC/Ethics

Delivering an official speech

Because this is a fundraising event, generally the ethics rules prohibit the use of your official position for the private gain of another - therefore, a nonprofit hosting a fundraising event cannot intend to attract more people to the event by promoting the Federal employee's presence at the event. However, the ethics rules do not prohibit an employee from participating in his official capacity at a fundraising event if the employee is delivering an "official speech." An official speech means a speech given by an employee in his official capacity on a subject matter that relates to his official duties, provided that the Agency has determined that the event provides an appropriate forum for the dissemination of the information to be presented and provided that the official does not request donations or other support for the nonprofit organization. The subject matter relates to official duties if it focuses specifically on the employee's official duties, on the responsibilities, programs, or operations of the Agency, or on matters of Administration policy on which he has been authorized to speak. Per our conversations, the Administrator will be delivering an official speech, discussing his federalist approach in his role as EPA Administrator.

Acceptance of Free Attendance (including meals)

Because the official has been invited to speak and present information on behalf of the agency, acceptance of free attendance and any meals provided at the event is not considered a gift. The official's participation in the event is viewed as a customary and necessary part of his performance of the event and does not involve a gift to him or to the agency.

AMERICAN OVERSIGHT

Limitations Due to the Fundraiser Event

As for other limitations, the organization may not use or reference the Administrator's official position or title or any authority associated with his public office in furtherance of the fundraising effort. The organization may factually refer to the EPA Administrator, however, his name and title cannot be connected to the fundraising pitch. For example, if APP Foundation sends out save-the-date material, it cannot encourage people to buy tickets because the EPA Administrator will be a guest speaker. Factual information about the Administrator's participation must be separate from the fundraising efforts. OGC has coordinated with the host of the event to explain what's appropriate including counseling regarding the communication materials the organization developed.

At the event itself, the Administrator may not actively or visibly participate in the promotion, production, or presentation of the event such as standing in a reception line. He may not encourage attendees to donate to the organization.

Gift Exception for Awards and Honorary Degrees

The host will also present its Human Dignity Award to the Administrator, an award given annually in recognition of its mission and values. Generally, federal employees are prohibited from accepting gifts given because of their official position or given by a prohibited source. In this instance, this is a gift offered because of the employee's official position. There are numerous exceptions to the general rule which allow employees to accept some gifts; specifically, there is a gift exception for awards and honorary degrees that allows employees to accept a bona fide award that is given for meritorious public service or achievement. OGC/Ethics has determined that this award meets this gift exception. Additionally, other than a memento commemorating the event and the award (which is of little intrinsic value and therefore, fits an exclusion under the gift rules), we are not aware of any other gifts associated with this award. Finally, the White House Ethics Pledge does not allow political appointees to accept gifts from registered lobbyists, but this person is not a registered lobbyist or lobbying organization, therefore the Ethics Pledge is not implicated.

Financial Disclosure Implications

There are no financial disclosure reporting obligations because any gift is valued under the $375 reporting threshold.

External Meeting Request Form for
Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Today's Date: August 28, 2017

Meeting Date:
Sept. 15- morning
Sept. 25
Sept. 26
Sept. 29-afternoon

Meeting Time:
Sept. 15- morning
Sept. 25
Sept. 26
Sept. 29-afternoon

Requested Location (if offsite, please list address, parking instructions, etc.): EPA DC office

Requestor: Mimi Braniff, Managing Director for Delta Air Lines on behalf of:
1) Graeme Burnett, SVP of Fuel Optimization for Delta Air Lines and Chairman of the Board for Monroe Energy (a wholly owned subsidiary of Delta Air Lines)

2) Jeff Warmann, CEO of Monroe Energy

Purpose of the Meeting: To discuss the Renewable Fuel Standard (RFS), the impact the standard has had on the merchant refining industry, and Delta/Monroe's suggestions to fix the RIN market.

Background on the Meeting: Delta purchased a refinery in Pennsylvania in 2012. Monroe Energy (a wholly owned subsidiary of Delta) operates the refinery, and it is one of the few refineries still operating in the Northeast region. Unlike integrated refiners who produce finished gasoline and can separate RINs when they blend renewable fuel, merchant refiners-such as Monroe Energy- must buy a majority of their RINs on the secondary market.

For 2016, our compliance costs were greater than the purchase price of our refinery. We would like to have the opportunity to share our ideas on how to fix the RIN market to make the RFS a better program.

AMERICAN OVERSIGHT

Role of the Administrator: The Administrator oversees the RFS.

Attendees:
1) Graeme Burnett, SVP of Fuel Optimization for Delta Air Lines and Chairman of the Board for Monroe Energy
2) Jeff Warmann, CEO of Monroe Energy
3) Mimi Braniff, Managing Director, Delta Air Lines
4) Steve Shimberg, SJSOLUTIONS PLLC, outside counsel

Point of Contact:

Mimi Braniff- Managing Director, Delta Air Lines

2017 Policy Priorities

Updated April 28, 2017

FIFRA-based Regulatory Reset

In recent years, the process of pesticide registration has become less predictable. The sound science that has traditionally underpinned U.S. Environmental Protection Agency's (EPA) risk-based approach to regulating pesticides, has given way to politics and emotion. The industry is eager to reset the relationship with EPA to preserve Federal Insecticide, Fungicide and Rodenticide Act's (FIFRA) risk-based approach to regulating pesticides and reestablish a predictable regulatory process. A regulatory reset will yield durable solutions for all stakeholders and begin to rebuild faith, trust and confidence in pesticide regulation.

Reauthorize the Pesticide Registration Improvement Extension Act (PRIA – 4)

Congress must move quickly to reauthorize the pesticide industry's highly successful fee-for-service program, commonly referred to as the Pesticide Registration Improvement Act (PRIA). The current authority for PRIA expires on September 30, 2017. PRIA is supported by a diverse and unique coalition, including industry, users of pesticides, state and federal regulators, and the NGO community, as this necessary and important program funds, in part, EPA's pesticide registration and review programs.

The PRIA fee framework ensures that pesticide products will be available to:

- Help farmers fight crop threats;
- Provide facilities managers with access to disinfectants;
- Combat mosquito and other vector control in the public health sector;
- Ensure the availability of structural pesticides for residential and commercial purposes; and
- Support the home & garden, turf & ornamental, and golf course industries.

Develop Meaningful Endangered Species Act Reform

We can do better when it comes to the proper implementation of the Endangered Species Act (ESA). The attempt to apply the ESA across the regulated business spectrum and the ongoing dysfunction between the EPA and Fish and Wildlife Service and the National Marine Fisheries Service (collectively known as "the Services") continues to frustrate the harmonization of ESA and FIFRA.

CropLife America believes that we can achieve our national environmental goals, including goals to preserve and enhance biodiversity in agricultural landscapes, while maintaining and improving agricultural productivity, but we need effective, science-based federal policy to do so. The fact that the Congress has already initiated this important conversation at a Senate Environment and Public Works Committee oversight hearing on February 15 is a positive and encouraging sign.

About CropLife America

CropLife America (CLA) is the national trade association that represents the manufacturers, formulators and distributors of pesticides. CLA's member companies produce, sell and distribute virtually all of the vital and necessary crop protection and biotechnology products used by farmers, ranchers and landowners. For more information on how farmers use crop protection technology to grow healthy food, visit www.GiveaCrop.org

2017 Policy Priorities

Updated April 28, 2017

Reauthorize the Pesticide Registration Improvement Extension Act (PRIA – 4)

Congress must move quickly to reauthorize the pesticide industry's highly successful fee-for-service program, commonly referred to as the Pesticide Registration Improvement Act (PRIA). The current authority for PRIA expires on September 30, 2017. PRIA is supported by a diverse and unique coalition, including industry, users of pesticides, state and federal regulators, and the NGO community, as this necessary and important program funds, in part, the U.S. Environmental Protection Agency's (EPA) pesticide registration and review programs.

The PRIA fee framework ensures that pesticide products will be available to:

- Help farmers fight crop threats;
- Provide facilities managers with access to disinfectants;
- Combat mosquito and other vector control in the public health sector;
- Ensure the availability of structural pesticides for residential and commercial purposes; and
- Support the home & garden, turf & ornamental, and golf course industries.

Impacted Policy

Under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), a pesticide cannot be legally used if it has not been approved and registered by EPA's Office of Pesticide Programs (OPP). In 2003, PRIA was enacted through the work of a unique coalition consisting of the registrant community (including both agricultural and non-agricultural uses, antimicrobial companies, large and small companies, biotech companies, and biopesticides) and labor and environmental advocates.

PRIA established a new section of FIFRA, which put in place a fee schedule for pesticide registration requests. It lists specific time periods for EPA to make a regulatory decision on pesticide registration and tolerance actions submitted to EPA. The goal of PRIA was to create a more predictable and effective evaluation scheme for affected pesticide decisions and couple the collection of individual fees with specific decision review periods. It also promoted shorter decision review periods for reduced-risk applications. This stable source of funding for EPA also created block grants for training and education programs.

Ask

- Will you support the legislative reauthorization of the pesticide industry's fee-for-service program?
- Will you support sufficient funding levels for EPA-OPP to carry-out registration activities and meet statutorily defined timelines?

About CropLife America

EPA-17-0432-F-000011

2017 Policy Priorities

Updated April 28, 2017

Develop Meaningful Endangered Species Act Reform

We can do better when it comes to the proper implementation of the Endangered Species Act (ESA). The attempt to apply the ESA across the regulated business spectrum and the ongoing challenges between the U.S. Environmental Protection Agency (EPA) and Fish and Wildlife Service and the National Marine Fisheries Service (collectively known as "the Services") continues to frustrate the harmonization of ESA and FIFRA.

CropLife America believes that we can achieve our national environmental goals, including goals to preserve and enhance biodiversity in agricultural landscapes, while maintaining and improving agricultural productivity, but we need effective, science-based federal policy to do so. The fact that the Congress has already initiated this important conversation at a Senate Environment and Public Works Committee oversight hearing on February 15 is a positive and encouraging first step.

Impacted Policy

At the beginning of 2017, CropLife America and the Pesticide Policy Coalition submitted lengthy white papers to the Trump Transition Team on the need for reform at the intersection of pesticide policy and the ESA. CLA's paper described initial steps that the Administration should take to advance a workable integration of the requirements of ESA and FIFRA, one that meets the goals of both statutes and ensures that agricultural producers and other specialty pesticide users continue to have access to the products they need to maintain and increase agricultural productivity and protect public health.

The initial steps do not require new regulations or amendments to the law and could be taken by the Administration in the first 100 days. Leadership at both the EPA and the Services is required, however, to implement workable solutions to the long-standing management problems in FIFRA and ESA integration to ensure greater agricultural productivity through common sense problem solving.

Ask

Will you work with the ESA oversight committees and the Administration to institute meaningful reform to the FIFRA-ESA intersection?

About CropLife America

CropLife America (CLA) is the national trade association that represents the manufacturers, formulators and distributors of pesticides. CLA's member companies produce, sell and distribute virtually all of the vital and necessary crop protection and biotechnology products used by farmers, ranchers and landowners. 2017 Policy Priorities

Updated April 28, 2017

FIFRA-based Regulatory Reset

In recent years, the process for pesticide registration has become less predictable. The sound science that has traditionally underpinned U.S. Environmental Protection Agency's (EPA) risk-based approach to regulating pesticides, has given way to politics and emotion. The industry is eager to reset the relationship with EPA to preserve Federal Insecticide, Fungicide and Rodenticide Act's (FIFRA) risk-based approach to regulating pesticides and reestablish a predictable regulatory process. A regulatory reset will yield durable solutions for all stakeholders and begin to rebuild faith, trust and confidence in pesticide regulation.

Impacted Policy

CropLife America and its allies have sought a statement from the Administration that reaffirms Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) policy, which is inherently based on:

- Sound science,
- Transparency,
- Stakeholder engagement, and
- A predictable registration (or regulatory) process.

Ask

- Will you work with Congressional oversight committees and the Administration to reaffirm FIFRA's risk-based approach to regulating pesticides?
- Will you work with the Administration to see that the special assistant for technology issues at USDA is restored/filled in an effort to improve the working relationship between USDA and EPA?

About CropLife America

CropLife America (CLA) is the national trade association that represents the manufacturers, formulators and distributors of pesticides. CLA's member companies produce, sell and distribute virtually all of the vital and necessary crop protection and biotechnology products used by farmers, ranchers and landowners. AMERICAN OVERSIGHT

EPA-17-0432-F-000013

Cal Dooley is President and CEO of the American Chemistry Council (ACC). Since joining ACC in 2008, Dooley has enhanced member value and strengthened the competitive position of U.S. chemical manufacturers by advocating for a business and regulatory climate that drives innovation, supports job growth and enhances safety.

Under Dooley's leadership, ACC achieved its strongest financial position in a decade, while at the same time enhancing member value through reduced dues. ACC membership has grown by more than 25 percent during Dooley's tenure, with approximately 50 new manufacturing companies joining the Council.

In 2012, Dooley oversaw the launch of a national energy advocacy and awareness campaign, "From Chemistry to Energy." The campaign calls on policymakers to support the development of natural gas from shale while promoting energy efficiency and the development of alternative sources such as energy recovery and renewable energy. Dooley's leadership in this initiative has been critical to ensuring that federal and state policymakers understand the link between domestic shale gas, the chemical industry and growth in America's manufacturing sector that will drive U.S. competitiveness, boost exports, and create new, high-paying jobs.

Also in 2012, following a multi-year strategic review process that took place under Cal's leadership, the ACC Board of Directors approved a series of enhancements to Responsible Care®, the chemical industry's world-class environment, health, safety and security performance initiative. Dooley oversaw development of the new Responsible Care Product Safety Code, which guides chemical manufacturers in evaluating and improving product safety performance. This revamped Responsible Care launched in early 2013 in conjunction with the program's 25th Anniversary.

In 2010, Dooley played an instrumental role in bringing together a coalition of nearly 100 business associations, the American Alliance for Innovation (AAI), to promote science-based modernization of the U.S. Toxic Substances Control Act (TSCA). In addition to his commitment to updating federal chemical safety regulations, Dooley has called on Congress and the U.S. Environmental Protection Agency (EPA) to ensure the best available science and technology are at the foundation of government science and risk assessment programs. Dooley's current focus is on reforming EPA's Integrated Risk Information System (IRIS) so that lawmakers and industry can have confidence in the credibility and reliability of chemical safety determinations.

Prior to joining ACC, Dooley served as President and CEO of the Grocery Manufacturers Association (GMA). He took over leadership of GMA after serving as President and CEO of the Food Products Association (FPA), which merged with GMA in January 2007.

In Congress, Dooley represented the 20th District of California as a Member of the U.S. House of Representatives from 1991 to 2004. He served on the House Agriculture Committee, as well as the House Resources Committee. Dooley was honored by the Washington International Trade Foundation with its prestigious Distinguished Service Award, and was twice recognized by Consumers for Free Trade for his strong support for international trade. Congressional Quarterly named Mr. Dooley one of the House's most influential "Power Players," in recognition of the breadth and effectiveness of his leadership in Congress.

Dooley holds a bachelor's degree in agricultural economics from the University of California, Davis and, as a Sloan Fellow, earned a master's degree in management from Stanford University.

AMERICAN OVERSIGHT

U.S. ENVIRONMENTAL PROTECTION AGENCY
Washington, DC

May 9, 2017

DATE: May 10, 2017
LOCATION: Administrator's Office
EVENT TIME: Starts at 10:30am
YOUR TIME: 10:30-11:00am
FROM: OCSPP

I. PURPOSE

You will meet with the president and other leading members of the American Chemistry Council (ACC) and members of its Biocides Panel to discuss the role of EPA in the antimicrobial pesticide and chemical industry. The ACC requested to meet with you to discuss the reauthorization of the Pesticide Registration Improvement Act (PRIA), which they strongly support; the implementation of the Toxic Substance Control Act (TSCA) for new chemicals; and the need for greater transparency and opportunities for stakeholder engagement.

The ACC is an industry trade association for American chemical companies, based in Washington, D.C. The ACC Biocides Panel was established in 1985 and is comprised of more than 50 companies that are antimicrobial pesticide producers, end-use product manufactures, and service providers.

You will listen to the ACC's concerns and provide a general status update on the topics of interest (PRIA reauthorization; TSCA implementation; stakeholder engagement opportunities; and EPA's continued commitment to using sound science).

II. PARTICIPANTS

EPA

- **YOU**
- Ryan Jackson, Chief of Staff, EPA
- Richard Keigwin, Director of Office of Pesticide Programs, Office of Chemical Safety and Pollution Prevention, EPA

Non-EPA

- Cal Dooley, President, American Chemistry Council
- Komal K. Jain, Sr., Director, American Chemistry Council
- William Goodwine, Director, WW Regulatory Affairs & Risk Assessment Janssen PMP and Chairman of the ACC Biocides Panel
- Julie Timberman, Associate Research Fellow at The Clorox Company and Vice-Chair of the ACC Biocides Panel

AMERICAN OVERSIGHT

III. PRESS

Closed to Press

IV. BACKGROUND

TSCA New Chemical Reviews

- Recent amendments to TSCA require EPA to make an affirmative determination on new chemical substances before those chemicals may enter the market. The new requirements went into effect immediately, and applied to all chemicals that were under review on TSCA's date of enactment.
- This fundamental shift in EPA's program has temporarily slowed the completion of new chemical reviews.
- Because EPA continues to receive new submissions, the number of chemicals under active review has risen sharply from the typical ~300, which ACC and others have sharply criticized as "the backlog."
- EPA is committed to clearing the backlog of Section 5 New Chemical submissions by the end of July 2017. OCSPP has doubled the number of staff working on these reviews, and is implementing specific process improvements to maximize efficiencies. The backlog is decreasing steadily.

TSCA Framework Rule Development

- EPA is in the process of finalizing three procedural rules required under the TSCA amendments: (1) the active/inactive inventory rule, (2) the prioritization rule and (3) the risk evaluation rule
- TSCA requires these final rules by published within 1 year of enactment of the new law, or by June 22, 2017
- ACC commented extensively on these rulemakings. OCSPP is working to develop final rules that address concerns raised by all stakeholders, while still meeting the new requirements in TSCA

PRIA Reauthorization

- EPA strongly supports PRIA 4 and anticipates immediate implementation of the amended law.
- If PRIA 4 is not passed by 9/30/17, when PRIA 3 sunsets, pesticide applications will no longer be subject to decision time periods.
- May 11, 2017- Senate Committee on Agriculture Hearing. Rick Keigwin, Director of the Office of Pesticide Programs, will provide testimony before the Senate Committee on Agriculture, Nutrition and Forestry on the reauthorization of fees for the Pesticide Registration Improvement Renewal Act (PRIA).

EPA/ FDA Dual Jurisdiction Over Antimicrobial Food Uses

- ACC have expressed concern about dual jurisdiction over antimicrobial food uses and duplication of efforts. ACC raised this issue at OPP's recent regulatory reform meeting.
- Certain uses of antimicrobial pesticides may be regulated by either EPA under FIFRA or FDA under FFDCA.
- EPA has identified numerous uses on FIFRA labels that don't have required FDA clearance/and or supporting information.

AMERICAN OVERSIGHT

- In 2015, EPA and FDA developed a Memorandum of Understanding to share data, assessments, and other information for chemicals regulated by both agencies (since 2015, three reviews were done between the agencies).
- We look forward to working with ACC and FDA on how to simplify the process.

Notification Procedure Lag Times

- ACC have expressed concern about lagging approval of pesticide label notifications and raised this issue at OPP's recent regulatory reform meeting.
- In FY2017, 70% of antimicrobial notifications were completed by EPA on time.
- There are some notifications that take a longer period of time. In general, OPP first prioritizes completing PRIA actions on time and that strives to complete all other actions in a timely manner.

Antimicrobial Pesticides 158W Data Requirement Implementation

- As part of the 2015 settlement agreement between EPA and ACC, EPA developed interim guidance clarifying the 2013 amendments to the data requirements for antimicrobial pesticides.
- Since the March 2, 2015 settlement agreement with the ACC, EPA has actively and frequently engaged ACC and solicited input on the implementation of 158W and will continue to work with them.

Stakeholder Engagement Opportunities

- OPP meets frequently with the ACC **(**bi-monthly meetings) to provide updates about ongoing actions, and solicit input on guidance materials and regulations prior to issuing documents for public comment, and on the development of new test protocols.

EPA-17-0432-F-000017

Meeting Request Form for Administrator Scott Pruitt

Today's Date: Wednesday, March 21, 2017

Requesting Office: Office of Enforcement and Compliance Assurance (OECA)

Title of the Meeting: Federal Role in Bringing Enforcement Actions in States

Purpose: To provide the Administrator with details on why EPA takes enforcement actions in States (e.g., no state program, multi-state violations, state-requested actions)

Role of the Administrator: Informational for the Administrator; to provide guidance to the program

Background: OECA will provide the Administrator with a breakdown on the different reasons that federal enforcement actions are needed, and how those intersect with states' enforcement authorities.

Last possible date for the meeting: By week of April 3, 2017.

Is the meeting urgent and if so why?: Ryan Jackson, Chief of Staff, indicated that OECA should brief the Administrator on this right away.

Requested Time Length: 1 hour

EPA Staff (Required): Lawrence Starfield (Acting AA, OECA); David Cozad (Acting DAA, OECA); David Hindin (Director, OECA's Office of Compliance); Susan Shinkman (Director, OECA's Office of Civil Enforcement); Cyndy Mackey (Director, OECA's Office of Site Remediation Enforcement); Henry Barnet (Director, OECA's Office of Criminal Enforcement, Forensics and Training); Ed Chu (Acting AA, Region 7, Lead Region for Enforcement and Compliance)

EPA Staff (Optional): Mark Badalamente (Acting DAA, OECA)

External Participants: None

Teleconference Required?: Yes

Video Conference Required?: Yes, Room **WJC-South 3216VTC**. OECA is happy to host the meeting in its video conference room (3216 WJCS).

Point of Contact for the Meeting: Ethel Bailey, OECA Executive Assistant, (202) 564-5149; Erin Miles, OECA Chief of Staff, (202) 564-2038

NOTE: Meeting request forms should be submitted to scheduling@epa.gov, with a copy to Sydney Hupp (hupp.sydney@epa.gov) and the AO Special Assistant who covers your office. All briefing material must be sent to your AO Special Assistant by 3:00 pm two days before your meeting, or to OCIR 48 hours in advance. If briefing materials are not submitted on time, we may need to reschedule your briefing.

AMERICAN OVERSIGHT

Meeting Request Form for Administrator Scott Pruitt

Today's Date: March 22, 2017

Requesting Office: Region 2

Title of the Meeting: Hudson River PCB Superfund Site – Five Year Review Report

Purpose: Alert Administrator to upcoming issuance of report in April, 2017 -- (b)(5) DPP [redacted]

Role of the Administrator: General awareness; and, if desired, provide feedback and guidance to Region. (Finding is delegated to Regional Division Director level.)

Background: Under consent decree with EPA, General Electric Co. (GE) conducted a dredging remedy in the upper Hudson River to remove sediments contaminated with PCBs discharged by two GE plants. This was one of the largest dredging projects in the nation, costing GE about $1.7 billion, and was completed in 2015. Superfund law requires that cleanups be evaluated every 5 years to confirm that the selected remedy continues to be protective of public health & the environment. Region 2 believes this finding is well supported by the technical evidence.

Last possible date for the meeting: Approx. April 15, 2017

Is the meeting urgent and if so why?: Statutory deadline for releasing the report is April 23.

Requested Time Length: 45 minutes.

EPA Staff (Required): Catherine McCabe; Walter Mugdan; Barry Breen

EPA Staff (Optional): Gary Klawinski, Region 2 (Hudson River Project Director); Jim Woolford

External Participants: None

Teleconference Required?: No.

Video Conference Required?: *(If so please provide the conference room name to be used for video connection)*
Yes – Region 2 RA Conference Room

Point of Contact for the Meeting: Catherine McCabe ((b) (6) [redacted]); Maureen Hickey (same)

NOTE: Meeting request forms should be submitted to scheduling@epa.gov, with a copy to Sydney Hupp (hupp.sydney@epa.gov) and the AO Special Assistant who covers your office. All briefing material must be sent to your AO Special Assistant by 3:00 pm two days before your meeting, or to OCIR 48 hours in advance. If briefing materials are not submitted on time, we may need to reschedule your briefing.

AMERICAN OVERSIGHT

Mark Crosswhite

Chairman, President and CEO
Alabama Power Company

Mark Crosswhite is chairman, president and chief executive officer of Alabama Power Company, which provides electricity to more than 1.4 million customers across the state.

Before taking the helm at Alabama Power, Crosswhite served as executive vice president and chief operating officer for Southern Company, Alabama Power's parent company. He was responsible for Southern Company's operations organization, which includes generation, transmission, engineering and construction services, system planning, research and environmental affairs, and fleet operations and trading. Crosswhite also was responsible for Southern Power, which provides energy to municipalities, electric cooperatives, and investor-owned utilities.

Crosswhite started at Southern Company in 2004 as senior vice president and general counsel for Southern Company Generation. Prior to that, he was a partner in the law firm of Balch & Bingham LLP in Birmingham, Ala., where he practiced in the Energy Section for 17 years.

In 2006 Crosswhite joined Alabama Power as senior vice president and counsel, where he oversaw the company's legal matters. In 2008 he was named executive vice president for External Affairs, where he directed regulatory affairs, economic and community development, public relations, environmental affairs, and governmental affairs. In 2011 Crosswhite became president and chief executive officer of Gulf Power, a Southern Company subsidiary based in Pensacola, Fla.

Crosswhite is chairman of the board of both the Economic Development Partnership of Alabama and the United Way of Central Alabama. He serves on several corporate, civic, and nonprofit boards, including the Birmingham Zoo, Birmingham Business Alliance, Mercedes-Benz U.S. International Inc., Southern Research, the University of Alabama Law School Foundation, Virginia Samford Theatre, and Leadership Birmingham. He also serves on the president's advisory council of the Freshwater Land Trust. He is a member of the President's Cabinet of the University of Alabama and a graduate of Leadership Alabama.

Crosswhite is a native of Decatur, Ala. His family has deep roots in the state, dating to the early 19th century. He received a bachelor's degree in 1984 from the University of Alabama in Huntsville and a J.D. degree in 1987 from the University of Alabama School of Law.

Crosswhite and his wife, Jane Emily, have two sons.

Alabama Power

AMERICAN OVERSIGHT

Zeke Smith

Executive Vice President
of External Affairs,
Alabama Power Company

Zeke Smith is Alabama Power's executive vice president of External Affairs. With more than 30 years of service with the company, Smith has responsibilities for Environmental Affairs, Charitable Giving, Corporate Affairs, Governmental Relations, Public Relations, and Regulatory Affairs. He serves as chairman of the Alabama Power Foundation's Board of Directors. Prior to his present position, Smith served as vice president of Financial and Regulatory Planning, vice president of Regulatory Services, and director of Regulatory and Pricing.

Smith graduated from Auburn University with a Bachelor of Science in industrial engineering. He also earned a Master of Business Administration from Samford University.

Smith is active in his church and community. He serves on the Samford University Board of Trustees, the Business Council of Alabama Board of Directors, the Birmingham Business Alliance Board of Directors, the Alabama Career Tech Education Leadership Council, the Bryant-Jordan Student-Athlete Program Board of Directors, the Alabama Governor's Labor-Management Conference Board of Directors, the Charles D. McCrary Institute Advisory Council, the Auburn Engineering Alumni Council Executive Committee, the Birmingham Bowl Executive Committee, and the Fellowship of Christian Athletes Advisory Council. He is a 2014 graduate of Leadership Alabama.

Smith has been appointed to the state's College and Career Ready Task Force, the Tornado Recovery Action Council of Alabama, and serves as chairman of the Alabama Workforce Council. He has served as Alabama Power's chairman and executive sponsor of various campaigns including: United Way, the American Heart Association and the Boy Scouts of America.

Smith and his wife, Darlene, have three children: Drew, Heather and Lindsey.

Alabama Power

AMERICAN OVERSIGHT

Quentin P. Riggins

Senior Vice President
Governmental and Corporate Affairs
Alabama Power Company

Quentin P. Riggins is senior vice president of Governmental and Corporate Affairs for Alabama Power.

Riggins' past experience includes 24 years in Alabama government, including serving as a member of Gov. Bob Riley's cabinet as director of legislative affairs. He also served as a legislative affairs analyst for former Speaker of the House of Representatives Seth Hammett.

As senior vice president of the Business Council of Alabama, he led governmental affairs efforts for the organization's 5,000 members. After six successful years, Riggins began his own governmental affairs firm.

A member of the Auburn University Board of Trustees, Riggins earned a bachelor's degree at Auburn in marketing and distributive education. He also was a second team All-American and All-Southeastern Conference linebacker. He's served on the Auburn Athletics Chief Operating Officer Advisory Committee and is chairman of the capital campaign for the university's Office of Inclusion and Diversity.

His additional community and civic involvement includes serving on the boards of Grandview Medical Center, Voices for Alabama's Children, the Energy Institute of Alabama, and the Business Council of Alabama's ProgressPAC. He's previously served on the boards of Leadership Alabama and the Baptist Foundation.

He and his wife, Kimi, have one daughter and they live in Trussville.

AUTO ALLIANCE
DRIVING INNOVATION

803 7th Street N.W., Suite 300 | Washington, DC 20001
202.326.5500 | **www.autoalliance.org**
MITCH BAINWOL *President & CEO*

February 28, 2017

E. Scott Pruitt
Administrator
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Mail Code 1101A
Washington, D.C. 20460

Dear Administrator Pruitt:

As you and the Administration move forward with various regulatory and legislative priorities, the Auto Alliance and our members look forward to working with you.

Because of a variety of key issues that are of interest to the auto sector, I wanted to extend an invitation for you to meet with the Alliance Board during our upcoming meeting – April 26th and 27th here in Washington D.C. Based on your availability, this meeting would be a relatively short CEO-level meeting on either the evening of the 26th or, ideally, the morning of the 27th. Our timing is flexible, as is the location.

This upcoming board meeting would allow us to cover the top issues and to hear from you about key EPA priorities. While CEO attendance has yet to be confirmed, we would expect a strong turnout from our 12 members, which include: Ford, GM, FCA, Toyota, VW, Mercedes Benz, BMW, Jaguar Land Rover, Mazda, Mitsubishi, Porsche, and Volvo. Our Association represents both domestic and international auto manufacturers that account for over 75 percent of all light-duty vehicle sales.

These are heady times for auto manufacturers. We set an all-time sales record last year and have grown seven years in a row. However, as you can understand, we are a cyclical industry, and we do not take for granted that growth in production and employment is an entitlement. To continue to power the economy will take hard work, lots of investment and, especially, sound public policy.

Beyond the economics, the excitement in our industry is all about technology and the powerful advances we are making for safety, the environment and in the area of

AMERICAN OVERSIGHT

autonomy. At the same time, as the previous Administration left office in January, there are a number of critical public policy issues that warrant continuation, modification or wholesale change.

Nowhere is a reevaluation more warranted than the unilateral decision that your predecessor made with respect to greenhouse gas standards for MY 2022-2025 light duty vehicles. As I noted in my February 21st letter, the GHG determination is particularly one that requires close collaboration between EPA and DOT– especially since NHTSA has yet to begin the rule making process for light-duty fuel economy standards.

In closing, I would be pleased to answer any questions you or your team may have. I look forward to sitting down with you in advance of our upcoming board meeting based on your schedule.

With great appreciation.

Sincerely,

Mitch Bainwol

We look forward to welcoming you back to the Alliance in your new capacity. It's an incredibly interesting time for mobility and your efforts will frame the future significantly.

Best

AMERICAN OVERSIGHT

ALABAMA POWER FACTS

- Alabama Power offers competitive prices, reliable electricity supply and superior service to more than 1.4 million homes, businesses and industries in the southern two-thirds of the state. Alabama Power is one of 11 electric and natural gas U.S. utilities operated by Southern Company, one of the nation's largest producers of energy.

- Alabama Power serves customers through a network of more than 84,000 miles of transmission and distribution lines, and more than 1.55 million poles and towers, stretching across a service territory of 45,000 square miles.

- The company uses a diverse fuel supply, including natural gas, coal, nuclear energy, hydro and other renewables, along with energy efficiency, to meet the demands of customers. A diverse fuel supply provides flexibility and protects customers from market volatility, supply shortages and price fluctuations.

- Alabama Power's total retail price is below the national average and has been for decades.

- In recent years, the company has reduced its use of coal and increased its use of natural gas and renewables, driven primarily by federal environmental mandates. Over the past three years the company has retired three coal-fired generating units and converted other coal units to natural gas. In all the company has reduced its coal fleet from 23 generating units down to 10.

- Alabama Power was the first utility in the nation to establish a new industries division, in 1920, to recruit business to the state. The company's Economic and Community Development organization continues to play a key role in recruiting industry, and supporting the state and local community efforts to attract new business.

- Alabama Power and the Alabama Power Foundation have been a force for good in the state for many years, helping to elevate Alabama and improve the quality of life. Every year, employees donate about 50,000 hours of their personal time, and resources, to support community projects through the Alabama Power Service Organization. Alabama Power retirees also support community initiatives through the Energizers retiree service organization.

I

114TH CONGRESS
1ST SESSION

H. R. 2144

To amend title 31, United States Code, to establish entities tasked with improving program and project management in Federal agencies, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

APRIL 30, 2015

Mr. YOUNG of Indiana (for himself and Mr. CONNOLLY) introduced the following bill; which was referred to the Committee on Oversight and Government Reform

---

A BILL

To amend title 31, United States Code, to establish entities tasked with improving program and project management in Federal agencies, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Program Management Improvement and Accountability Act of 2015''.

SEC. 2. DEPUTY DIRECTOR FOR MANAGEMENT.

(a) ADDITIONAL FUNCTIONS.—Section 503 of title 31, United States Code, is amended by adding at the end the following new subsection:

AMERICAN OVERSIGHT

"(c) PROGRAM AND PROJECT MANAGEMENT.—Subject to the direction and approval of the Director, the Deputy Director for Management or designee shall—

"(1) adopt governmentwide standards, policies, and guidelines for program and project management for executive agencies;

"(2) oversee program and project management for the standards, policies, and guidelines established under paragraph (1);

"(3) chair the Program Management Policy Council established by section 1126(b);

"(4) issue regulations and establish standards and policies for executive agencies in accordance with nationally accredited standards for program and project management planning and delivery issues;

"(5) engage with the private sector;

"(6) conduct portfolio reviews to address programs identified as high risk by the Government Accountability Office;

"(7) not less than annually, conduct portfolio reviews of agency programs in coordination with project management improvement officers; and

"(8) establish a five-year strategic plan for program and project management.".

AMERICAN OVERSIGHT

EPA-17-0432-F-000032

(b) DEADLINE FOR STANDARDS, POLICIES, AND GUIDELINES.—Not later than 120 days after the date of the enactment of this Act, the Deputy Director for Management of the Office of Management and Budget shall issue the standards, policies, and guidelines required under section 503(c)(1) of title 31, United States Code, as added by subsection (a).

(c) REGULATIONS.—Not later than 150 days after the date of the enactment of this Act, the Deputy Director for Management of the Office of Management and Budget, in consultation with the Council and the Director of the Office of Management and Budget, shall issue any regulations as are necessary to implement the requirements of section 503(c) of title 31, United States Code, as added by subsection (a).

SEC. 3. PROGRAM MANAGEMENT IMPROVEMENT OFFICERS AND PROGRAM MANAGEMENT POLICY COUNCIL.

(a) AMENDMENT.—Chapter 11 of title 31, United States Code, is amended by adding at the end the following:

"§ 1126. Program Management Improvement Officers and Program Management Policy Council

''(a) PROGRAM MANAGEMENT IMPROVEMENT OFFICERS.—

AMERICAN OVERSIGHT

EPA-17-0432-F-000033

"(1) DESIGNATION.—The head of each agency described in section 901(b) shall designate a senior executive of the agency as the agency Program Management Improvement Officer. The Program Management Improvement Officer shall report directly to the head of the agency.

"(2) FUNCTIONS.—The Program Management Improvement Officer shall—

"(A) implement agency program management policies established under section 503(c); and

"(B) develop a written strategy for enhancing the role of program managers within the agency that includes the following:

"(i) Enhanced training and educational opportunities for program managers.

"(ii) Mentoring of current and future program managers by experienced senior executives and program managers within the agency.

"(iii) Improved career paths and career opportunities for program managers.

AMERICAN OVERSIGHT

EPA-17-0432-F-000034

"(iv) Incentives for the recruitment and retention of highly qualified individuals to serve as program managers.

"(v) Improved resources and support, including relevant competencies encompassed with program and project management within the private sector for program managers.

"(vi) Improved means of collecting and disseminating best practices and lessons learned to enhance program management across the agency.

"(vii) Common templates and tools to support improved data gathering and analysis for program management and oversight purposes.

"(b) PROGRAM MANAGEMENT POLICY COUNCIL.—

"(1) ESTABLISHMENT.—There is established in the Office of Management and Budget a council to be known as the 'Program Management Policy Council' (in this section referred to as the 'Council').

"(2) PURPOSE AND FUNCTIONS.—The Council shall act as the principal interagency forum for improving agency practices related to program and project management. The Council shall—

AMERICAN OVERSIGHT

EPA-17-0432-F-000035

"(A) advise and assist the Deputy Director for Management of the Office of Management and Budget;

"(B) review programs identified as high risk by the General Accountability Office and make recommendations for actions to be taken by the Deputy Director for Management of the Office of Management and Budget or designee;

"(C) discuss topics of importance to the workforce, including—

"(i) career development and workforce development needs;

"(ii) policy to support continuous improvement in program and project management; and

"(iii) major challenges across agencies in managing programs;

"(D) advise on the development and applicability of standards governmentwide for program management transparency; and

"(E) review the information published on the website pursuant to section 1122.

"(3) MEMBERSHIP.—

"(A) COMPOSITION.—The Council shall be composed of the following members:

AMERICAN OVERSIGHT

EPA-17-0432-F-000036

"(i) Five members from the Office of Management and Budget as follows:

"(I) The Deputy Director for Management.

"(II) The Administrator of the Office of Electronic Government.

"(III) The Administrator of the Office of Federal Procurement Policy.

"(IV) The Controller of the Office of Federal Financial Management.

"(V) The Director of the Office of Performance and Personnel Management.

"(ii) The Program Management Improvement Officer from each agency described in section 901(b).

"(iii) Other individuals as determined appropriate by the Chairperson.

"(B) CHAIRPERSON AND VICE CHAIRPERSON.—

"(i) IN GENERAL.—The Deputy Director for Management of the Office of Management and Budget shall be the Chairperson of the Council. A Vice Chair-

AMERICAN OVERSIGHT

EPA-17-0432-F-000037

person shall be elected by the members and shall serve a term of not more than one year.

"(ii) DUTIES.—The Chairperson shall preside at the meetings of the Council, determine the agenda of the Council, direct the work, of the Council and establish and direct subgroups of the Council as appropriate.

"(4) MEETINGS.—The Council shall meet not less than twice per fiscal year and may meet at the call of the Chairperson or a majority of the members of the Council.

"(5) SUPPORT.—The head of each agency with a Project Management Improvement Officer serving on the Council shall provide administrative support to the Council, as appropriate, at the request of the Chairperson.

"(6) COMMITTEE DURATION.—Section 14(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Council.".

(b) REPORT REQUIRED.—Not later than 180 days after the date of the enactment of this Act, the head of each agency described in section 901(b) of title 31, United States Code, shall submit to Congress and the Office of

AMERICAN OVERSIGHT

EPA-17-0432-F-000038

Management and Budget a report containing the strategy developed under section 1126(a)(2)(B) of such title, as added by subsection (a).

SEC. 4. PROGRAM AND PROJECT MANAGEMENT PERSONNEL STANDARDS.

(a) REGULATIONS REQUIRED.—Not later than 270 days after the date of enactment of this Act, the Director of the Office of Personnel Management, in consultation with the Director of the Office of Management and Budget, shall issue regulations that—

(1) identify key skills and competencies needed for a program and project manager in an agency;

(2) establish a new job series for program and project management within an agency; and

(3) establish a new career path for program and project managers within an agency.

(b) AGENCY DEFINED.—In this section, the term ''agency'' means each agency described in section 901(b) of title 31, United States Code.

External Meeting Request Form for
Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Today's Date: April 4, 2017

Meeting Date: Requesting May 9 between 9 am-1 pm or 3:30 pm-5:30 pm; afternoon of May 11 or May 12.

Meeting Time: See above, and a meeting of 30-45 minutes would be appreciated.

Requested Location (if offsite, please list address, parking instructions, etc.): EPA Administrator's Office.

Requestor: Komal K. Jain of the American Chemistry Council's Biocides Panel; Cal Dooley, President and CEO, American Chemistry Council

Purpose of the Meeting: Discuss the importance of EPA to the antimicrobial and chemical industry and the need for greater transparency and opportunities for stakeholder engagement.

Background on the Meeting: We would like to discuss:

- The need for continued staff and financial resources within the Office of Pesticide Programs (OPP) and its Antimicrobials Division (AD) and, thus, the importance of the reauthorization of the Pesticide Registration Improvement Act (PRIA), which would continue the fee for service program and increase funding for OPP. Please see the attached letter to Administrator Pruitt from the ACC Biocides Panel, dated February 27, 2017.
- Implementation of the Lautenberg Chemical Safety Act (the 2016 amendments to the Toxic Substances Control Act), particularly section 5 of TSCA (related to new chemicals). ACC has submitted extensive comments to a number of active dockets related to EPA's implementation efforts.

Role of the Administrator: Administrator Pruitt has a significant role in overseeing EPA's ongoing efforts under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) and the Toxic Substances Control Act (TSCA). Both statutes provide EPA with the authority to restrict or deny access to the market for new pesticides and chemicals unless the Agency has an appropriate opportunity to review the potential health and environmental impacts of those substances, and in the case of pesticides, find that the product will not cause unreasonable adverse effects on the environment. ACC has a particular interest in assuring the availability of the financial and human resources necessary to ensure that these regulatory regimes not only fulfill their mandate to protect health and the environment, but that they support the innovation and globally competitive position of an essential manufacturing sector.

Attendees:
Cal Dooley, President, American Chemistry Council;

AMERICAN OVERSIGHT

Komal K. Jain, Sr. Director, American Chemistry Council;
William Goodwine, Director WW Regulatory Affairs & Risk Assessment, Janssen PMP and Chairman of the ACC Biocides Panel; and
Julie Timberman, Associate Research Fellow at The Clorox Company and Vice-Chair of the ACC Biocides Panel

Point of Contact: Komal K. Jain at (b) (6) komal_jain@americanchemistry.com

AMERICAN OVERSIGHT

American Chemistry Council | Biocides Panel

February 27, 2017

The Honorable Scott Pruitt
Administrator, US Environmental Protection Agency
1200 Pennsylvania Avenue, NW
Washington, DC 20460

Dear Administrator Pruitt:

Congratulations on your confirmation as the new administrator for the United States Environmental Protection Agency (US EPA). The American Chemistry Council's (ACC) Biocides Panel (the Panel) looks forward to working with you.

Established in 1986, the Biocides Panel is a leading trade organization comprised of more than 50 companies that are active antimicrobial ingredient producers, end-use manufacturers of antimicrobial products (also known as "biocides") in industrial and/or consumer applications, and service providers with expertise in addressing antimicrobial issues. Antimicrobials are essential to a vast array of industries: They protect public health and food safety by controlling the spread of harmful microbes, preserve a vast array of products from pharmaceuticals to building materials, and ensure countless manufacturing and industrial processes are not compromised by microorganism growth.

In an industry that continuously evolves and innovates, the ability to obtain and maintain antimicrobial registrations is critically important. It is for this reason that we write to stress the important role that the US EPA plays in our industry and the need for continued staff and financial resources within the Office of Pesticide Programs (OPP) and its Antimicrobials Division (AD). Thus, the reauthorization of the Pesticide Registration Improvement Act (PRIA), which would continue the fee for service program and increase funding for OPP for needed resources is a priority, and we ask for your support. Significantly, AD is partly funded through the industry fees collected under PRIA. Thus, the reauthorization of PRIA provides some assurance that the resources required by EPA to administer the pesticide program will continue.

Other issues of importance to the industry, which we would like to discuss with you in greater detail should your schedule permit include:

- Early and frequent engagement with the pesticide registration community on registration decisions, guidance material, and regulation;
- Clear and transparent implementation of EPA's data requirements for the registration of antimicrobial pesticides under 40 CFR Part 158W (Antimicrobial Pesticide Data Requirements); and

AMERICAN OVERSIGHT

- Assurance that assessments under FIFRA are based on good science and accurate representations of the biocide product's conditions of use.

Thank you for your consideration of the Biocides Panel's concerns. We would appreciate the opportunity to meet with you.

Respectfully yours,

Komal K. Jain
Senior Director, Chemical Products & Technology Division
Executive Manager, Biocides Panel
American Chemistry Council

Cc: Wendy Cleland-Hamnett, Acting Assistant Administrator, OCPP

AMERICAN OVERSIGHT

Conservative Action Project

The Conservative Action Project (CAP) was founded in 2008 by many conservative leaders with former **Attorney General Edwin Meese III** serving as the Founding Chairman. CAP is currently chaired by **The Honorable Becky Norton Dunlop** and is designed to facilitate conservative leaders working together on behalf of common goals. Participants include the CEOs of over 100 organizations representing all major elements of the conservative movement - economic, social, and national security.

Coordinating Committee

The Honorable Edwin Meese III - Former Attorney General, President Ronald Reagan

The Honorable Becky Norton Dunlop - Chairman, Conservative Action Project (CAP), Former White House Advisor, President Ronald Reagan

Ms. Diana Banister - President and Partner, Shirley & Banister Public Affairs

The Honorable J. Kenneth Blackwell - Chairman, Constitutional Congress, Inc.

Ms. Rachel Bovard - Senior Director of Policy, Conservative Partnership Institute

Lt. Gen. William G. Boykin (Ret.) - Executive Vice President, Family Research Council

Mr. David Bozell - President, ForAmerica

Mr. Adam Brandon - President, FreedomWorks

Mr. Steve Chartan - Legislative Director, Office of Senator Ted Cruz (TX)

Mr. Ed Corrigan - Former Executive Director, Senate Steering Committee

The Honorable T. Kenneth Cribb, Jr. - Former Chief Domestic Advisor, President Ronald Reagan

Mrs. Marjorie Dannenfelser - President, Susan B. Anthony List

Mr. Wesley Denton - Senior Director of Communications, Conservative Partnership Institute

Mr. Thomas Fitton - President, Judicial Watch, Inc.

The Honorable Colin A. Hanna - President, Let Freedom Ring, Inc.

Mr. Thomas E. McClusky - Vice President of Government Affairs, March for Life

The Honorable Bob McEwen - U.S. House of Representatives, Former Member, Ohio

The Honorable David McIntosh - President, Club for Growth

Mr. Eugene B. Meyer - President, The Federalist Society for Law and Public Policy Studies

Mrs. Cleta Mitchell, Esq. - Partner, Foley & Lardner, LLP

The Honorable Daniel Oliver - Senior Director, White House Writers Group

Mr. Justin Ouimette - Executive Director, House Freedom Caucus

The Honorable Tony Perkins - President, Family Research Council

Mr. Herman Pirchner, Jr. - Founding President, American Foreign Policy Council (AFPC)

Mr. Alfred S. Regnery - Chairman, Law Enforcement Legal Defense Fund

Mr. William Smith - Chief of Staff, Congressman Gary Palmer (AL-6)

Dr. Paul S. Teller - Special Assistant to the President for Legislative Affairs, The White House

Mr. Michael W. Thompson, Jr. - Senior Vice President, CRC Public Relations

Mr. William L. Walton - Vice President, Council for National Policy

RE: Resolution of Taunton, Massachusetts NPDES Permit Issues

Dear Messrs. Bangerter and Kirkland:

The City of Taunton welcomed the opportunity to meet with you on March 21, 2017 to discuss resolution of the seriously flawed nutrient reduction mandates imposed by the Obama Administration on our City in 2015. Complying with these legally and technically unsound directives will cost the City well in excess of $70 million, preclude future growth, result in no meaningful ecological improvements to our estuary, and prevent the City from addressing more pressing infrastructure needs. As demonstrated by our detailed presentation, EPA took this action despite knowing that:

AMERICAN OVERSIGHT

(1) independent evaluations by three internationally recognized experts confirmed that the methods EPA used to create the stringent reduction mandates were seriously flawed and not scientifically defensible (Enclosures);

(2) updating the 40-year-old dissolved oxygen water quality standards for the Taunton Estuary (consistent with the actions of other Atlantic-seaboard states) would independently eliminate the need for the costly nutrient reduction mandates; and

(3) the impacts of the largest facility in the system, Fall River, which dwarfs the City's nutrient load, were inexplicably ignored in creating the stringent limitations.

The City would note that the EPA staff present at our March 21st meeting was the same group that simply ignored all of the City's prior requests to conduct a rational and complete technical analysis, using the latest scientific information. Due to their action, the City was forced for file an appeal in the First Circuit to protect its interests and hopefully stop this serious misallocation of municipal resources. Consequently, we would expect them to object to any peer review of their technical conclusions. We hope this is not allowed to occur.

The City needs your help now. Our situation exemplifies precisely the type of wasteful and abusive federal agency action that President Trump has committed to reforming. As stated in the *Presidential Executive Order on Promoting Energy Independence and Economic Growth* (signed March 28, 2017):

> It is also the policy of the United States that necessary and appropriate environmental regulations comply with the law, are of greater benefit than cost, when permissible, achieve environmental improvements for the American people, and *are developed through transparent processes that employ the best available peer-reviewed science and economics*. (Emphasis supplied)

Consequently, our request for a "peer review" and assurance that EPA will utilize the "best available" science is squarely in line with President Trump's directive. Resolution of our issues should not be occurring in the courts because the key issues are technical matters that courts have little capability in resolving. We therefore request that EPA be directed to (1) agree to stay the ongoing litigation, (2) reconsider the serious scientific issues that have been raised by the City in the context of an independent peer review, and (3) work cooperatively with the Commonwealth of Massachusetts to update the applicable water quality standard. As expressed in the meeting, the City of Taunton is willing to pay for and live with the results of an independent review. However, it should not be required to waste its limited resources on litigation and scientifically flawed decision making. Should EPA's technical analyses and position be found reasonable, the City would commit to meeting those requirements. However, should such review confirm the opinions of the three experts and that updated standards would render these mandates moot, this permit should be withdrawn.

AMERICAN OVERSIGHT

We trust that you will grant this request as a reasonable means for settling our ongoing concerns with this EPA's regulatory action. Please let the City know as soon as possible whether this request will be granted, so that we can avoid incurring further legal expenses associated with our appeal of EPA's action.

Sincerely,

Thomas Hoye
Mayor

Enclosures

cc. Don Benton
Administrator Scott Pruitt

AMERICAN OVERSIGHT

What Should Regional Administrators and Deputy Regional Administrators Know about EPA's Role in Disaster Recovery?

What Are EPA's Objectives for Recovery Operations?

- Build preparedness to mitigate future events – Lessen the impacts of disasters by assisting federal, state and local agencies and communities prior to disasters.
- Promote sustainable and resilient rebuilding - Use EPA's expertise to inform communities, states and federal partners about rebuilding for the long-term viability of regions' people, economies and natural ecosystems. Including:
    - Help communities adapt to climate change and incorporate green infrastructure into their resiliency planning.
    - Collaborate with other Federal agencies to leverage all Federal resources in support of sustainable and resilient recovery.
- Apply EPA's Knowledge – Provide EPA's expertise to other Federal agencies, states and communities in areas of EPA responsibility such as drinking and waste water infrastructure, brownfields, air quality, or oil and hazardous materials clean-ups.
- Streamline Federal Action- Work with our partner agencies to streamline Federal oversight to efficiently fulfill statutory, permitting and/or enforcement requirements in a timely fashion, including if enforcement discretion is warranted.
- Partner with EJ/Disadvantaged Communities – Actively engage vulnerable and overburdened communities so they can meaningfully participate and have their issues addressed during recovery operations and planning.

What is the Role of Response v. Recovery? Response and recovery are two **separate but coordinated** phases of disaster relief that may overlap. Response – which EPA carries out under the National Oil and Hazardous Substances Pollution Contingency Plan (managed by EPA) and the National Response Framework (managed by FEMA) – is typically conducted on a weeks to months timeframe for large scale events and addresses the immediate health and safety needs of the affected community. Recovery – EPA's responsibilities are outlined under the federal National Disaster Recovery Framework – a process that can last years, and which focuses on the long-term restoration of places and communities affected by disaster. Recovery operations can involve numerous EPA programs, not only those that were involved in the response phase; many programs involved in response take on additional responsibilities during recovery (e.g., during response, water programs may assess disaster damage, and, during recovery, begin working with states under the State Revolving Fund (SRF) program to rebuild water infrastructure).

How are Federal Disaster Recovery Operations Organized on a National Level?

When EPA is involved in recovery operations, it operates within the **National Disaster Recovery Framework (NDRF).** Coordinated by FEMA, the NDRF defines how Federal Agencies organize and operate to promote effective recovery and support States, Tribes and other jurisdictions affected by a disaster.

The NDRF is comprised of six Recovery Support Functions **(RSFs)** with a federal agency designated the Coordinating Agency for each one – **1) Community Planning and Capacity Building** (FEMA), 2**) Economic Recovery Support** (DOC), 3**) Health and Social Services** (HHS), **4) Housing** (HUD), **5) Infrastructure Systems** (USACE), **and 6) Natural and Cultural Resources** (DOI). Although EPA is not a Coordinating Agency, it can play a significant part in recovery as an RSF Primary Agency (significant authorities, roles, resources) or Support Agency (specific capabilities or resources that support a primary agency in executing the mission of the RSF) for all six RSFs.

AMERICAN OVERSIGHT

What Should a Region Consider When the Recovery Process Begins?

(1) **Will EPA have a role in recovery?** Most disasters will not have a federal recovery effort requiring EPA involvement. In fact, FEMA has activated the NDRF for only a few incidents. When the NDRF is activated, and a sustained effort is needed, EPA managers should assess the appropriate extent of involvement and resources needed to accomplish the Agency's objectives.

(2) **Who should the Region contact for assistance?** The Region should inform the Deputy Administrator's Office immediately of significant recovery operations. The EPA Headquarters (HQ) Office of Homeland Security represents EPA on FEMA's national-level Recovery Support Function Leaders Group, and can assist with interagency coordination. The Region should consult OCFO for financial coordination and NPM programs for program-specific issues.

(3) **How should Regional recovery programs be organized?** Regions may need to involve a wide array of HQ and regional programs and organize multi-disciplinary teams. **Regional Incident Coordination Teams** can provide initial coordination and outreach during the response phase, in coordination with the HQ National Incident Coordination Team, but eventually regions may need to establish a **Regional Disaster Recovery Team**. These regional recovery contacts may then also want to contact each of the 6 RSFs and assign an EPA POC for each of them. (For example, the Water Program typically works with Infrastructure Systems (RSF #5) and the Sustainability Program works with Community Planning/Capacity Building and Housing (RSFs #1 and 4)).

What EPA Programs May Be Involved in Recovery Operations? Depending on the nature of the disaster, over 20 EPA existing programs may become involved in disaster recovery operations, including:

Clean Water State Revolving Fund	ORD/Homeland Security Research	Brownfields
Drinking Water State Revolving Fund	Enforcement and Environmental Justice	NEPA
Global Climate Change Adaptation	Smart Growth/Sustainable Communities	Tribal Affairs
Agricultural Assistance	Air, including Indoor Air and Fuel Waivers	Energy Star

These programs and their recovery work may be funded through regular EPA appropriations (according to usual processes), FEMA Mission Assignments, or through supplemental appropriations.

What is a Sustainability Advisor? In addition to identifying POCs for the RSFs, EPA may be requested to provide a **Sustainability Advisor** for the recovery operations, through a Mission Assignment. This position advises the FEMA Interagency Recovery Coordination team, RSFs, Federal state, and tribal partners and local officials on sustainable communities, climate change adaptation and low-impact growth, materials and products for recovery planners in the adaptation of sustainable, green, and resilient principles and practices. (See EPA/FEMA Memorandum of Agreement)

How are Other Federal Programs Involved in Recovery Operations?

FEMA provides grants, through the Public Assistance (**PA**) Program for debris removal, emergency protective measures, mitigation, and the repair, replacement, or restoration of disaster-damaged, publicly owned and certain private facilities. FEMA also helps people directly through the Individual Assistance Program **(IA),** provides long term grants through the Hazard Mitigation Grant Program (**HMGP**) and runs the National Flood Insurance Program **(NFIP).**

HUD's Community Development Block Grant (**CDBG**) program provides annual grants on a formula basis but also provides flexible grants to help cities, counties, and States recover from Presidentially-declared disasters, especially in low-income areas, subject to availability of supplemental appropriations.

The **Army Corps of Engineers** coordinates federal public works and engineering-related support, as well as providing technical assistance, engineering expertise, and construction management to support recovery projects.

Meeting Request Form for Administrator Scott Pruitt

Today's Date: Sept. 6, 2017

Meeting Date: Oct. 10, 2017

Meeting Time: 10:00 am

Requested Location (if offsite, please list address, parking instructions, etc.): your office

Requestor: Melissa Shute

Purpose of the Meeting: CEO of Statoil will be in town and would like to meet with Administrator Pruitt to discuss Statoil's U.S. presence, technologies used to voluntary reduce emissions at its U.S. assets and the economic and commercial benefits.

Background on the Meeting:

Role of the Administrator:

Attendees: CEO of Statoil Eldar Saetre, Principle Consultant of Communications CEO office Holly Pattenden, and Sr. Director of Public Affairs Melissa Shute

Point of Contact: Melissa Shute (b) (6)

Event Request Form for
Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Group: The Federalist Society

Name of Event: 2017 National Lawyers Convention

Date of Event: Friday, November 17, 2017

Type of Event (banquet, lecture, panel discussion, etc.): Multi-day Convention

Role of the Administrator: Address

Approximate time will the Administrator's Remarks Begin (example 9:00 am): 11:15 a.m.

Expected length of the Administrator's remarks: 45 Minutes. Actual address 20 - 25 minutes, Q&A remainder of time.

Will there be Q&A? If so, for how long and who from? Ex: press, attendees: approx.. 20 minutes Q&A with audience, Mr. Pruitt will call on audience from the podium and they will ask questions from their seats. Press is invited to attend, so they may be in attendance.

Event begins (example 9:00 am): 11:15 a.m.

Event ends (example 9:00 am): 12:00 noon

Event address (*please include room name or number if applicable*): Mayflower Hotel, 1127 Connecticut Avenue, Washington, DC

Will there be a hold room for the Administrator? (please include room name and/or number): Yes, Promenade Foyer Lounge

Please list the name and title of the individual who will introduce the Administrator: Unsure, likely someone fromThe Federalist Society

Approximate size of the audience. Please also include a brief description of the makeup of the audience (*attorneys, business owners, veterans, students etc.*): Likely between 300 - 500 attendees. The audience will be made up mostly of lawyers.

AMERICAN OVERSIGHT

Please indicate your request for the topic of the Administrator's remarks, if applicable:
Can be discussed.

Please list any special guests, elected officials, or other dignitaries who are invited or are expected to attend: N/A

Please list any other speakers at this event: Highlights include Justice Neil Gorsuch, White House Counsel Donald McGahn, Attorney General Jeff Sessions

Is this event open to the media?: Yes

Please list a point of contact for the day of the event, including a cell phone number and e-mail address for the contact: Juli Nix, (c) (b) (6) **, juli.nix@fedsoc.org**

If applicable, please list the name(s) and contact information of the person(s) who will greet the Administrator upon arrival, including a cell phone number and e-mail address for each contact: Juli Nix, (c) (b) (6) **, juli.nix@fedsoc.org, Dean Reuter, (c)** (b) (6) **dean.reuter@fedsoc.org**

Please list any special information or directions, such as ongoing construction, specific points of entry, or parking instructions, about the event or location: Please arrive at Mayflower Hotel on the DeSales Street side, enter at the first door.

Please list below any other relevant information such as agendas, background information or other relevant information about the event. (*Information may also be attached and submitted with this form.*) https://www.fed-soc.org/events/detail/2017-national-lawyers-convention

Please include a contact number for the event location: (b) (6) **, Amy James**

Please indicate whether this event is held weekly, monthly or annually: This is an annually event

Please indicate the attire for this event (*business, formal, casual, etc.*): Business

Please list any agencies, businesses, schools or universities, or other organizations that may be sponsoring or co-sponsoring this event: There are no co-sponsors for this event

Please provide the security contact if contracted or head of security for event location: (b) (6) **, Amy James can connect you**

The Honorable Scott Pruitt
Administrator
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, D.C. 20460

Re: ***Cooperative Federalism & Meeting Request***

Dear Administrator Pruitt,

Congratulations on your confirmation as Administrator of the Environmental Protection Agency (EPA). As co-regulators with the federal government, the National Association of State Departments of Agriculture (NASDA) applauds your commitment to Cooperative Federalism, and NASDA stands ready to work with EPA to fulfill the spirit and intent of this charge.

NASDA represents the Commissioners, Secretaries, and Directors of the state departments of agriculture in all fifty states and four U.S. territories. State departments of agriculture are responsible for a wide range of programs including food safety, conservation, environmental protection, water quality, and fostering the economic vitality of our rural communities. In forty-three states and Puerto Rico, the state department of agriculture is a co-regulator with EPA and responsible for administering and enforcing the labeling, distribution, sale, use and disposal of pesticides under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

NASDA was particularly encouraged by your comments during your confirmation hearing reaffirming the role of states and touting Cooperative Federalism—a robust partnership and role for states in federal policy-making. This is a top priority for NASDA, and we are eager to work with you and your team on enhancing the states' role in the regulatory, enforcement, and other programmatic responsibilities of the Agency. We are especially interested in exploring new ways the state departments of agriculture can partner with EPA.

In furthering this partnership, NASDA encourages EPA to consult early and often with the state departments of agriculture, and NASDA urges EPA to promptly fill and empower the position of the Counselor to the Administrator for Agricultural Policy as an advocate for and liaison to the agriculture community. NASDA also recognizes the importance of the Regional Administrators and their ability to directly interact with state officials and stakeholders to solicit their regional input on proposed policy or regulatory initiatives. These positions are excellent opportunities to increase partnerships and cooperation between EPA and the states, and NASDA encourages EPA to consult with NASDA members in the selection of these officials.

NASDA has identified two program areas that would benefit from immediate and robust cooperative federalism engagement with the state departments of agriculture. The first is the review of the Water of the United States (WOTUS) rule, and the second relates to EPA's Office of Pesticide Programs (OPP) activities.

AMERICAN OVERSIGHT

NASDA commends EPA's decision to review the WOTUS rule, which was developed through a flawed process void of state and stakeholder involvement. We hope EPA will undertake a robust and meaningful consultation process with states and state agency associations, as well as a stakeholder engagement process with the regulated community, during the WOTUS rule review. We stand ready to work with you on this issue of vital importance to agriculture.

Second, NASDA also requests EPA consult with the state departments of agriculture in the review, improvement, and implementation of the Ag Worker Protection Standard rule; the Certification & Training of Pesticide Applicators rule; and the State Managed Pollinator Protection Plans (MP3s). NASDA values our partnership with EPA-OPP, and NASDA welcomes the opportunity to strengthen this partnership through early and frequent consultation with OPP activities before any formal rulemaking is initiated.

As regulatory partners with EPA, NASDA stands ready to assist EPA through our Cooperative Federalism responsibilities to review and improve WOTUS, FIFRA regulatory processes and other issues where state partnerships will enhance the rulemaking process and the regulatory outcomes. **To build on this partnership, we would like to convene a meeting with you and several NASDA board members and committee leaders on the morning of April 11 or the afternoon of April 12.** Please let us know of your interest and availability to meet with us on these dates or times.

NASDA commends the emphasis you are placing on the importance of state and federal partnerships, and we look forward to working with you in fulfilling the spirit and intent of Cooperative Federalism (attached for your reference is a NASDA one-page summary on our Cooperative Federalism initiative). Please contact Nathan Bowen (nathan@nasda.org) if you have any questions or would like any additional information.

Sincerely,

Barbara P. Glenn

Event Request Form for
Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Group: American Iron and Steel Institute and the Steel Manufacturers Association

Name of Event: AISI 2017 General Meeting and SMA 2017 Annual Meeting

Date of Event: Tuesday, May 23

Type of Event (banquet, lecture, panel discussion, etc.): Conference Speech with Q&A

Role of the Administrator: Featured Speaker

Approximate time will the Administrator's Remarks Begin (example 9:00 am): 2:45 pm

Please note: We could move the time later in the afternoon to 3:30 pm, for example, if that time is better for the Administrator.

Expected length of the Administrator's remarks: 20 minutes plus Q&A

Will there be Q&A? If so, for how long and who from? Ex: press, attendees: Yes; 15-20 minutes

Event begins (example 9:00 am): 2:30 pm Opening of Conference and Introduction of the Administrator; 2:45 pm Speech begins

Event ends (example 9:00 am): 3:30 pm

Event address (*please include room name or number if applicable*):
The Four Seasons Hotel
Room for Speech: Corcoran Ballroom
2800 Pennsylvania Ave., NW
Washington, DC 202-342-0444

Will there be a hold room for the Administrator? (please include room name and/or number):

Yes, we will have a hold room. We will need to get the name of the room to your office.

AMERICAN OVERSIGHT

Please list the name and title of the individual who will introduce the Administrator:

Mario Longhi, incoming 2017 Chairman, American Iron and Steel Institute and President and CEO of United States Steel Corporation OR Thomas J. Gibson, President and CEO, American Iron and Steel Institute OR Philip Bell, President and CEO, Steel Manufacturers Association

Approximate size of the audience. Please also include a brief description of the makeup of the audience (*attorneys, business owners, veterans, students etc.*): We anticipate 150+ attendees including chief executive and senior leadership from top steel producers in North America and their government relations staff and mid-to-senior level executives from supplier companies to the steel industry. The two organizations, American Iron and Steel Institute and the Steel Manufacturers Association represent the more than 80 percent of the steel capacity in North America.

Please indicate your request for the topic of the Administrator's remarks, if applicable: Our members share your view that protection of the environment is a core value, and that it can be achieved in a more efficient manner that allows the U.S. economy to grow and the steel industry to remain competitive. Our members are among the most efficient steelmakers in the world, with the domestic steel industry reducing its energy intensity by 32 percent since 1990 and reducing its greenhouse gas (GHG) emissions by 37 percent over the same period. We have carefully sought to reduce our environmental footprint even while producing the advanced and highly recyclable steel that our economy needs. However, the simultaneous development and implementation of multiple new environmental regulatory programs at the federal and state levels have created competitive disadvantages for the industry, endangered manufacturing jobs and added significant costs to operations while providing only marginal environmental benefits.

We would greatly appreciate the opportunity to hear of your plans for improving the regulatory and permitting process at the US EPA.

Please list any special guests, elected officials, or other dignitaries who are invited or are expected to attend: We will be holding a Congressional Breakfast on May 24th and anticipate participation by a dozen or more Steel Caucus members at the event. We have also invited Senators Sherrod Brown and Rob Portman to speak at dinner on May 22.

Please list any other speakers at this event: The Hon. Wilbur Ross (invited), U.S. Secretary of Commerce

Is this event open to the media?: No

Please list a point of contact for the day of the event, including a cell phone number and e-mail address for the contact:

Liz Vago, Sr. Director, Membership & Administration, American Iron and Steel Institute

AMERICAN OVERSIGHT

Cell: (b) (6)
Email: evago@steel.org

If applicable, please list the name(s) and contact information of the person(s) who will greet the Administrator upon arrival, including a cell phone number and e-mail address for each contact:

Kevin Dempsey, Senior Vice President, Public Policy & General Counsel, American Iron and Steel Institute; (b) (6) **(cell phone); kdempsey@steel.org (email)**

Paul Balserak, Vice President, Environment, American Iron and Steel Institute; (b) (6) **(cell phone); pbalserak@steel.org (email).**

Please list any special information or directions, such as ongoing construction, specific points of entry, or parking instructions, about the event or location:

Please list below any other relevant information such as agendas, background information or other relevant information about the event. (*Information may also be attached and submitted with this form.*)

Please include a contact number for the event location: 202-342-0444

Please indicate whether this event is held weekly, monthly or annually: Annually

Please indicate the attire for this event (*business, formal, casual, etc.*): Business

External Meeting Request Form for
Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Today's Date: April 28, 2017

Meeting Date: June 15, 2017

Meeting Time: 2:00 p.m.

Requested Location (if offsite, please list address, parking instructions, etc.):
Trump International Hotel, 1100 Pennsylvania Ave NW, Washington, DC 20004

Requestor: Geoff Moody, vice president, government relations, American Fuel & Petrochemical Manufacturers

Purpose of the Meeting: Introduction to AFPM Executive Committee and discussion of a few key priorities for the refining and petrochemical industries.

Background on the Meeting: AFPM represents 95% of the nation's petroleum refining capacity and a majority of the petrochemical industry. Our members are subject to many EPA regulations that impact our ability to compete in the global fuel and petrochemical markets.

Role of the Administrator: Discuss how AFPM and its members can best engage EPA and the Administration to support shared goals.

Attendees:

- Larry Ziemba, Executive Vice President, Refining, Phillips 66 (AFPM Chairman of the Board)
- Joe Gorder, Chairman, President and CEO, Valero Energy Corporation (AFPM Vice Chairman)
- Greg Goff, Chairman, President and CEO, Tesoro Corporation (AFPM Past Chairman)
- Dennis Seith, President and CEO, INEOS (AFPM Treasurer)
- George Damiris, CEO & President, HollyFrontier Corporation
- Gary Heminger, Chairman, President and CEO, Marathon Petroleum Corporation
- Dave Lamp, President and COO, Western Refining Company

AMERICAN OVERSIGHT

- Jack Lipinski, CEO, CVR Energy
- Jim Loving, Sr. VP Refining, Pipelines and Terminals, CHS, Inc.
- Jeff Ramsey, President and CEO, Flint Hills Resources
- Jerry Wascom, President, ExxonMobil Refining & Supply Co.
- Jeff Webber, President, AltairStrickland, Inc.
- Tom Nimbley, CEO, PBF Energy, Inc. (tentative on attendance)
- Chet Thompson, president and CEO, American Fuel & Petrochemical Manufacturers
- Geoff Moody, vice president, government relations, American Fuel & Petrochemical Manufacturers

Point of Contact:

Geoff Moody, gmoody@afpm.org, (b) (6) (c)

External Meeting Request Form for Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Today's Date: August 28, 2017

Meeting Date: September 12 or 13, 2017

Meeting Time: TBA

Requested Location (if offsite, please list address, parking instructions, etc.): EPA headquarters

Requestor: William "Bill" Johnson, President and Chief Executive Officer, Tennessee Valley Authority

Purpose of the Meeting: TVA is a Federal Corporation owned by the United States Government. The purpose of the meeting is to provide an introduction with the CEO of TVA and the Administrator, and discuss TVA's generation fleet and environmental mission.

Background on the Meeting: This would be a small meeting, with three participants from TVA who want to share with the Administrator updates on TVA's generation, transmission, mission of service to the Tennessee Valley and environmental purpose and mission.

Role of the Administrator: Introductory meeting with the CEO of TVA

Attendees: Mike Skaggs, Executive Vice President, Operations; Justin Maierhofer, Vice President, Government Relations

Point of Contact: Justin Maierhofer, Vice President, Government Relations, (b) (6) office; (b) (6) cell

Keri Stanzione, Executive Assistant to the CEO, (b) (6) , office; (b) (6) , cell

External Meeting Request Form for
Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Today's Date: 07-05-17

Meeting Date: 10-23-17

Meeting Time: 9:30am – 11:00am

Requested Location: Hilton Nashville Downtown…Nashville, TN…the meeting will be in the ballroom area.

Requestor: Charlie Polston

Purpose of the Meeting: BG Products, Inc. 46th Annual International Sales Convention

Background on the Meeting: BG Products, Inc. is a supplier of chemicals and lubricants for the Automotive Industry. EPA mandates have a big impact on the Automotive Industry. Topics would include: CAFÉ, Clean Diesel, Ethanol, BioDiesel, and more.

Role of the Administrator: Keynote Speaker (speak for 30-45 minutes followed by a discussion format for 30-45 minutes)

Attendees: 300 BG Distributors and Managers and their spouses. About 250 from North America and 50 from around the world. This is a private meeting with no members of the public invited. BG Products, Inc. is a privately held company.

Point of Contact: Charlie Polston (b) (6) (b) (6)

AMERICAN OVERSIGHT

ILOC, Blending, and CRR's Present Lawsuit Against EPA

~ April 20, 2017 Meeting ~

- Prior to 2006, EPA approved and grant funded "blending" as a cost effective and safe approach to process peak wastewater flows at municipal facilities. See, EPA Q&A on Blending – 2003. Blending was not considered a "bypass" subject to the "no feasible alternatives" analysis found in the "bypass rule" – 40 C.F.R. § 122.41(m).

- In 2006, using a draft document co-authored by NRDC, EPA reversed its position and started declaring that "blending" violated the bypass rule in enforcement orders, permit reviews and in meetings with delegated states. *The nationwide cost of this action was estimated by EPA to exceed $200 billion*.

- In 2011, the Iowa League of Cities sued EPA for illegally amending federal rules without rulemaking. In March 2013, the Eighth Circuit Court of Appeals agreed that EPA's regulatory positions were "irreconcilable" with the adopted rules and vacated the illegal NPDES rule amendments. *See Iowa League of Cities ("ILOC") v. EPA*, 711 F.3d 844 (8th Cir. 2014).

- In November of 2013, EPA, in close coordination with DOJ, decided that it would continue to impose the blending ban outside the Eighth Circuit. EPA HQ transmitted this decision to its Regional Offices who began, once again, to enforce the blending prohibition (again, without any rulemaking).

- This second decision was also *ultra vires* as 33 U.S.C. § 509(b)(1)(E) and 28 U.S.C. 2112(a) only allow a single Circuit Court to review nationally applicable NPDES rules (*i.e.*, nonacquiescence is proscribed). The decision is also inconsistent with the statutory framework which requires a uniform set of NPDES permitting rules.

- In 2014, the Center for Regulatory Reasonableness ("CRR") challenged EPA's post-*ILOC* decision in the D.C. Circuit for its members located outside of the Eighth Circuit. *See CRR v. EPA*, (D.C. Cir. 14-1150).

- During CRR's lawsuit, the Agency repeatedly misinformed the D.C. Circuit that it had not issued a decision regarding whether, and to what extent, *ILOC*

AMERICAN OVERSIGHT

applied outside the Eighth Circuit. However, EPA subsequently released numerous documents under FOIA that confirmed (1) EPA directed the Regional offices to continue imposing the rule amendments vacated by the Eighth Circuit and (2) was actively enforcing those requirements in permit and enforcement matters. *Agency documents confirm that DOJ/OGC attorneys were integrally involved in rendering and carrying out this decision.*

- On February 28, 2017, the D.C. Circuit determined that "EPA's nonacquiescence statements" were not subject to CWA § 509(b)(1)(E) review and indicated, in part, that other court's may have jurisdiction to review EPA's actions. Following CRR's submission of a Petition for Rehearing (panel and *en banc*), the D.C. Circuit has ordered EPA to response to the filing by May 3, 2017.

Requested Action

- *CRR requests that, in its rehearing response, the new administration correct EPA's prior misrepresentations to the D.C. Circuit.* Specifically, EPA's response should confirm:

    1. The prior administration, in fact, rendered and announced a decision to continue imposing the vacated rule amendments, outside of the Eighth Circuit – expressly including a determination that blending is classified as a bypass subject to the "no feasible alternatives" analysis of 40 C.F.R. § 122.41(m); and,

    2. the Agency does not dispute, per its filing in the *PMAA v. Horinko* (DC Cir 2005), that a decision to classify blending as a bypass would be subject to review under Section 509 of the Act.

- *If the D.C. Circuit were to deny rehearing*, the new administration should issue a statement indicating that the 2013 *ILOC* ruling is binding nationwide.

NASDA's Call to Action to 2020

NASDA's Call to Action: Advancing Agriculture Through Enhanced Partnerships

NASDA calls for a renewed commitment to Cooperative Federalism—a robust partnership and role for states in federal policymaking—to ensure agriculture's economic stability while guaranteeing safe and accessible food. Effective federal-state partnerships are needed now more than ever.

States Are More than Stakeholders

The National Association of State Departments of Agriculture's (NASDA) unique voice at the nexus between the states and the federal government is critical to food and agriculture policy. As both co-regulators and promoters of agriculture with the federal government, NASDA Members are not simply stakeholders.

Cooperative Federalism: A Robust Role for States

- Advancing the role of states – as co-regulators and not simply stakeholders – in the federal regulatory process
- Ensuring federal legislation reflects the unique role states serve in implementing federal legislation
- Increasing flexibility for state program delivery
- Enhancing resources for states and eliminating unfunded mandates
- Supporting the roles and respecting the authorities of states

Our Mission

NASDA grows and enhances agriculture by forging partnerships and creating consensus to achieve sound policy outcomes between state departments of agriculture, the federal government, and stakeholders.

March 30th, 2017

The Honorable Scott Pruitt
U.S. Environmental Protection Agency
1200 Pennsylvania Ave., NW
Office of the Administrator, 1101A
Washington, D.C. 20460

Dear Administrator Pruitt:

On behalf of Scenic Hudson, I congratulate you on your appointment as Administrator of the U.S. Environmental Protection Agency. I am writing to request a meeting to explore innovative ways to optimize the effectiveness and efficiency of ongoing efforts to clean up the Hudson River.

Scenic Hudson is the largest non-profit conservation organization working to protect and restore the Hudson River Valley while encouraging smart economic growth in cities and towns in the region. I serve on the Mid-Hudson Regional Economic Development Council to help create jobs while protecting the natural assets of our area. Scenic Hudson utilizes land acquisition and sophisticated planning tools to create jobs and prosperous communities and enhance public access to the river while preserving the valley's inspiring beauty and natural resources. To date Scenic Hudson has created or enhanced more than 65 parks, conserved almost 40,000 acres and permanently protected over 100 working farms.

The priority issue I would like to discuss with you is the clean-up of the Hudson River Superfund site. We are encouraged by your public statements indicating you would like to find opportunities to create jobs and achieve environmental gains and that you believe EPA can help fix the pollution in the Hudson. The Obama Administration made a series of missteps that can be remedied to achieve these goals. To that end, I would greatly appreciate an opportunity to meet prior to EPA's release of any draft of the ongoing Five-Year Review of the Hudson clean up.

I will be in Washington D.C. April 6th and 7th and would be pleased if your schedule permitted a meeting one of these days. If these dates are not possible, I welcome your suggestion of other dates.

Thank you in advance for your consideration of this request. Please don't hesitate to contact me at (914) 489-4630 or nsullivan@scenichudson.org if you or your staff have any questions or a need for additional information.

Sincerely,

Ned Sullivan

AMERICAN OVERSIGHT

Hurricane Irma Response
EPA Region 4
SITUATION REPORT #09
1700 - 0900 EST, September 12, 2017

SEPTEMBER 12, 0900 UPDATES

- EPA Preparation and Response Activities
  - The Florida SEOC ESF-10 Desk has identified 185 priority facilities within 23 counties. The list is composed of a combination of facility types (e.g., FRP and RMP).
  - The EPA Region 4, Sam Nunn Atlanta Federal Center (AFC) remains closed; however, the Regional Emergency Operations Center (REOC) remains operational and staffed.
  - Region 4 Field Assessment teams, composed of On-Scene Coordinators (OSC) and START contractors, will mobilize to Florida today. Teams will rally in Orlando, Florida and await assignments from the Operations Section Chief.
  - The Region 4 Superfund Remedial (SFD) program will deploy Rapid Assessment teams, composed of Remedial Project Managers (RPMs) and field staff from the R4 Science and Ecological Support Division (SESD), to Florida to conduct rapid assessments at all National Priority List (NPL) sites within the State. Teams are mobilizing today.
  - The Water Protection Division (WPD) continues to coordinate with the FDEP and the U.S. Army Corps of Engineers (USACE) relative to Water and Drinking Water issues. A Water Team will join USACE at the Florida SEOC in Tallahassee, Florida today to support preliminary water and wastewater system assessments.
  - Initial reports from Georgia water and wastewater systems indicate that six community-water systems are without power or on back-up generators. Three Publically Owned Treatment Works (POTW) are reported as being without power or partially operating on back-up generators. Requests for back-up power generators for water and wastewater treatment facilities are coming to the State of Georgia ESF-3 desk.
  - Figure 1 (provided at the end of this report) depicts current storm surge data and priority facilities located in north Florida, south Georgia, and southern Alabama that may be impacted.

AMERICAN OVERSIGHT
EPA-17-0432-F-000087

- State and Tribal Updates
  - As of 0800 hours, there are approximately 5,021,465 power outages in Florida and 1,269,080 outages in Georgia.
  - Georgia Emergency Management Agency (GEMA) is reporting 8,871 people in shelters.
  - The Florida State Emergency Response Team (SERT) has not provided an update regarding people in shelters. Yesterday, they reported 203,061 people in shelters.
  - The Tennessee SEOC was activated to State of Emergency on September 11 as Irma approaches Tennessee. The SEOC will remain activated with 24-hour operations.
  - The Seminole Tribe, of Florida, is conducting assessments of critical infrastructure; no issues reported.
  - The Miccosukee, of Florida, continues to remain without power. They are actively conducting assessments of critical infrastructure; no issues are reported. The tribe has received water pumps from the USACE and Southwest Florida Water Management District.

- **NATIONAL RESPONSE CENTER (NRC)**
  - Table 1 below provides a summary of NRC reports received in Hurricane Irma impact areas. Incidents that may require action by the EPA Region 4 field teams are summarized in the Region 4 States section of the Situation Report.

Table 1
NRC Report Tracking

Location	Hazardous Materials		Oil		Other	
	Open	Closed	Open	Closed	Open	Closed

Closed means response addressed by owner-operator or Federal, State, or local agency; no EPA assistance requested.

  - **Significant NRC Reports**
    Mosaic Fertilizer Phosphoric Acid Spill in Bartow, Polk County, Florida – The facility report that heavy rains caused a release of process water containing 2% phosphoric acid from a lined impoundment. The release did not impact water and did not leave the facility. Facility personnel are pumping the release material back into the lined impoundment. Facility personnel advised that they are working with FDEP's Phosphate Group and providing regular updates.

- **CURRENT HURRICANE IRMA STATUS**
  - Hurricane Irma has been downgraded to a Tropical Depression. The storm center is approximately 40 miles northeast of Auburn, Alabama with sustained winds near 35 miles per hour (mph). The storm is moving northwest at 15 mph.
  - The storm is anticipated to continue on its current track over through central and northwest Alabama as a tropical depression.

- **CURRENT HURRICANE JOSE STATUS**
  - Hurricane Jose is located about 435 miles north-northeast of Grand Turk Island, the capital island of the Turks and Caicos. The storm has sustained winds of 75 mph and is moving to the east at 6 miles per hour (mph).
  - Current National Hurricane Center (NHC) models indicate the storm will complete a slow anticyclonic loop over the next 72 hours.

AMERICAN OVERSIGHT
EPA-17-0432-F-000088

REOC STATUS AND ACTIVATIES

PLANNING AND PREPARATIONS

The EPA Region 4 REOC maintains a Level 3 activation. The following positions have been activated in the REOC and a table is provided below:

- REOC Manager
- Public Information Officer (PIO)
- Logistics Section Chief
- Planning Section Chief
- Situation Unit Leader with START support
- Resource Unit Leader
- Documentation Unit Leader
- Environmental Unit Leader
- Safety Officer
- Finance Section Chief
- GIS Support (START)

Table 2
Current Region 4 Staffing

Personnel	EPA R4 Atlanta	FEMA Atlanta	Florida SEOC	Broward County	Palm Beach County
EPA Region 4	50	1	2	1	1
START	2	0	0	0	0

Staffing provided in this Table represents all EPA and contractor staff associated with the Hurricane Irma response.

FEMA RRCC

- The EPA Region 4 is currently operating under a Federal Operations Support (FOS) MA for $35,000 to support staffing the ESF-10 desk at the RRCC and the Florida State Emergency Operation Center (SEOC).
- ESF-10 MAs have been issued to provide Hazard Assessment Response teams. Targeted facilities will be identified by, and assessments directed through, the ESF-10 desk at the Florida SEOC.
    - The request is being divided between EPA and the U.S. Coast Guard (USCG) with EPA receiving $525,000 and USCG receiving $150,000. The period of performance is from September 10 to 25, 2017.

HEALTH & SAFETY

- The Regional and Superfund Division Officers made contingency arrangements to assist with vaccinations and medical monitoring in the event the storm impacts the Atlanta area and the REOC gets shut down.
- Safety Officers drafted and distributed Safety Message #1 to the EPA personnel currently deployed in Florida. The Safety Message is cross posted on the Irma SharePoint and the response.epa.gov websites.
- The Superfund Division Safety Officer developed and provided safety objectives to REOC Planning Support Section to be included in the Incident Action Plan.

AMERICAN OVERSIGHT
EPA-17-0432-F-000089

- The Safety Officer prepared and uploaded safety briefings covering fatigued and drowsy driving prevention, drum sampling and hazardous categorization (HAZCAT) safety, heat stress prevention, HHW and collection site safety and field work computer ergonomics to the Irma SharePoint and response.epa.gov websites.
- The overall Health and Safety Plan was reviewed and approved today. It will be posted on the Irma SharePoint and the response.epa.gov sites.

NATIONAL PRIORITY SITES

- NPL Rapid Assessment Teams will deploy to five geographic regions in Florida today, as identified by the REOC.

FINANCE

- The EPA Region 4 received a Direct Federal Assistance MA for $525,000 to perform facility assessment in Florida after the storm makes landfall. This MA after the indirect adjustment totals $458,587.
- The USCG received a $150,000 MA to support the EPA Region 4 ESF-10 activities.
- The REOC Finance Section is in the process of uploading appropriate account codes to the PeoplePlus System.
- All previous MAs are being switched to the disaster (DR) account; therefore, the emergency (EM) or surge account will no longer be valid. FEMA directed the EPA not to bill to those original funding accounts.

Table 3
FEMA Mission Assignment Status

Mission Assignment Number	Type of Mission Assignment	Period of Performance	Cost Share	Funding	Cost to Date
FL-17083101-EPA-01	Federal Operations Support	September 4 to 14, 2017	0%	$35,000	$8,580
3385EM-FL-EPA-01	Direct Federal Assistance	September 10 to 25, 2017	25%	$525,000	NA
3385EM-FL-COE-SAD-10	Federal Operations Support	September 8 to 29, 2017	0%	$150,000	NA

REGION 4 PREPARDNESS

- The EPA Region 4 Mobile Command Post (MCP) will deploy to Tallahassee to support Florida SEOC operations and field operations, as needed, on Wednesday, September 13, 2017.
- The EPA Assessment Team personnel will mobilize to Florida today.
- The Region 4 SFD group will deploy teams to Florida to conduct rapid assessment at all National Priority List (NPL) sites within the State. Teams are mobilizing today.
- The WPD will deploy teams to Tallahassee, Florida today, to support the USACE water sector mission. WPD continues to coordinate with USACE.
- The WPD continues to coordinate with Georgia, Alabama, and Tennessee regarding data sharing.

REGION 4 STATES

FLORIDA

AMERICAN OVERSIGHT
EPA-17-0432-F-000090

- Florida is currently operating at their highest level of activation - Level 1, with the State Emergency Operations Center (SEOC) staffed by Division of Emergency Management personnel and all Emergency Support Functions.
- The Federal Emergency Management Agency (FEMA) announced on September 10, 2017, that federal disaster assistance has been made available to the state of Florida to supplement recovery efforts retroactive to September 4, 2017.
    - The declaration includes assistance for public emergency protective measures, including debris missions, at 100% of the total eligible costs for all 67 counties.
    - Individual assistance is available to residents of Charlotte, Collier, Hillsborough, Lee, Manatee, Miami-Dade, Monroe, Pinellas, and Sarasota counties.
- Florida ESF-12 personnel plan to assess Facility Response Plan (FRP) regulated power generating facilities.
- Florida ESF-10 personnel continue to assist State, Tribal, and Federal partners in preparing for post landfall response and mitigation actions. Primary focus has been in three areas:
    - Ensuring that impacted drinking water and wastewater facilities are returned to service as quickly as possible. The EPA is supporting this activity with Florida Department of Environmental Protection (FDEP) and the USACE.
    - Developing and implementing debris management strategies and operations. EPA is working with FDEP, Florida Department of Transportation (FDOT), and the USACE to support their needs.
    - The EPA coordinated with the FDEP, Florida Department of Transportation (DOT), FEMA, and the USACE concerning the development and implementation of a Debris Management Plan. Key issues discussed relative to EPA were the management of Hazardous Wastes, Household Hazardous Wastes (HHW), Asbestos, Air Curtain Incinerators, Tribal Concerns, and Environmental Justice areas.
- The EPA continued to coordinate with the FDEP and the USACE relative to Water and Drinking Water issues. Additionally, the USACE has indicated they may request Region 4 assistance with sampling activities associated with bringing the Water/Drinking Water facilities back on line.
- The table below provides a summary of priority facilities in Florida:

Table 4
Priority Facility Sites in Florida

Drinking Water	WWTP	NPL	RMP	FRP
1,642	387	92	263	121

Notes:
WWTP – Wastewater Treatment Plant
NPL – National Priority List sites
FRP – Facility Response Plan facilities
RMP – Risk Management Plan facilities

GEORGIA

- The Georgia SEOC is currently operating at a Level 1 (full activation and fully staffed) activation. No request for EPA representatives have been made at this time.
- On September 10, 2017, the Governor extended a State of Emergency for the remaining 65 counties and now the State of Emergency covers all 159 counties.
- There are significant fuel outages in Georgia. Though fuel continues to come into the state via pipeline and the Colonial Oil terminal in Savannah has enough fuel, delivery logistics will remain a challenge.
- The ports in Savannah, Georgia, remain closed.

AMERICAN OVERSIGHT
EPA-17-0432-F-000091

SOUTH CAROLINA

- On September 7, 2017, an emergency declaration issued by FEMA authorized emergency protective measures (Category B), including direct federal assistance, under the Public Assistance program at 75 percent federal funding. This includes all 46 South Carolina counties and the Catawba Indian Nation.

NORTH CAROLINA

- The North Carolina SEOC is currently operating at Level 4 activation. They are monitoring tropical weather forecasts.

ALABAMA

- The Alabama Emergency Management Agency (EMA) is currently operating the SEOC at Level 1 (full operation) activation.
- Four Operations Centers have also been activated along the State's eastern border. Five EMA Divisions along the eastern and southeastern borders of the State are on stand-by to begin operations, as needed.
- The Alabama Department of Environmental Management (ADEM) reported to the Alabama SEOC. ADEM is anticipated to staff their SEOC throughout the duration of Level 1 activation.

MISSISSIPPI

- The Mississippi SEOC is currently operating at Level 3 (modified) activation. They are monitoring Irma's path and EPA is maintaining communication with the State to determine if EPA assistance is needed.

TENNESSEE

- The Tennessee SEOC is currently operating at an elevated activation and is staffed with partners from State of Tennessee departments. SEOC staff are monitoring Irma's movement and standing ready to assist local jurisdictions with any life-saving measures or need requests.
- Tennessee has not declared a state of emergency at this time.

REGION 4 FEDERALLY RECOGNIZED TRIBES IN POTENTIAL STORM PATH

Region 4 continues to coordinate with the Bureau of Indian Affairs.

Seminole Tribe of Florida

- Tribal leaders have requested an Emergency Declaration from the President of the United States. The request includes enforcement assistance, emergency telecommunications capabilities, and assistance with acquisition of emergency commodities. The request is currently being evaluated by FEMA.
- The Seminole Tribe in Florida has lost power at Immokalee, Big Cypress, Brighton, and Hollywood Reservations. A water main break occurred at Hollywood; a boil notice is in effect and water being distributed.
- The Seminole Tribe reports that 77 Tribal members are in shelters. Their EOCs are at level 1 activation. FEMA has authorized funding for debris removal and emergency protective measures, including direct federal assistance at 25% Tribal cost-share.

Miccosukee Tribe of Indians of Florida

AMERICAN OVERSIGHT
EPA-17-0432-F-000092

- The Miccosukee Tribe is without power and cell service. They are currently utilizing generators and have two satellite phones. Communications are disrupted on the Reservation and AT&T is working with the Tribe to restore service.
- Reports indicate that diesel supplies in the Reservation are being exhausted.

Catawba Indian Nation (South Carolina)

- No report on afternoon call.

Eastern Band of Cherokee Indians (North Carolina)

- No report on afternoon call.

Poarch band of Creek Indians (Alabama)

- No report on afternoon call.

AIR, PESTICIDE & TOXICS MANAGEMENT DIVISION

- Florida continues their shut down of ambient air monitoring sites located near the path of Hurricane Irma.

SCIENCE AND ECOSYSTEM SUPPORT DIVISION

- The EPA Region 4 SESD Mobile Laboratory remains prepared to conduct the following analyses for Drinking Water: total coliform, E. coli, fecal coliform, and enterococcus.
- The EPA Region 4 Science and Ecosystem Support Division continues make preparations to support response efforts.
    - A backup laboratory is ready to accept 10-15 samples per week for pesticide analysis.
    - Up to 14 personnel are immediately available to deploy to Florida to assist, as needed.
    - Mobile Lab for micro analysis (bacteria) is immediately available

WATER PROTECTION DIVISION

- The EPA Region 4 WPD received funding totaling $75,000 under an ESF-3 Mission Assignment (MA) sub-task to support the USACE drinking water and wastewater facility assessments.
    - Three technical experts have been identified to support USACE ESF-3 desk and teams will mobilize to Tallahassee, Florida today.
- The WPD compiled an inventory of community drinking water systems (CWS) and publicly owned wastewater treatment plants (POTW) that may be used during post storm damage assessment (Tables 5 and 6).

AMERICAN OVERSIGHT

* Total number of facilities in Florida's StormTracker application, which includes POTWs, non-permitted WWTPs, and industrial facilities of concern. The number will be refined as information becomes available.
** Lagoon system is on tribal lands. Discharge is to State waters (State issued permit)

- WPD continues building the necessary GIS data layers for use in mapping and communicating the status of drinking water wastewater systems in FL, GA, AL, SC, NC, and TN.
- WPD communicated with ADEM drinking water program to verify that ADEM has a system established to do initial assessments of drinking water systems. Arrangements have been made for ADEM to send their drinking water assessment/status tracking spreadsheet to the EPA Region 4. A follow-up call was scheduled for Monday, September 11, 2017, with ADEM. The findings of this call have not been reported at this time.

AMERICAN OVERSIGHT
EPA-17-0432-F-000094

REGION 4 OFFICE OF REGIONAL COUNSEL (ORC)

- The ORC provided generic property access agreement language specifically for response activities under the Stafford Act.
- ORC continues to research existing legal opinions relative to private property access during a Stafford Act response.

OFFICE OF EXTERNAL AFFAIRS (OPA)

- Coordinated with the EPA Region 4 REOC to provide a regional update for inclusion into OPA daily press release.

DECLA

ERIK C. BAPTIST

(b) (6)

EXPERIENCE

The American Petroleum Institute (API), Washington, DC
Senior Counsel, Office of General Counsel, January 2014 to present
Counsel, Office of General Counsel, May 2011 to December 2013

Direct litigation and legal advocacy on critical issues facing the oil and gas industry, including matters related to fuels specifications, market development of natural gas, Canadian oil sands, and environmental regulations

- Lead API's Subcommittee on Environmental, Health, and Safety Law, on which over 20 oil and gas companies participate
- Work with API members and outside counsel to determine legal strategy on issues important to industry and draft Supreme Court, appellate, district court, and amicus briefs in litigation related to those issues
- Submit comments to EPA on proposed rules relating to the Renewable Fuel Standards and other fuels regulations; file comments with FERC on regulations that affect the generation, transmission, and consumption of natural gas
- Draft letters to federal, state, and local governmental entities explaining API's legal concerns with proposed laws and regulations
- Successfully sued EPA multiple times over its mandates for refiners to use non-existent biofuels
- Provided the legal support on all aspects of API's advocacy on the Keystone XL Pipeline, including litigation strategy, presidential review process, federal legislation, coalition building, grassroots mobilization, and communications
- Negotiated settlement agreements with EPA and OSHA in separate lawsuits that API initiated

Provide legal counsel for API's legislative efforts, lobbying activities, and grassroots mobilization

- Collaborate with API staff from policy, communications, federal and state relations, external mobilization, and research and analysis departments to execute wide-ranging campaigns on mission-critical issues
- Draft legislation for congress and state legislatures on tort reform, environmental regulations, funding for government programs, and significant reform of prior legislation; develop consensus with affected constituencies to build broad coalition to support the legislation; work with congress and legislatures to introduce the bills; and prepare testimony before congressional committees on these issues
- Provide counsel to API's affiliated state petroleum councils on pending legislation and regulations, in addition to other legal issues unique to a particular state council
- Advise API on federal, state, and local lobbying activities and grassroots mobilization efforts to ensure that they comply with applicable laws and regulations

Provide legal advice for API's corporate needs and business operations

- Prepare, edit, and review press statements and published intellectual property, including television, radio, and print advertisements
- Work with API's research and analysis group to develop, monitor, and review third-party studies that support advocacy efforts
- Communicate with the press on legal issues facing the oil and gas industry
- Supervise API's response to subpoena requests from significant lawsuits and provide counsel to API staff on document retention policy
- Draft and review API's contracts with outside vendors

AMERICAN OVERSIGHT

EXPERIENCE (continued)

The Federal Energy Regulatory Commission (FERC), Washington, DC
Attorney, Office of Enforcement, Division of Investigations, March 2009 to May 2011

Market Manipulation Investigation and Trial Related to Natural Gas Market, March 2009 to March 2010
- Worked on the investigation of the Amaranth hedge fund and the trial of Amaranth's head trader who was found to have manipulated the price of natural gas through his futures trading
- Cross-examined a key NYMEX broker at trial; deposed executive officers and directors of the hedge fund; prepared staff's chief expert for his deposition and trial testimony; and drafted motions and briefs

Market Manipulation Investigation Related to Electricity Market, August 2010 to present
- Investigated whether trading firms violated FERC's anti-market manipulation rule by allegedly engaging in uneconomic virtual transactions solely to collect profitable surplus allocations
- Deposed traders, analyzed trade data, and devised an investigative plan

Other Significant Experience
- Lead a market-wide investigation of energy companies relating to the reliability of the electric grid
- Investigated an energy company for multiple violations of federal energy laws and regulations

McDermott Will & Emery LLP, Washington, DC
Associate, Trial Department, September 2004 to January 2009 (*Summer Associate*, Summer 2003)

Retiree Health Care Benefits Litigation, December 2004 to January 2009
- Worked on all aspects of two related billion-dollar class action lawsuits brought by retirees demanding free, lifetime healthcare benefits from client
- Drafted Supreme Court, Sixth Circuit, and district court briefs; took and defended the depositions of key witnesses; assisted with the preparation of client's chairman of the board and general counsel for their depositions; and helped with preparation for trial

U.S. Department of Justice's Investigation of Body Armor Industry, September 2006 to January 2009
- Served as primary point of contact for Department of Justice's investigation into alleged False Claims Act violations relating to client's participation in the body armor manufacturing industry and involving $300 million in potential liability
- Prepared client's employees for witness interviews; supervised associates and translators working on matter; successfully negotiated with government to reduce the scope of its document requests; and created presentations to government on client's non-liability for settlement negotiations

U.S. Department of Justice's Investigation of Off-Label Use of Client's Drug, March 2008 to June 2008
- Represented pharmaceutical company in response to Department of Justice's investigation of off-label use of client's drug, by leading team of attorneys in nationwide effort to interview witnesses and collect documents from their offices

Other Significant Firm Experience
- Participated in a federal court trial involving a false advertising claim against client contact lens manufacturer, by writing direct examinations of expert witnesses, preparing witnesses for courtroom testimony, and drafting pre- and post-trial briefs
- Successfully argued motions at hearings in federal and state courts for civil and criminal matters
- One of 33 associates in the firm to be recognized at associate retreat for outstanding *pro bono* work

U.S. District Court for the District of Columbia, Washington, DC
Judicial Extern to the Honorable Ricardo M. Urbina, August 2002 to April 2003
- Drafted legal memoranda and a proposed memorandum opinion for Judge Urbina

AMERICAN OVERSIGHT

EPA-17-0432-F-000098

EXPERIENCE (continued)

District of Columbia Court of Appeals, Washington, DC
Judicial Intern to the Honorable Eric T. Washington, June 2002 to August 2002
- Drafted legal memoranda for (now Chief) Judge Washington

The Washington Times, Washington, DC
Research Associate, Insight Magazine, June 2001 to August 2001
- Published three articles and edited submissions for the newspaper's weekly magazine

The Heritage Foundation, Washington, DC
Editorial Assistant, Coalition Relations, June 2000 to August 2000
- Drafted summaries of articles from various sources for *The Insider* and performed editorial tasks

RE: Request for Meeting with Administrator Pruitt by Occidental Petroleum Corporation's Board

Dear Ms. Morris:

Please find attached a request from Eugene Batchelder, Chairman of Occidental Petroleum Corporation's Board of Directors, for a breakfast meeting with Administrator Pruitt on Wednesday, October 4th from 7:30-9:00 AM. The purpose of the meeting is to discuss emerging environmental policy related to domestic manufacturing and energy production and to seek the Administrator's insights and advice. The Board would also appreciate the Administrator's perspectives on the challenges and opportunities of emerging environmental policy as it relates to U.S. manufacturing and domestic energy production. There will be no requests of the Administrator related to specific EPA rules or regulations.

I have included a brief biography for each member of Occidental's Board for background. Occidental's Board includes two former cabinet Secretaries, the former Chairman of the Securities and Exchange Commission, the former CEO of Valero as well as Occidental's current CEO.

I am helping coordinate the meetings with our Board. Please do not hesitate to call me if you have any questions or need additional information. I can be reached at 202-857-3043. Thank you so much for your consideration.

Sincerely,

Susanna Manyak

External Meeting Request Form for Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Today's Date: Wednesday, 8/30/2017

Meeting Date: Wednesday, 10/4/2017

Meeting Time: 7:30-9:00 AM

Requested Location (if offsite, please list address, parking instructions, etc.): Top of the Hay at the Hay-Adams Hotel – 800 16th Street NW, Washington, D.C. 20006

Requestor:

1. **Vicki Hollub**, President & CEO, Occidental Petroleum Corporation
2. **Eugene L. Batchelder**, Chairman of the Board, Occidental Petroleum Corporation

Purpose of the Meeting: To discuss emerging environmental policy related to domestic manufacturing and energy production and seek the Administrator's insights and advice.

Background on the Meeting: Occidental Petroleum Corporation will be holding the October meeting of our Board of Directors in Washington, D.C. and will be meeting with a host of government leaders to get their perspectives on policy issues that may impact our operations. Occidental Petroleum Corporation is the 4th largest oil & gas company in the U.S.

Role of the Administrator: To offer his insights and perspectives on the challenges and opportunities of emerging environmental policy as it relates to U.S. manufacturing and domestic energy production.

Attendees:

1. **Vicki Hollub**, President & CEO, Occidental Petroleum Corporation
2. **Secretary Spencer Abraham**, former Secretary for the Department of Energy
3. **Secretary Carlos M. Gutierrez**, former Secretary for the Department of Commerce

AMERICAN OVERSIGHT

4. **Chairwoman Elisse B. Walter**, former Chairwoman for the Securities & Exchange Commission
5. **William R. Klesse**, CEO and former Chairman of the Board, Valero Energy
6. **Jack B. Moore**, President and CEO, Cameron International
7. **John E. Feick**, Chairman, Matrix Solutions
8. **Margaret M. Foran**, CGO, Senior VP & Corporate Secretary, Prudential Financial
9. **Eugene L. Batchelder**, former Senior VP & CAO, ConocoPhillips
10. **Howard I. Atkins**, former Senior Executive VP & CFO, Wells Fargo
11. **Avedick B. Poladian**, Director, former Executive VP & COO, Lowe Enterprises

Vicki Hollub
Director since 2015

Vicki Hollub, 57, became President and Chief Executive Officer of Occidental Petroleum Corporation in April 2016. She has been a member of Occidental's Board of Directors since 2015. Ms. Hollub, who began her career with Occidental in 1981, has held a variety of management and technical positions with responsibilities on three continents, including roles in the United States, Russia, Venezuela and Ecuador. Most recently, Ms. Hollub served as Occidental's President and Chief Operating Officer, overseeing the company's oil and gas, chemical and midstream operations. She previously served as Senior Executive Vice President, Occidental Petroleum Corporation and President, Oxy Oil and Gas, where she was responsible for operations in the U.S., the Middle East region and Latin America. Prior to that, Ms. Hollub held a variety of leadership positions, including Executive Vice President, Occidental and President, Oxy Oil and Gas, Americas; Vice President, Occidental and Executive Vice President, U.S. Operations, Oxy Oil and Gas; Executive Vice President, California Operations; and President and General Manager of the company's Permian Basin operations. She started her career at Cities Service, which was acquired by Occidental. Ms. Hollub serves on the boards of the American Petroleum Institute and Khalifa University for Science and Technology in Abu Dhabi. A graduate of the University of Alabama, Ms. Hollub holds a B.S. in Mineral Engineering. She was inducted into the University of Alabama College of Engineering 2016 class of Distinguished Engineering Fellows.

Qualifications: As Occidental's President and Chief Executive Officer, Ms. Hollub is responsible for Occidental's operations, strategy and financial management. Ms. Hollub brings to the Board over 35 years of experience in the oil and gas industry, including international experience, having previously held a variety of management and technical roles on three continents, including roles in Russia, Venezuela and Ecuador. Throughout her tenure at Occidental, Ms. Hollub has been instrumental in efficiently and profitably growing Occidental's oil and gas business. Ms. Hollub's extensive leadership and operational experience brings valuable perspective to the Board.

AMERICAN OVERSIGHT

Spencer Abraham
Director since 2005

Member of: Environmental, Health and Safety Committee; and, Executive Compensation Committee

Secretary Abraham, 64, is Chairman and Chief Executive Officer of The Abraham Group LLC, an international strategic consulting firm based in Washington, D.C. As a Senior Analyst for Potomac Research Group, Secretary Abraham provides predictive analysis on energy policy, energy markets and the geopolitics of energy to institutional investors in the energy space. He represented Michigan in the United States Senate prior to President George W. Bush selecting him as the tenth Secretary of Energy in U.S. history. During his tenure at the Energy Department from 2001 through January 2005, he developed policies and regulations to ensure the nation's energy security, was responsible for the U.S. Strategic Petroleum Reserve, oversaw domestic oil and gas development policy and developed relationships with international governments, including members of the Organization of the Petroleum Exporting Countries. Secretary Abraham serves as Executive Chairman of the Board of Uranium Energy Corp.; and as a Director of PBF Energy Inc., where he serves on the Compensation and Nominating and Corporate Governance Committees; NRG Energy, Inc., where he serves on the Compensation and Nuclear Oversight Committees; Two Harbors Investment Corp., where he is Chairman of the Compensation Committee and a member of the Nominating and Corporate Governance Committee; and as Chairman of the Board of Uranium Energy Corp. He was previously a Director of GenOn Energy, Inc. and a Director and a member of the Nominating and Governance and Compensation Committees of ICx Technologies. He also serves on the board of C3 Energy, a private company. Secretary Abraham is a member of the Advisory Board of the Churchill Center, a member of the Board of Trustees of the California Institute of Technology, and is the Chairman of the American Task Force for Lebanon. He holds a Juris Doctor degree from Harvard Law School and is the author of "Lights Out!:Ten Myths About (and Real Solutions to) America's Energy Crisis."

Qualifications: Secretary Abraham's nearly two decades of experience at the highest levels of domestic and international policy and politics shape the insights he brings to Occidental's Board of Directors. As a former U.S. Senator and former U.S. Secretary of Energy who directed all aspects of the country's energy strategy, Secretary Abraham provides the Board unique insight into public policy and energy-related issues. In addition, Secretary Abraham is a Harvard-educated attorney who, while directing the Energy Department, oversaw a budget of nearly $24 billion (FY 2005) and was responsible for the management of senior department personnel. Secretary Abraham's legal training and his government service managing complex policy, personnel and strategic issues provide Occidental with exceptional knowledge and perspective in the areas of health, environment and safety, strategy and policy, personnel management and community relations.

AMERICAN OVERSIGHT

Carlos M. Gutierrez
Director since 2009

Chair of Corporate Governance, Nominating and Social Responsibility Committee since 2016; Member of Audit Committee

Secretary Gutierrez, 63, is Co-Chair of Albright Stonebridge Group, a commercial diplomacy and strategic advisory firm. Prior to that he was Vice Chairman of the Institutional Clients Group and a member of the Senior Strategic Advisory Group at Citigroup Inc. from 2011 to February 2013. He joined Citigroup from communications and public affairs consulting firm APCO Worldwide Inc., where he was Chairman of the Global Political Strategies division in 2010. He served as U.S. Secretary of Commerce in the administration of President George W. Bush from February 2005 to January 2009. Prior to his government service, Secretary Gutierrez was with Kellogg Company for 30 years. He became Kellogg's Chief Executive Officer in 1999 and served as Chairman of the Board from 2000 to 2005. Secretary Gutierrez serves on the Boards of Directors of MetLife, Inc., where he serves on the Finance and Investment and Governance Committees, Time Warner Inc., where he serves on the Audit Committee, and Viridis, Inc., a privately held company. He previously served as a Director of Corning Incorporated, United Technologies Corporation, Colgate-Palmolive Lighting Science Group Corp., where he served on the Audit Committee, and iGPS, a privately held company. In addition to serving as Chairman of the U.S.-Cuba Business Council of the U.S. Chamber of Commerce, Secretary Gutierrez is a member of the Human Freedom Advisory Council at the George W. Bush Institute and is Chairman of the Board of Trustees of the Meridian International Center. He is also a co-founder of The Dream.US, a scholarship fund for undocumented students, and is a member of the Board of the U.S.-Mexico Foundation.

Qualifications: Secretary Gutierrez's highly successful service as Chief Executive Officer and Chairman of Kellogg Company provides him deep insight into the complex challenges faced by a growing organization in a highly competitive business environment. Additionally, his experience as U.S. Secretary of Commerce provides the Board exceptional knowledge and insight into the complex environment of international commerce. Secretary Gutierrez brings valuable business management and operational experience and an international commerce and global economic perspective to the Board.

AMERICAN OVERSIGHT

Elisse B. Walter
Director since 2014

Member of: Audit Committee; and, Environmental, Health and Safety Committee

Ms. Walter, 66, was appointed Commissioner of the U.S. Securities and Exchange Commission (SEC) by President George W. Bush, and served in that capacity from 2008 until 2013. President Barack Obama designated her as the 30th Chairman of the SEC in December 2012. Prior to her appointment as an SEC Commissioner, she was with the Financial Industry Regulatory Authority (FINRA) and its predecessor, the National Association of Securities Dealers (NASD), from 1996-2008. She served as Senior Executive Vice President, Regulatory Policy and Programs for FINRA and held the comparable position at NASD before its 2007 consolidation with NYSE Member Regulation. Earlier in her career, she served as the General Counsel of the Commodity Futures Trading Commission (CFTC) from 1994 to 1996 and as Deputy Director of the SEC Division of Corporation Finance from 1986 to 1994. Among the honors Ms. Walter has received are the Presidential Rank Award (Distinguished), the ASECA William O. Douglas Award, the SEC Chairman's Award for Excellence and the Federal Bar Association's Philip A. Loomis, Jr. and Manuel F. Cohen Awards. She is a member of the Academy of Women Achievers of the YWCA of the City of New York and the inaugural class of the DirectWomen Institute. She serves on the Board of Directors of the Sustainability Accounting Standards Board, the National Women's Law Center and the Board of Governors of FINRA. Ms. Walter holds a B.A. in Mathematics, cum laude, from Yale University and a J.D., cum laude, from Harvard Law School.

Qualifications: Ms. Walter's long and distinguished record of public service in major leadership roles at key agencies of the federal government has given her unique insight into both business and government. She also brings to the Board more than 35 years of experience and insight on complex domestic and international regulatory matters. As Chairman of the SEC, Ms. Walter demonstrated a keen understanding of capital markets and related regulatory issues, and led a 4,000-employee federal agency, overseeing its budget and developing policy. Ms. Walter's experience at FINRA provides extensive knowledge with respect to corporate finance and financial regulation and disclosure and her CFTC experience brings to the Board an understanding of commodities markets and regulation.

AMERICAN OVERSIGHT

William R. Klesse
Director since 2013

Member of: Executive Compensation Committee; and, Environment, Health and Safety Committee

Mr. Klesse, 70, is the former Chief Executive Officer and former Chairman of the Board of Valero Energy Corporation (Valero), an international manufacturer and marketer of transportation fuels, other petrochemical products and power. He joined the Valero board as Vice Chairman in 2005 and served as Chairman of the Board from 2007 to December 2014. From 2006 to May 2014, he served as Chief Executive Officer of Valero and served as President from 2008 to 2013. From 2003 to 2005, Mr. Klesse was Valero's Executive Vice President and Chief Operating Officer. Prior to that, he served as Executive Vice President of Refining and Commercial Operations following Valero's 2001 acquisition of Ultramar Diamond Shamrock Corporation, where he had been Executive Vice President of the company's refining operations. Mr. Klesse began his 40-plus year career in the energy industry at Diamond Shamrock Corporation, which merged with Ultramar Corporation in 1996. Mr. Klesse serves on the Board of Directors of MEG Energy. Mr. Klesse is a trustee of the Texas Biomedical Research Institute and United Way of San Antonio and Bexar County and serves on the Advisory Board of the San Antonio Food Bank. Mr. Klesse holds a bachelor's degree in Chemical Engineering from the University of Dayton and a Master of Business Administration with an emphasis in Finance from West Texas A&M University.

Qualifications: Mr. Klesse brings more than four decades of energy industry executive management experience to Occidental's Board. As Valero's former Chairman, he led the Board's strategic planning and, as Valero's former Chief Executive Officer, he oversaw the daily operations of a major global energy company. Mr. Klesse's experience provides an informed management perspective and insights with respect to global business and energy issues to the Board. He also has leadership experience on industry association and nonprofit boards.

AMERICAN OVERSIGHT

Jack B. Moore
Director since 2016

Member of: Executive Compensation Committee; and, Environmental, Health and Safety Committee

Mr. Moore, 63, most recently served as President and Chief Executive Officer of Cameron International Corporation from April 2008 to October 2015 and served as Chairman of the Board of Cameron from May 2011 until it was acquired by Schlumberger in April 2016. Mr. Moore served as Cameron's President and Chief Operating Officer from January 2007 to April 2008. Mr. Moore joined Cameron in 1999 and, prior to that, held various management positions at Baker Hughes Incorporated, where he was employed for over 20 years. Mr. Moore serves on the Board of Directors of Rowan Companies plc, where he serves on the Compensation and Health, Safety and Environment committees, ProPetro Holding Corp., where he serves on the Nominating and Corporate Governance committee, and KBR Inc., where he serves on the Compensation and Nominating and Corporate Governance committees. Mr. Moore actively serves in leadership positions within the Petroleum Equipment and Services Association, the University of Houston, the United Way of Greater Houston and Memorial Assistance Ministries. Mr. Moore is a graduate of the University of Houston with a B.B.A. degree and attended the Advanced Management Program at Harvard Business School.

Qualifications: Mr. Moore brings over 35 years of energy industry experience to Occidental's Board and has a deep understanding of oil and gas operations. As a former Chief Executive Officer and Board Chairman, Mr. Moore has extensive executive management and leadership experience, and is knowledgeable in the areas of strategic planning, financial management, mergers and acquisitions and executive compensation. Mr. Moore also has leadership experience on industry association and nonprofit boards.

AMERICAN OVERSIGHT

John E. Feick
Director since 1998

Chair of Environmental, Health and Safety Committee since 2012; Member of: Corporate Governance, Nominating and Social Responsibility Committee; and, Executive Compensation Committee

Mr. Feick, 73, is the Chairman and a significant stockholder of Matrix Solutions Inc., a provider of environmental remediation and reclamation services. Until 2011, he was Chairman and a significant stockholder of Kemex Engineering Services, Ltd., which offers engineering and design services to the petrochemical, refining and gas processing industries. From 1984 to 1994, Mr. Feick was President and Chief Operating Officer of Novacor Chemicals, a subsidiary of Nova Corporation. He previously served as Chairman of the Board of Directors of Oak Point Energy Ltd., an oil sands exploration and development company, and was a Director of Veresen Inc. and Graham Construction.

Qualifications: Mr. Feick possesses a deep understanding of both the oil and gas and chemicals industries along with broad experience in environmental compliance and remediation. He has served as President and Chairman of a company specializing in environmental services and served as Chairman of an oil and gas and petrochemicals specialty engineering firm. As President and Chief Operating Officer of Novacor Chemicals, he was responsible for the company's investments and operations and established the company as a leader in plant reliability, utilization rates, occupational health and safety, and environmental performance in North America. In addition to industry knowledge and expertise, Mr. Feick's experience brings the Board exceptionally valuable insight into the environmental, health and safety area.

AMERICAN OVERSIGHT

Margaret M. Foran
Director since 2010

Chair of Executive Compensation Committee since 2016; Member of Corporate Governance, Nominating and Social Responsibility Committee

Ms. Foran, 62, is Chief Governance Officer, Senior Vice President and Corporate Secretary of Prudential Financial, Inc. Prior to joining Prudential, she was Executive Vice President, General Counsel and Corporate Secretary at Sara Lee Corporation from 2008 to 2009; Senior Vice President, Associate General Counsel and Corporate Secretary at Pfizer Inc. from 1997 to 2008; and Vice President and Assistant General Counsel at J.P. Morgan & Co. Ms. Foran is a former Director of The MONY Group Inc. and MONY Life Insurance Company. She served as Co-Chair and a Director of the Council of Institutional Investors (CII) and Co-Chair of the CII International Corporate Governance Committee. She is the former Chair of the American Bar Association Committee on Corporate Governance. Ms. Foran is the former Chair of the Coordinating Committee of the Business Roundtable Corporate Governance Task Force. She previously served two terms on the Standing Advisory Group of the Public Company Accounting Oversight Board (PCAOB) and is a member of the Economic Club of New York. Ms. Foran is a Trustee of the Committee for Economic Development, as well as a member of the Notre Dame Law School Advisory Council.

Qualifications: Ms. Foran is an accomplished attorney with deep expertise in legal affairs and corporate governance. She has held positions of increasing responsibility at four U.S.-based global companies, where for more than a decade she has had a leading role in strengthening corporate governance, environmental and sustainability principles and practices, ensuring regulatory compliance and developing programs to broaden investor communications. Having been a senior executive in the financial services, food and beverage and pharmaceutical industries, Ms. Foran has a broad range of experience in shareholder services, mergers and acquisitions, SEC reporting, capital markets, derivatives, risk management, internal audit procedures and insurance matters as well as environmental, safety and social responsibility programs. Ms. Foran's corporate experience, in addition to her work with various investor groups and corporate trade associations, provides the Board exceptional acumen and insight on governance, investor and legal policies and practices.

AMERICAN OVERSIGHT

Eugene L. Batchelder
Director since 2013

Independent Chairman since 2015; Member of Corporate Governance, Nominating and Social Responsibility Committee

Mr. Batchelder, 69, retired in 2012 as the Senior Vice President and Chief Administrative Officer at ConocoPhillips, an integrated global energy company. In this role, from 2009 until his retirement, he was responsible for global shared services, human resources, facilities, information technology, security, aviation, executive services, and corporate affairs, which included investor relations, corporate communications and contributions. Mr. Batchelder served as Senior Vice President and Chief Information Officer of ConocoPhillips from 2002 to 2009. Prior to the merger of Conoco and Phillips Petroleum in 2002, Mr. Batchelder was promoted to increasingly senior positions within Phillips Petroleum companies, including information technology and financial management positions. Mr. Batchelder is a director of Laurel's Army Foundation, a past trustee and current governor of the Oklahoma State University Foundation, and past president and board member of the Oklahoma State University Alumni Association. Mr. Batchelder holds a bachelor's degree in Accounting from Oklahoma State University, is a certified public accountant (inactive) and a member of the American Institute of Certified Public Accountants.

Qualifications: With more than 40 years of experience in the energy industry, including two decades in senior executive management, Mr. Batchelder brings an in-depth understanding of key corporate issues, including financial management and information technology. Mr. Batchelder also has insight into human resources, including executive management succession planning and compensation and benefits.

AMERICAN OVERSIGHT

Howard I. Atkins
Director since 2010

Member: Audit Committee; and, Environmental, Health and Safety Committee

Mr. Atkins, 66, retired as the Senior Executive Vice President and Chief Financial Officer of Wells Fargo & Company, where he was responsible for Wells Fargo's financial management functions, investment portfolios, investor relations, capital management and corporate properties functions from 2001 to 2011. A 37-year veteran of the financial services industry, Mr. Atkins previously served as Executive Vice President and Chief Financial Officer of New York Life Insurance Company, Chief Financial Officer of Midlantic Corporation and Corporate Treasurer of Chase Manhattan Bank. Mr. Atkins previously served on the Board of Directors of Ingram Micro Inc., where he served as Chairman of the Human Resources Committee and as a member of the Audit Committee.

Qualifications: With his experience as Chief Financial Officer of Wells Fargo, one of the largest banking institutions in the United States, Mr. Atkins brings to the Board a deep understanding of financial oversight and accountability. In his nearly four decades in the financial services industry, Mr. Atkins has had responsibilities in the areas of financial reporting, tax management, asset-liability management, treasury, corporate development, investor relations and mergers and acquisitions. This experience provides the Board insight into financial management and analysis. Mr. Atkins' financial acumen, combined with his senior management expertise provides the Board valuable perspective in helping to guide the fiscal management policies that further Occidental's strategic business goals.

AMERICAN OVERSIGHT

Avedick B. Poladian
Director since 2008

Chair of Audit Committee since 2013; Member of Corporate Governance, Nominating and Social Responsibility Committee

Mr. Poladian, 65, is a Director and the former Executive Vice President and Chief Operating Officer of Lowe Enterprises, Inc., a privately-held diversified national real estate company active in commercial, residential and hospitality property investment, management and development. Mr. Poladian served in this position from December 2002 to December 2016, and is currently an advisor to the company. During his tenure as Chief Operating Officer, Mr. Poladian oversaw human resources, risk management, construction, finance and legal functions across the firm. Mr. Poladian was with Arthur Andersen from 1974 to 2002 and is a certified public accountant (inactive). He is a past member of the Young Presidents Organization, the Chief Executive Organization, the California Society of CPAs and the American Institute of CPAs. Mr. Poladian is a Director of the YMCA of Metropolitan Los Angeles, a member of the Board of Councilors of the University of Southern California School of Policy, Planning, and Development, a member of the Board of Advisors of the Ronald Reagan UCLA Medical Center, and a former Trustee of Loyola Marymount University. Mr. Poladian serves as a Director and on the Audit Committees of two funds managed by Western Asset Management Company. He also serves as a Director of California Resources Corporation, and as a member of the Board of Trustees of Public Storage, where he is the Chair of the Audit Committee and the Chair of the Nominating/Corporate Governance Committee.

Qualifications: As a certified public accountant with extensive business experience, Mr. Poladian qualifies as one of Occidental's Audit Committee financial experts and provides the Board expert perspective in financial management and analysis. Having served in a senior management position at one of the world's largest accounting firms, combined with his experience as Chief Operating Officer and Chief Financial Officer of a diversified real estate company, Mr. Poladian has deep knowledge of key business issues, including personnel and asset utilization, in addition to all aspects of fiscal management.

E-Mail: jhall@hall-associates.com

EDUCATION

JD, George Washington University, 1984 *with honors*
MS Environmental Engineering, Manhattan College, NY, 1980
BA Mathematics, St. John's University, 1978 *summa cum laude*
Regis High School, NY, NY, Class of 1974

BAR QUALIFICATIONS

District of Columbia
Commonwealth of Virginia

EXPERIENCE

Mr. Hall is a leading technical and regulatory expert on Clean Water Act program development and implementation. He is a persistent advocate of common sense and cost-effective environmental regulation and, over the course of his 35 career, has represented municipal and private interests in over 45 states. As founder and President of Hall & Associates, PLLC (1996) and Executive Director of the Center for Regulatory Reasonableness (2014), both located in Washington, DC, his practice specializes in the resolution of complex water and wastewater issues through application of state-of-the-art scientific analysis, legal advocacy, and innovative regulatory implementation. His regulatory reform efforts have been effective in refocusing federal and state NPDES programs on actual environmental needs and avoiding misdirected, energy intensive expenditures that would not achieve meaningful environmental improvements.

For the past ten years, Mr. Hall's practice has focused extensively on addressing wasteful, one-size fits all regulatory mandates related to nutrient control, wet weather compliance and stormwater program implementation. In particular, he has effectively addressed federal efforts to informally amend numerous NPDES program rules without meeting Administrative Procedures Act prerequisites. He testified several times before House and Senate Subcommittees on Clean Water Act implementation issues. In 2013, he won the landmark decision, *Iowa League of Cities v. EPA* (8th Circuit), stopping EPA's *ad hoc* modification of three national NPDES rules, with over $200 billion in regulatory impact savings. He is presently managing permitting and environmental compliance projects in 12 states and serving as lead attorney litigating nutrient water quality standards, municipal stormwater control, NPDES permitting and Freedom of Information Act issues before the DC Circuit and 1st Circuit.

Mr. Hall continues to be a frequent lecturer on cutting-edge regulatory matters addressing such issues at both legal (American Bar Association) and engineering (Water Environment Federation) conferences nationwide. He has authored over 100 articles, many published in peer-reviewed journals, on Clean Water Act environmental permitting, impact assessment and cost-effective compliance.

PROFESSIONAL PUBLICATIONS & PRESENTATIONS

Innovative Water Quality Analysis for AWT Facilities Can Save Fisheries and Costs: Foxen, Huang and Hall. Water Pollution Control Federation Conference Proceedings, Las Vegas, NV, October 1981. (Accepted for publication by the Journal of Water Pollution Control).

Lake Tohopekaliga, Florida Eutrophication Analysis: Presented at USEPA Region IV Wasteload Allocation Seminar, Atlanta, GA, January 1982.

Simplified Analyses to Predict Frequency and Duration of Pollutant Concentrations: Hall, Foxen and Huang. Presented at the National Peer Review of Ammonia, Dissolved Oxygen and Chlorine Criteria, Duluth, MN, March 1982.

Effect of Nitrification on BOD_5 Test on Treatment Plant Compliance: Hall and Foxen. Water Pollution Control Federation Conference Proceedings, St. Louis, MO, October 1982; also presented at Florida Water Pollution Control Federation Conference, Tampa Bay, FL, November 1982. (Published December 1983 in the Journal of Water Pollution Control).

Verification of Statistical Water Quality Model: Foxen, Hall and Huang. Water Pollution Control Federation Conference Proceedings, St. Louis, MO, October 1982.

Filtration Following Nitrification: Big Expense, Few Benefits: Presented at USEPA Advanced Treatment Seminar, Washington, DC, March 1983.

Judicial Review of Risk Analyses: Hall, J.C. Prepared for the Office of Emergency and Remedial Response, USEPA, Washington, DC, August 1983.

AMERICAN OVERSIGHT

Designing Risk Analyses to Avoid Pitfalls in Cost Recovery Actions: A Legal/Technical Solution: The Fifth National Conference on Management of Uncontrolled Hazardous Waste Sites Proceedings, Washington, DC, November 1984.

Obtaining Replacement Grants for Failed I/A Processes: A Municipal Minefield: Hall, J.C., et al. Water Pollution Control Federation Conference Proceedings, Los Angeles, CA, October 1986.

The Effect of the National Contingency Plan Revisions on Federal, State and Private Superfund Clean-up Actions: Hazardous Materials Control Research Institute Conference Proceedings, Washington, DC, December 1986.

Minimizing Hazardous Waste Liabilities Facing POTWs: Water Pollution Control Federation Conference Proceedings, Philadelphia, PA, October 1987. (Published January 1988 in the Journal of Water Pollution Control).

Strategies for Clean Water Act Permit Compliance: Presented at the Authorities Association of New Jersey Annual Conference, Atlantic City, NJ, April 1988.

Legal Implications and Concerns of SARA Title III: Presented at the Virginia Manufacturers Association Conference, Richmond, VA, May 1988.

RCRA Corrective Action vs. Superfund Cleanup - Are There Any Real Differences? Presented at the Water Pollution Control Federation Conference, Dallas, TX, October 1988.

Use of Site-Specific Water Quality Studies to Revise Stream Standards and Effluent Limitations: Presented at the Water Pollution Control Federation Conference, Dallas, TX, October 1988.

An Analysis of EPA CSO Control Strategies: Presented at the Water Pollution Control Federation Conference, Dallas, TX, October 1988. (Published August 1989 in the Journal of Water Pollution Control).

Strategies to Reduce Costs of Superfund Cleanup Activities: Presented at the Water Pollution Control Federation Post-Conference Workshop on Site Remediation Management, Dallas, TX, October 1988.

Hazardous Waste Site Remediation - Manual of Practice: Water Pollution Control Federation Handbook, Chapter IV on Superfund Cleanup Objectives.

Factors to Consider in NPDES Toxics Permitting: Presented at the American Bar Association Section on Natural Resources Law Conference, Keystone, CO, March 1989.

Evaluation of NJPDES Effluent Limitations and Permitting Rules: Areas for Improvement: Presented at the Authorities Association of New Jersey Conference, Atlantic City, NJ, April 1989.

Alternative Dispute Resolution: Applications for Superfund: Presented at ENR's Achieving Hazardous Waste Cleanup Seminar, Washington, DC, April 1989.

AMERICAN OVERSIGHT

Key Concerns of New Federal Toxics Programs: Managing Corporate Liability: Presented at Plant Engineering Magazine's Hazardous Waste Seminar, Chicago, IL, April 1989.

Managing Hazardous Waste and Environmental Liability: Presented at the AWWA/WPCF Joint Management Conference, San Diego, CA, February 1990.

Antibacksliding Guidance for Water Quality-Based Permits: Published in Water Environment Technology, February 1990.

Strategy on Wetlands Impacting Projects: Presented at the Aspen/Wye Institute, Baltimore, MD, February 1990.

Factors to Consider in Establishing CSO Control Strategies and Permit Requirements: Presented at the Water Pollution Control Federation Specialty Conference on Control of CSOs, Boston, MA, April 1990.

Appealing Water Quality-Based Permit Limits: Presented at the Association of Metropolitan Sewerage Agencies Summer Technical Conference, Portland, OR, July 1990.

Tar-Pamlico River Basin Point and Non-Point Pollution Credits Strategy: Presented at the Water Pollution Control Federation Annual Conference, Washington, DC, October 1990.

Interrelationships of Environmental Laws: Coordinating Compliance: Presented to the Institute of Textile Technology, Charlottesville, VA, October 1990.

Reviewing NJPDES Permit Applications - An Update: Presented at the New Jersey Water Pollution Control Association Central Section Conference, Edison, NJ, October 1990.

Water and Sewer Issues Facing State and Local Governments: Presented at the Maryland Institute for Continuing Professional Education of Lawyers, Inc., Baltimore, MD, November 1990.

Waste Disposal: Responsibilities to Future Generations: Presented at the GTE Lectureship Program, Manhattan College, Riverdale, NY, February 1991.

A Proactive Approach to NJPDES Permitting: Presented at the New Jersey Water Pollution Control Association Annual Conference, Atlantic City, NJ, May 1991.

Innovative Basin Level Strategies: Presented at the Ohio River Valley Water Sanitation Commission Roundtable Issues Forum, Washington, DC, May 1991.

Nutrient Reduction Strategy in a River Basin: Published in Water Environment & Technology, September 1991.

Problems with EPA's Heavy Metal Criteria and Strategies for Obtaining Reasonable Limitations: Presented at the Water Pollution Control Federation Annual Conference, Toronto, Canada, October 1991. (Also published in Water Environment & Technology, March 1992.

Jessica Medeiros Garrison

Of Counsel, Balch & Bingham LLP
Direct: (b) (6) ; JGarrison@balch.com; www.balch.com

President, MDM27 Holdings, Inc.
Direct: 2(b) (6) Jessica@mdm27.com

Jessica Medeiros Garrison is of counsel to the law firm of Balch & Bingham, LLP, and President of her consulting firm, MDM27 Holdings, Inc.

She graduated from the University of Alabama with a Bachelor of Science in 1997 and from the University of Alabama School of Law with a Juris Doctor in December, 2000. She was admitted to the Alabama State Bar in April, 2001 and the U.S. District Courts for the Middle and Northern Districts of Alabama, in May, 2001.

As an undergraduate at the University of Alabama, Jessica served as President of the Student Government Association. Prior to attending law school she served with former State of Alabama Attorney General Jeff Sessions (currently United States Attorney General) and as Director of Public Relations and Legislative Affairs for former Attorney General Bill Pryor (currently US Court of Appeals Judge, 11th Circuit). She also served as law clerk for former Tuscaloosa County Circuit Court Judge L. Scott Coogler (currently US District Court Judge). In 1998 she joined the law firm of Phelps, Jenkins, Gibson & Fowler, L.L.P in Tuscaloosa, where she earned a partnership. Her primary practice areas included real estate transactions, business acquisitions, economic development incentives including industrial projects and brownfield projects, bond financing and commercial law. During her tenure at Phelps she served as counsel to over $318 Million in real estate and asset transactions and over $250 Million in bond financing transactions. She went on to successfully manage the 2010 Luther Strange campaign for Alabama Attorney General and later serve as Chief Counsel and Deputy Attorney General in the 2011 administration of Attorney General Luther Strange.

In July 2011, Jessica became Executive Director of the Republican Attorneys General Association and led the organization to quadruple its fundraising and for the first time in American history win a clear majority (27) of state Republican Attorneys General offices. In 2014, Jessica also became the first President of the Rule of Law Defense Fund, the public policy organization created to provide a forum for Republican attorneys general to engage on issues relevant to promoting the rule of law, federalism, and freedom in a civil society.

Jessica currently maintains her membership in the Birmingham Bar Association, and Alabama Bar Association. She is a member of the Society of International Business Fellows, North America Leadership Class of 2014, the Board of Trustees for the Alabama Ballet, the Birmingham Business Journal's Top 40 Under 40 Class of 2013, Leadership Alabama Class of 2008-09, and the Leadership Tuscaloosa Class of 2001-02. She previously served on the Board of Directors for the Business Council of Alabama, the ProgressPac, the Farrah Alumni Law Society, the Druid City Hospital (DCH) Foundation, Boys and Girls Club of West Alabama (former Chairperson), the United Way of West Alabama, Kid One Transport System, and other community organizations.

AMERICAN OVERSIGHT

Las Vegas – EPA Lab Talking Points

Background:

The FY 2015 Omnibus Consolidated and Further Continuing Appropriations Act provides $7.85M for the design and engineering plans for a new research facility as described in the budget request.

- EPA occupied several leased facilities in Las Vegas supporting the activities of both laboratory and administrative activities.
- EPA has extended the leases to 2020 – would have allowed for the necessary construction of the consolidated facility and the Environmental Due Diligence (EDDP) efforts to clean up the UNLV lab.
- EPA released 2.5 buildings at the end of Oct. 2016
- EPA engaged GSA at multiple levels to assist/lead on the identification of suitable land to construct. A sources sought notification was never issued by GSA.
- In April 2015, the EPA's master planning contractor delivered the updated Program of Requirements (POR) and budget estimates for a consolidated building requirements. The budget estimate was within 5 percent of the original estimate.
- In the absence of a suitable location to build, the design was halted. This action preserved ~$7M of the earmarked B&F funds.
- The estimated cost for the consolidated LV lab was between $87 - $93M (difference between EPA and GSA estimates)

Issues:

- EPA worked with GSA R9 to identify a suitable location to site the building.
  - GSA would not consider a lease construct option because Congress, having funded design, appears to be a federally funded construction project
  - The current leases in LV will expire in 2020. (b)(5) DPP

NASDA-EPA Leadership Call: Vision Document

Vision

To develop and enhance communication and collaboration between the State Departments of Agriculture and EPA leadership and to forward our respective goals under Cooperative Federalism.

Goal

Provide a vehicle for EPA and the State Departments of Agriculture to improve, leverage, and enhance dialogue to support informed and science-based policy initiatives impacting U.S. agriculture while protecting human health and the environment.

Objective

Facilitate information sharing and assist key decision makers within EPA and the State Departments of Agriculture in their respective roles as both co-regulatory agencies and as independent resources to the regulated community.

Tactics & Scope

Establish a regular interval of leadership calls and potential in-person meetings between senior EPA officials and NASDA members to cultivate and enhance communication and education related to current or future regulatory or policy initiatives impacting U.S. agriculture.

AMERICAN OVERSIGHT

PowerSouth Energy Cooperative, headquartered in Andalusia, Ala., is a generation and transmission (G&T) cooperative providing the wholesale power needs of 20 distribution members — 16 electric cooperatives and four municipal electric systems — in Alabama and northwest Florida.

In 1941, PowerSouth was formed by 11 cooperatives to generate and sell electricity. First known as Alabama Electric Cooperative, the name was changed to PowerSouth Energy Cooperative in 2008 to better reflect the cooperative's geographical service territory and to position the company for future growth opportunities. Today, as one of 62 G&T cooperatives in the United States, PowerSouth is a trusted energy provider for the distribution members, who serve one million end-users in 39 Alabama and 10 Florida counties.

With a combined generating capacity of more than 2,300 megawatts, PowerSouth owns and operates six generation facilities and holds ownership interest in two additional facilities. Utilizing a diverse generating mix that includes natural gas, coal, water (hydro), compressed air energy storage technology, and a disciplined fuel supply hedging program, PowerSouth minimizes the impact of significant fuel cost increases. In addition, PowerSouth maintains long-term purchased power agreements to ensure economic and reliable power supply for the members.

PowerSouth's most important asset is a workforce of almost 600 men and women at nine PowerSouth locations. These employees set the bar for safety excellence in the electric industry, boasting an impressive safety record. Safety is PowerSouth's number-one core value, and it is evident through a Recordable Incident Rate (RIR) and Days Away, Restricted or Transferred (DART) rate well below the national average.

Distribution members vary in size, number of employees and service area characteristics. Most of PowerSouth’s 20 distribution members serve primarily rural areas; however, the service areas of some extend into rapidly expanding suburban areas. Regardless of size or energy usage, each distribution member holds equal ownership in PowerSouth, governing via a 40-member board of trustees composed of two voting delegates from each distribution system.

In addition, PowerSouth employees work with national, regional and state leaders to educate the public about environmental change and PowerSouth's role in developing a broad approach to environmental concerns affecting the industry. PowerSouth strives to be a positive environmental steward of natural resources while ensuring no adverse economic effects on the rural communities it serves.

AMERICAN OVERSIGHT

PowerSouth Energy Executive Biographies

Gary L. Smith
President & CEO

Gary Smith is the President and Chief Executive Officer of PowerSouth Energy Cooperative, Inc. in Andalusia, Alabama. He was named President and CEO in January of 2000. Prior to that, he served as Vice President of Legal and Corporate Affairs, Director of Legal Affairs and Staff Attorney at PowerSouth. Prior to his employment at PowerSouth Energy Cooperative in 1989, he was employed by Pemco Aeroplex in Birmingham and practiced law in Birmingham.

He is a 1979 graduate of Samford University's Cumberland School of Law where he received a Juris Doctorate degree and a 1976 graduate of the University of North Alabama where he received B.S. degrees in Accounting and Economics.

Gary serves on the Economic Development Partnership of Alabama Board and numerous Boards affiliated with the electric cooperative program. He has served on the Electric Power Research Institute (EPRI) and Business Council of Alabama Boards of Directors.

Gary is married to Debbi and has three daughters, three sons-in-law, and four (going on five), grandchildren that all reside in Birmingham.

Horace H. Horn
Vice President of External Affairs

Horace Horn joined PowerSouth Energy in January of 2000 as Director of Government and Economic Affairs. In 2003, Horn was promoted to Vice President of External Affairs where he oversees local, state and federal governmental relations in Alabama, Florida and Washington, DC.

In August of 1993, Horn was appointed State Director of the Farmers Home Administration in Alabama. As a result of USDA's reorganization, the Farmers Home Administration is now known as USDA Rural Development. For 15 years prior to his joining USDA, Horn was involved in Alabama's poultry industry as owner of Southeastern Farms with operations in Crenshaw and Blount counties. He also served as President of Southeastern Structures, Inc., a commercial construction company, and as President of Southeastern Bio-Gro, Inc., a commercial cooperator with Auburn University and the Tennessee Valley Authority in pioneering research and development in organic lawn and garden products.

Horn was appointed by Alabama Governor Robert Bentley to serve on the board of directors of the Alabama State Port Authority in 2014, of which he was also appointed and has served as the 4th Chairman of the Port Authority since October 2016. Horn also serves on the board of directors of the Tennessee Tombigbee Waterway Development Authority, Warrior Tombigbee Waterway Association, the Southeastern Federal Power Customers, Alabama Wildlife Federation Executive Committee, Business Council of Alabama, Alabama Department of Archives and History.

Beth Woodard
Vice President of Legal and Corporate Affairs

Beth Woodard is PowerSouth's Vice President of Legal and Corporate Affairs with management responsibilities in the areas of Legal & Compliance, Environmental Services, Purchasing, Human Resources and Safety. She earned a Bachelor's degree in Corporate Finance & Investment Management and Juris Doctor from The University of Alabama. She was admitted to the Alabama State Bar in 1990.

PENSKE Automotive

April 19, 2017

Mr. Scott Pruitt
Administrator
United States Environmental Protection Agency
William Jefferson Clinton Building North
1200 Pennsylvania Ave., NW
Washington, DC 20460

Dear Administrator Pruitt:

The Penske organization has a significant presence in Tennessee. Penske Truck Leasing and Penske Logistics have 68 corporate locations and licensees in Tennessee employing over 400, and Penske Automotive Group operates a retail automotive location in Memphis and employs 143.

In addition, Premier Truck Group operates a retail heavy-duty truck dealership in Knoxville, employing 85 people. A substantial portion of its annual business is conducted with Fitzgerald Glider Sales of Byrdstown, Tennessee, through the sales of glider kits and assembly parts for their operations. We have five employees within our business dedicated to the sales, supply and management of commerce between our two organizations.

In calendar years 2014, 2015 and 2016, Premier Tuck Group achieved sales of over $110 million with Fitzgerald Glider Sales. Fitzgerald is our largest customer in Tennessee, and an enforcement of the Phase 2 GHG regulations would be detrimental to our business, our employees and our community.

We appreciate your consideration to repeal the GHG Phase 2 regulations relative to the sale and assembly of Glider Kits.

Sincerely,

RSP/cdg

Hon. Scott Pruitt
Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

Dear Administrator Pruitt,

I am writing to invite you to participate in the Federalist Society's annual National Lawyers Convention, which will take place November 16-18, 2017 at the Mayflower Hotel in Washington, D.C. The theme of the Convention this year will be "Administrative Agencies and the Regulatory State," which will be developed around four showcase panels.

We are inviting you to participate by delivering an Address, which is scheduled for Friday, November 17 from 11:15 a.m. – 12:00 p.m. Addresses at the National Lawyers Convention have previously been delivered by Justice Alito, Senator Lee, Justice Scalia; we think that our attendees would be excited to hear from you.

We expect over 2000 people to be in attendance at the Convention. As always, in keeping with the Federalist Society's long-standing tradition of balanced and spirited debate, we have invited speakers with a wide variety of perspectives to participate in each panel discussion. We hope you will join us in November, as your participation would be a welcome and valuable addition to our annual Convention.

In the meantime, if you have any questions about the convention, please feel free to contact me at 202-822-8138 or via e-mail at dreuter@fed-soc.org.

Sincerely,

Dean A. Reuter
General Counsel, Vice President and

Hurricane Harvey 2017
9/12/2017 – 0700 CDT Update

EXECUTIVE SUMMARY

- EPA completed review of the Texas Water Development Board's requests for flexibility in using State Revolving Loan Funds to address damage by the hurricane and will respond to the state of Texas today. EPA believes that flexibilities can implemented either through existing authority or by working together to process expedited waivers to current limitations. Where EPA Region 6 concurrence or approvals are necessary, EPA will plan to complete action on these requests by the next business day.

- EPA Environmental Justice Director Arturo Blanco will travel to Port Arthur today and then on to visit the Alabama-Coushatta tribe on Wednesday, September 12, 2017.

- EPA and TCEQ will meet with environmental advocates in Austin today.

- EPA has confirmed that private well testing is available to residents. 21 of the 39 disaster declaration counties offer an active program to provide private well testing for area residents. The remaining 18 counties have access to state programs to provide for private well testing at a nominal fee.

- Community Liaisons are assisting impacted counties by providing information about dealing with the environmental hazards of returning to flood damaged homes as well as obtaining input about other challenges or concerns.

- The Houston and Port Arthur/Beaumont Branches began recovering and staging orphan containers yesterday, September 11, 2017. The Corpus Christi Branch expects to complete activities within the next week. The Port Arthur/Beaumont Branch is projected to complete these activities within 20 days and the Houston Branch within 30 days, unless new work or mission assignments are tasked.

- Discussions at the Joint Field Office are now focusing on debris management operations. FEMA requested that EPA provide a debris management expert at the JFO. EPA will fill that role today. EPA's role in debris operations will become more clear in the coming days for both Texas and Louisiana.

- EPA will complete sampling of the 34 Superfund sites in Texas potentially impacted by the storm by Thursday. Preliminary analytical results should be available soon and will be released to the public. Final QA/QC data will be available in about 10 days.

AMERICAN OVERSIGHT

- On September 12, 2017, EPA will begin sampling of the nine Superfund sites in Louisiana that were potentially impacted by the storm. Sampling will be completed by September 15, 2017 and preliminary analytical results should be available by September 18, 2017.

- EPA continues air monitoring activities around the Valero plant in southeast Houston to determine potential sources of VOCs in the community. Teams monitored the following facilities with the TAGA: Huntsman, Eco Services Operations, Goodyear, Flint Hills Resources-Houston Chemical Plant, TPC Group-Houston Plant. In addition to TAGA monitoring, the team did additional total VOC monitoring along the Eco Services Operations fence line and in the community adjacent to Eco Services Operations. No significant readings of VOCs were observed.

- The U.S. Department of Agriculture published a statement on September 11, 2017, that Certified Organic Farmers with livestock and crops in areas sprayed with "Naled" will not lose their organic certification status.

- ASPECT has completed flight operations for this response and will demobilize in the next two days and be available to support response operations associated with Hurricane Irma.

PUBLIC AFFAIRS

The Hurricane Harvey Story Map is final and has been posted on response.epa.gov. We are working to provide more visibility on EPA's activities in Corpus Christi.

In a September 11, 2017, Reuters news article, "*US Coast Guard, EPA cleaning up a dozen Texas chemical spills after Harvey*", information provided by the Unified Command shed light on efforts to assess and respond to reported spills of hazardous materials and oil, including at 12 facilities where Unified Command teams have assessed conditions.

EPA's Public Information Officer will report daily to ESF-15 (External Affairs), enabling EPA and TCEQ news releases to reflect hazardous materials/oil assessment and recovery work of Corpus Christi, Houston and Port Arthur/Beaumont Branches, including the recovery of orphan containers.

EPA will update community environmental justice advocates via conference call on September 12, 2017. Additionally, EPA and TCEQ will meet with environmental advocates in Austin today, September 12, 2017.

Community Liaison (CL) teams continue to travel to affected counties to meet with emergency managers and other local officials. They are providing educational materials regarding dealing with the environmental hazards of returning to flooded areas and home. CLs also are collecting feedback on environmental and health challenges of particular concern to the residents.

DEBRIS RECOVERY

EPA's representative at the JFO indicates that the state is currently assessing its capacity to manage debris collections and disposal. While we do not expect to receive a direct mission assignment for this work in Texas, it is possible that EPA may get tasked to assist with field observation of collection and segregation activities and oversight of landfill operations.

AMERICAN OVERSIGHT

AIR MONITORING

The TAGA mobile laboratory monitored along the perimeter of the neighborhood adjacent to the Valero Houston Refinery, as well as between facilities and the Manchester neighborhood. The TAGA is expected to finish monitoring in the vicinity of the remaining industry in the Houston area.

CORPUS CHRISTI BRANCH:

Two Oil Discharge Assessment Teams monitored salvage operations associated with the Signet Enterprise and the towing vessel Sandy Point. The Sandy Point was successfully lifted and removed from the beach.

Five Oil Discharge Recovery Teams monitored responsible party removal operations in Rockport, Fulton, Key Allegro, Cove Harbor, and Conn Brown Marinas.

AMERICAN OVERSIGHT

HOUSTON BRANCH:

A Hazard Evaluation Team responded to a report of a chlorine release in the vicinity of Chocolate Bayou. No evidence of a chlorine release was found by the team.

Seven Discharge Assessment Teams assessed or recovered 25 targets within Galena Park, the Woodlands, and Chambers County. Two boat teams reassessed areas off San Bernard and Bastrop to verify there were no additional targets in those areas.

Six Emergency Response/Orphan Container Recovery Teams recovered 40 containers from Colorado, Austin, Waller, Fort Bend, Harris, Wharton, and Montgomery Counties.

The ASPECT flew the remaining Risk Management Program sites in the greater Houston area. Data will be processed and posted today, September 12, 2017. ASPECT has completed flight operations for the Harvey Response.

PORT ARTHUR/BEAUMONT BRANCH:

The Inland Task Force Hazard Evaluation Group, Orphan Container Recovery Group, and Oil Discharge Task Force conducted assessments in Lumberton, Sour Lake, Port Arthur, Sabine Pass, Beaumont, Bridge City, Beaumont Yacht Club, and Rose City.

Two Hazard Evaluation Teams conducted patrols of Orange County, the marine fueling pier and Rainbow Marina. Sixteen targets were assessed and no active discharges or significant environmental threats were observed.

The Discharge Assessment Team investigated four targets. Two of the targets will be recovered/ cleaned up, one target was inaccessible due to its location inside a refinery and one was cleaned up/recovered and subsequently closed.

The Orphan Container Recovery Team investigated and recovered 14 targets. During an investigation of a 4,000-gallon diesel tank, a small leak was found. Another team will recover the tank on September, 12, 2017.

The staging area was completed and began receiving orphan containers today.

DRINKING WATER / WASTEWATER ASSESSMENTS

Fifteen EPA personnel are providing support to TCEQ for drinking water and wastewater system assessments in the Houston Branch.

NOTE: This report includes estimated cumulative costs of the HQ EOC charging under MA#03. Awaiting clarification on the start date for charging the Mission Assignment, but at this time all estimated costs to date(9/10/17) are included

AMERICAN OVERSIGHT

REFINERIES / FUEL WAIVERS

- EPA extended the multi-state fuel waiver to September 26, 2017.

- EPA has granted all open fuel waivers requested to date.

- EPA has issued a No Action Assurance for the Use of Vapor Recovery Systems in Texas Related to Hurricane Harvey (September 1, 2017). EPA will exercise its discretion not to pursue enforcement for violations of the vapor recovery requirements for fuel loading and unloading under 40 CFR Part 60 Subpart XX and Part 63 Subparts, R, Y, CC, BBBBBB, and 30 Texas Administrative Code sections 115.212, .214.

- The Internal Revenue Service red dye fuel waiver to covers the entire state of Texas

FEDERAL SUPERFUND NPL SITES - (These activities are being done concurrently but outside of the current Mission Assignment)

- EPA directed potentially responsible parties or independently started collecting samples at 34 Texas Superfund Sites and nine Louisiana Sites to confirm no releases due to storm impacts. Six EPA field teams, along with potentially responsible parties, completed sampling at 26 sites. Sampling in Texas will be complete by September 13, 2017 and sampling in Louisiana will be complete by September 15, 2017. Preliminary un-validated results for sites located in Texas are expected by September 16, 2017 and for the sites located in Louisiana preliminary results are expected by September 18, 2017.

- All 43 Federal Superfund NPL Sites in the affected area have been assessed. Of these, 41 sites have been cleared and two sites (San Jacinto Waste Pits and U.S. Oil Recovery) require additional follow-up.

    - U.S. Oil Recovery Update: The potentially responsible party continues to pump down Lift Station #1 to maintain freeboard and continues to coordinate repair/replacement of the damaged/displaced plugs in the piping in the lift station and sand filter. The freeboard level in the lift station is close to being stabilized.

    - San Jacinto Waste Pits Update: Cap repairs continue on the remaining berm sections and samples continue to be taken and sent for analyses. The Dive team assessed areas identified as having missing armor stone and a sample plan will be developed based on this assessment.

AMERICAN OVERSIGHT

Hurricane Irma 2017
9/12/2017 – 1030 EDT Update

EXECUTIVE SUMMARY

- In PR EPA continues to assist the local water and health departments in prioritizing drinking water facilities needs for Federal assistance. Currently, two communities have been identified in need of generators.

- Major declaration FEMA-4335-DR for all three (3) USVI Islands) 09/07/17. FEMA amended the major disaster declaration to authorize a 90% Federal cost share for debris removal, including DFA (direct federal assistance); and a 100% Federal cost share for emergency protective measures, including DFA, for 30 days from the start of the incident period, and then a 90% Federal cost share thereafter

- In Puerto Rico and the U.S. Virgin Islands four OSC's conducting environmental assessments. Two assessment teams will focus on assessing potentially contaminated debris in conjunction with USACE. Two assessment teams assessing oil and chemical fixed facilities.

- Twelve CID/NCERT agents deploying 9/13 to St, Croix, USVI to coordinate with FEMA ESF #13 and support the security needs of EPA personnel.

- On 9/9 PR Solid Waste Management Authority (SWMA) submitted two requests before the Puerto Rico Agency for the Management of Emergencies and the Administration of Disasters (AEMEAD):

    - for PR SWMA's costs for supporting recovery response related to the management of vegetative wastes, scrap and construction debris, and others managed by municipalities, the PR Department of Transportation and Public Works, PREPA, and other local agencies; and

    - requesting assistance from federal agencies (such as EPA) in the management of household hazardous waste.

- AEMEAD has to approve and submit these requests to FEMA, on behalf of the entire Government of Puerto Rico.

- Through their request, PR SWMA will enter into contracts with composting companies in Puerto Rico that will chip the vegetative materials at regional staging areas in Caguas, Arecibo, Toa Baja, Mayaguez, and Humacao. New regional staging areas will be created upon demand.

AMERICAN OVERSIGHT

- There are concerns with the landfills of Culebra and Vieques, which have limited capacity. PR will need assistance to manage the vegetative materials in Culebra and Vieques, and this could be a request of support to the USACE's Debris Team.

- PR SWMA is concerned with gasoline or oil tanks that could be discarded by municipalities in the staging areas and how EPA could provide support and input on their management.

PUERTO RICO / U.S. VIRGIN ISLANDS CONDITIONS

US Virgin Islands (USVI):

- VITEMA remains activated. State of Emergency declared; National Guard activated.

- USVI public schools remain closed.

- Juan Luis Hospital in St. Croix, USVI is operational. Schneider Medical Center St. Thomas has catastrophic roof damage.

- All of St. Thomas (19,581 customers) and St. John (2,893 customers) are without power. St. Thomas energized facilities: Airport, Hospital, Charlotte Amalie High School (CAHS), Lockhart Elementary School, Pump Station, and Yacht Haven Grande. Four retail gas stations on STT with generator power are dispensing gas. St. Croix: 25% of customers have no power.

- St. Croix: Henry E. Rohlsen Airport and runway open and operational. St. Thomas: Cyril E King Airport accepting Military aircrafts only, expected online 9/12 for commercial use.

- Status of Major/Primary Roads: St. John - Major damage on coastal roads, Coral Bay Road Route 107 severe, further assessments ongoing. St. Thomas – downed power lines and debris making it difficult to fully assess. St. Croix - damage minimal

- St. Thomas, St. Thomas & St. John 911 systems operational for cell and landline

Puerto Rico (PR):

- Puerto Rico Emergency Management Agency (PREMA) remains activated. State of Emergency remains in effect; National Guard activated.

- Schools and government offices are closed.

- DHS waived the Merchant Marine Act of 1920 ("Jones Act") allowing international vessels to dock at American seaports. Acting DHS Secretary approved the request effective September 8.

AMERICAN OVERSIGHT

- All hospitals are operational.
- 374,044 customers without electrical service (25.45% of population).
- All airports are open.
- 911 service restored for cell phone & landline.

PUBLIC AFFAIRS

The PIO is Elias Rodriguez, who can be reached at (b) (6) All press inquiries are directed to him, and coordinated through OPA.

PAD continues to maintain a public facing EPA Response web site at: www.epa.gov/hurricane-irma.

PAD will continue to update the existing webpage. It is possible that we may migrate the information from this web site to a main EPA (Drupal) site, but we are awaiting further discussions with HQ OPA. In the meantime, we will do what we can to post for and support Region 4 content along with our own content. This will get complicated once we start producing data, so we are working on a longer-term plan.

Community Involvement: Two CICs are deployed – one on Monday to Puerto Rico and one leaving todayfor the USVI. In addition, two people from the response corps are being deployed today and will be joining out CICs to help do CIC work.
Public Inquiries:

CEPD assisted PAD get the proper numbers for general public inquiries.

Non-emergency (non 9-1-1) calls from the general public will be directed to two numbers in PR and USVI. This information will be posted to our website.

For complaints, tips, or information requests, please contact:

- Puerto Rico Emergency Management and Disaster Administration Agency (AEMEAD): 787-724-0124
- Virgin Islands Territorial Emergency Management Agency (VITEMA): 340-774-2244

We will track calls coming in to the EPA either through our 800 number (answered in Edison) or through CEPD, PAD or ORA. We have a tracking sheet, which will be distributed today.

Media Inquiries: A news release was issued on 9/10/17. We expect to issue at least one news release a day as we move into the future. PAD will be speaking to OPA about a long term strategy, including discussing whether we continue to issue one release for the entire

AMERICAN OVERSIGHT

hurricane response or we divide the Irma response releases into Caribbean and Southeast US releases. Reporters are directed to email their inquiries to press@epa.gov.

Region 2 – Hurricane Irma Management Objectives

- Protect the health and safety of EPA employees pre-deploying and/or responding to the storm aftermath.
- Integrate EPA response assets with federal, state and local response structures
- Minimize social, political, and economic adverse impacts
- Keep the public, stakeholders and the media informed of response activities
- Protect communities from incident hazards
- Keep communities informed of incident hazards and clean up progress
- Establish communication and briefing schedule with R2 senior executives and EPA Headquarters. Support a consistent communications approach agency-wide, enabling EPA to act and speak in unison during these incidents
- Provide situation reports and other information on schedule provided by RIC
- Secure all NPL and removal sites. Regulated facilities and Superfund and oil sites will be surveyed prior to storm fall if a land impact is expected
- Identify vulnerabilities at regulated facilities
- Address any immediate hazardous substance releases or oil spills resulting from the storm's impact
- Assist state and local agencies in ensuring safety of drinking water systems.
- Monitor air quality when/if necessary in response to conditions on the ground.
- Provide guidance for length of work day and deployments as it pertains to this specific event
- Coordinate logistics with deployed personnel to provide transportation options, lodging, security, ground transportation on site;
- Coordinate national resources to assist the Region;
- Identify clearly defined roles for both Regions and Headquarters;
- The response will use the Region's incident specific Data Management Plan (DMP);
- In collecting, sharing, and analyzing environmental data, EPA will give primacy to data with potential human health consequences;
- EPA will work to ensure that its decision-makers have access to the data and expertise they need to make decisions based on sound science;
- Identify early in the response the long term recovery issues the Agency may be requested to support and determine the resource needs to support and sustain those requests to completion.

DEBRIS RECOVERY

U.S. Army Corps of Engineers and EPA debris team deployed in the USVI. EPA conducted debris assessments 9/11.

EPA coordinating with ACOE, FEMA, and the USCG to develop debris plans with Puerto Rico and USVI. Debris Assessment Teams are deployed in both Puerto Rico and the USVI.

AIR MONITORING

AMERICAN OVERSIGHT

No air monitoring activities.

FIELD RESPONSE ACTIVITIES

No major oil spills or threats of releases of hazardous substances have been reported to date. There is widespread damage to boats in marinas and likely widespread smaller oil spills. We are coordinating with Coast Guard to identify any needs for assistance

PUERTO RICO

- In Puerto Rico post-storm assessments continue. Assessment Teams conducting field assessments in Puerto Rico supported by EPA START/RST contractors. Teams are focusing on hazardous substance and oil releases and spills, fixed chemical and oil facilities and drinking water and wastewater facilities.

- On 9/11, Preliminary Damage Assessment Teams assessed two (2) FRP/SPCC facilities and one (1) RMP facility.

- No significant impact from Hurricane Irma was reported by facility contacts or observed by the teams. Some facilities have compromised security mostly due to downed fencing.

- Safety Officer and Community Involvement Coordinator landed safely and have joined the teams.

AMERICAN OVERSIGHT

U.S. VIRGIN ISLANDS

- EPA went to VITEMA EOC on STX. Met with USCG, VITEMA, DPNR and VIWMA personnel.
- VIWMA has not yet identified any debris staging areas on STT/STJ as of 9/11. Cleared debris just pushed off the road at this point. Assessed STX debris collection at Estate Body Slob. Trucks of vegetative debris are rolling in. Platform in place to view truck contents prior to dumping.
- DPNR is staffing EOC on STT and STX. No known issues yet. DPNR trying to get a DPNR vehicle and driver available to transport EPA around STT on a day trip for assessment activities.
- EPA toured Frederiksted and the west end road. Vegetative debris piles are present awaiting pickup.
- Rolloff containers were seen throughout the island staged for residential waste.
- Military flights available from UPS terminal on east end of STX airport. Fixed wing and rotary wing airframes available. Responders sign in, and catch the next available seat.
- STT/STJ curfew from 1800 hrs to 0600 hrs.
- Facility Assessments performed at VI Asphalt and Limetree Terminal. No immediate threats observed at either facility. No spills or issues of concern observed or identified.

The table below displays the teams that have been deployed based on the assessment results in Puerto Rico or the USVI.

*** EPA is assessing each call to determine appropriate response and forwarding reports to field personnel to conduct further assessments and response as needed.**	

DRINKING WATER / WASTEWATER

Puerto Rico Drinking Water Status: As of 8 AM on 9/12/17, **3.58%** of the population is without drinking water services. This does not include the non-PRASA systems which account for 4% of the PR population. PR remains under a boil water notice, and we are confirming the scope. PRDOH is back to functionality and is going to start the coordination of inspections to check operational status of the drinking water systems. CEPD/CWD Water Support Group in the REOC is coordinating with PRDOH, FEMA, and the USACE in order to avoid duplication of effort.

PRASA: All PRASA waste water treatment plants are in service. However, 15 of the nearly 800 sanitary pump stations are overflowing sewage due to problems caused by the hurricane. CEPD is coordinating visits to the pump stations, the Dorado WWTP, and the Culebra WWTP as soon as conditions allow.

PREPA: 75% of population with power.

PREPA: All PREPA waste water treatment plants are in service.

Non-PRASA Drinking Water Status: Highlighted systems need assistance. Systems that do not answer the phone will be visited by CEPD starting Wednesday. Information has been shared with PRDHOH and our staff located in the PREOC.

USVI Drinking Water Status: No new updates

USVI Wastewater: The 8 municipal wastewater treatment plants are in service. DPNR is contacting facilities and will provide updates. No significant damage or operational issues have been reported regarding major facilities on St. Croix. Still collecting information regarding St. Thomas and St. John. No information on sanitary pump stations. CEPD will request the OSCs deployed in St. Thomas to assess the wastewater treatment plants and pump stations. CEPD has a call scheduled with DPNR personal this afternoon to strategize assessments and get further updates.

REGULATED FACILITIES

The Regulated Facility Team (RFT) continues to receive email and telephone responses to EPA's post-Irma facility damage, oil spill, and chemical release assessment efforts. As facility personnel obtain access to their facilities they continue to report no spills, no chemical releases, and no upset conditions. High risk facilities in Puerto Rico and the US Virgin Islands, such as Puma, Limetree Bay, PRASA, and WAPA have reported no significant damage to their oil and/or chemical operations. The RFT has contacted the VI DPNR and provided a brief update on the status of major oil and chemical facilities that have responded to the post-impact damage assessment/oil spill/chemical release mass email and phone calls. The RFT is prepared to provide technical assistance to field assessment teams currently being deployed.

DECLARATIONS

Puerto Rico.

Emergency Declaration FEMA-3384-EM effective September 5. Assistance is for all 78 municipalities in the Commonwealth of PR. The Governor of Puerto Rico requested a disaster declaration 9/8.

Disaster Declaration effective September 9. Declared areas only include Culebra and Vieques.

U.S. Virgin Islands.

Disaster Declaration FEMA-4335-DR effective September 7, 2017. St. Thomas and St. John approved for Individual Assistance, all islands eligible for Public Assistance and the Hazard Mitigation Grant Program.

Emergency Declaration FEMA-3383-EM effective September 5. Assistance is for all islands in the Territory of the USVI.

FUEL WAIVERS

Fuel waivers are not needed for PR or USVI.

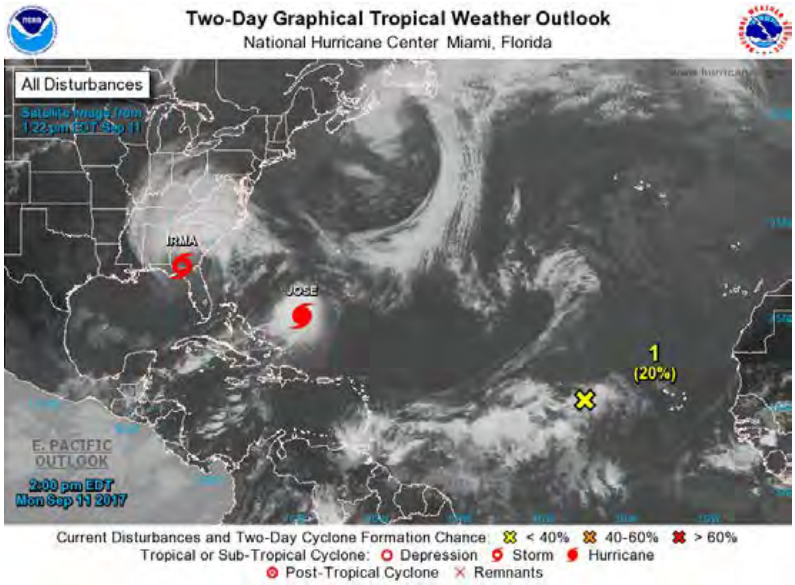
LONG RANGE PLANNING

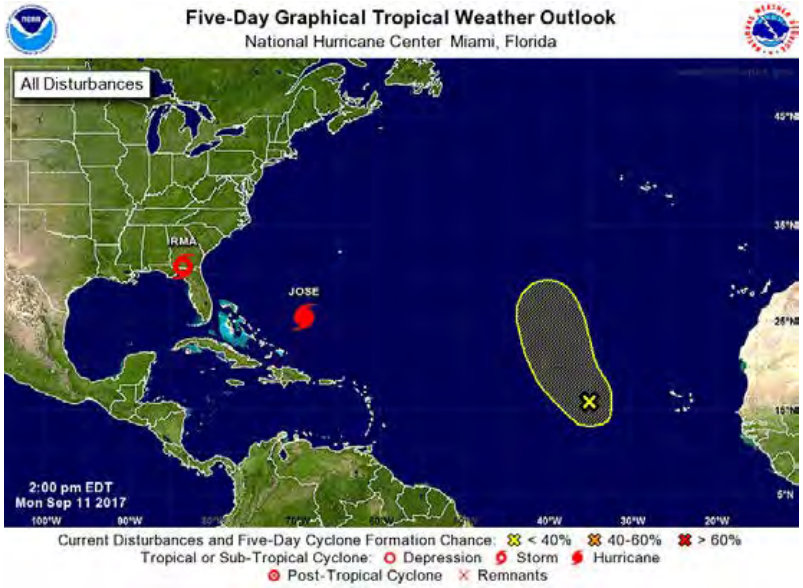
- **National Disaster Recovery Framework (NDRF) Activities**. FEMA has begun long range recovery planning and is in contact with the EPA Office of the Administrator's (OA) disaster recovery coordinator. The Acting Regional Administrator is Region 2's Federal Disaster Recovery Coordinator with CASD providing support. CASD is in communication with the OA and is working with CEPD and the other divisions to identify Region 2 contacts for the six Recovery Support Function (RSF) areas: 1.)

AMERICAN OVERSIGHT

Community Planning and Capacity Building, 2.) Economic Recovery, 3.) Health and Social Services, 4.) Housing Recovery, 5.) Infrastructure Systems, and 6.) Natural and Cultural Resources. This work will assist the Agency to identify potential recovery challenges and plan for resiliency. EPA Region 2 disaster response and recovery personnel are coordinating and will share our Irma data collection and results of our assessment efforts.

- **Additional Threats**. No additional storm threats to impact the U.S. Caribbean.





AMERICAN OVERSIGHT

- **Hurricane Jose**. At 9/11 11:00AM AST, the center of Hurricane Jose was moving toward the north at 9 mph. A NE turn is expected tonight, followed by a slower motion toward the SE Tuesday and Tuesday night. Maximum sustained winds are near 105 mph with higher gusts. Some weakening is forecast during the next 48 hours. Hurricane-force winds extend outward up to 25 miles from the center and tropical-storm-force winds extend outward up to 140 miles.

AMERICAN OVERSIGHT

Hurricane Irma/Hurricane Maria 2017
10/2/2017 – 1030 EDT Update

EXECUTIVE SUMMARY

- CEPD – All CEPD personnel are accounted for and safe. (Thanks to the CID/NCERT agents that assisted CEPD locate our EPA employees.) However, the humanitarian crisis – particularly in Puerto Rico – is growing, as residents in more remote areas are lacking food, water and medicine. Several patients in hospitals have reportedly died because there was no electricity to power medical equipment. Overall command of the federal response is now with the military (Generals Richard Kim & Jeffrey Buchanan). The Army Corps of Engineers has been assigned the task of assisting PREPA to rebuild Puerto Rico's electric distribution system.

- The CEPD Guaynabo office building is running on generator power. Data and voice services and cell phone service is operating. The office will officially open on Monday, 10/2.

- The CEPD office in St. Thomas, USVI has been assessed and is in the same condition as post Hurricane Irma – some minor water damage and subsequent mold. EPA will follow up with GSA on the cleaning and air monitoring from the damage done by Irma.

- The CEPD office in Vieques, PR sustained minimal damage; it has generator power (though fuel supply is limited), but no water service. The STT and Vieques offices remain officially closed until further notice.

- The MA for an additional $25,000 on the initial activation in PR was received on 10/1.

- The list of berthing requests for EPA personnel scheduled to deploy to the USVI later during the week of 10/1 was submitted to FEMA.

- The Resource Request Forms (RRF) for the transportation of ERRS equipment to the VI, and the PR under the DW/WW MA are working their way through FEMA's WebEOC.

- Drinking and waste water assessment information provided by the REOC is being inputted to FEMA's SWEAT Model at the NRCC.

- EPA will pursue FEMA, U.S. Coast Guard, and commercial flights. We will continue to move personnel into the USVI and PR. Lodging on PR and USVI remains a challenge. We will continue to pursue berthing space on the various FEMA supported vessels arriving in PR and the USVI and commercial sources.

AMERICAN OVERSIGHT

- Puerto Rico: **120 people** 20 people on 10/7 + 100 people on 10/15

- St Croix: **94 people** 26 people on 10/9 + 34 people on 10/14 + 34 people on 10/18

- St Thomas: **68 people** (34 people on 10/14 + 34 people on 10/18)

- Other Significant Concurrent Events.

    - New York City Marathon, 11/5/17, New York, NY
    - Macy's Thanksgiving Day Parade, 11/24-25/17, New York, NY

PUERTO RICO / U.S. VIRGIN ISLANDS CONDITIONS

US Virgin Islands (USVI):

- State of Emergency declared; National Guard activated.

- St. Thomas, St. John and Water Island: curfew is 6 PM -6 AM. St Croix: 6 PM. to 10 AM.

- Power Outages:

    - St. Thomas: 19,574 (99%)
    - St. John: 2,893 (100%)
    - St. Croix: 25,274 (90%)

- Public schools planning to open 10/9.

- Airports: St. Thomas: Open and receiving commercial aircraft. St. Croix open under special conditions (military flights and air carriers with less than 35 passengers)

- Ports:
    - St. Thomas Open: Charlotte Amalie, East Gregerie Channel, West Gregerie Channel (Crown Bay) Open with restrictions: Red Hook Bay
    - St. John Open with restrictions: Cruz Bay
    - St. Croix Open: Krause Lagoon, Limetree Bay, Frederiksted Closed: Christiansted

Puerto Rico (PR):

- **General**.

    - General Jeffrey Buchanan, DOD's primary military liaison with FEMA, toured Puerto Rico on Saturday indicated that "this is the worst I've ever seen". He said the worst problems are in the interior of the island. "And it's because of roads. The roads are not clear on the outside of the island, and we're slowly

AMERICAN OVERSIGHT

working our way in. But we obviously need to get all roads cleared so we can get supplies to people who desperately need them".

- An emergency meeting was held yesterday regarding evacuation orders related to the conditions of the Guajataka Dam and flood potential due to rains. The mayors of Isabela and Quebradillas claim that the whole population of these municipalities do not need to be evacuated. They understand that the stability of the dam is not compromised, based on information from the USACE. There are evident differences between the central government and FEMA with the mayors of these municipalities on how to manage this situation.

- PROMESA Fiscal Board decided to withdraw its judicial claim to implement a furlough in the Government of Puerto Rico and is postponing all discussions related to this subject until the next fiscal year. The Board also requested support from US Congress and the Federal government in expediting its emergency response, aid, and recovery efforts to the island.

- PR Department of Education Secretary informed that public schools shall initiate classes on Monday October 16.

- More than 10,000 Federal workers are supporting emergency response in Puerto Rico.

- 10,201 residents currently living on government shelters

- **PREPA** – PREPA reports that **95%** of their clients are without service. PREPA Director and US Army Corps of Engineers Chief, General Todd Semonite, informed their plan to reestablish electricity in the island. It is divided in 4 phases that will be implemented simultaneously: (1) install temporary generators in priority areas; (2) assure power plants' generation; (3) repair of transmission lines, particularly those from south to northern Puerto Rico; and (4) repair of distribution system. They highlighted that the repair of the transmission and distribution system will be the most complicated task and will take time. USACE Chief was clear that there should be no expectation that energy service will be reestablished quickly. USACE Engineer Jose Sanchez will lead the efforts to reestablish electricity in Puerto Rico. PREPA Director informed that many sectors in southern and western Puerto Rico will start to be energized as the Aguirre and Costa Sur Power Plants are operational.

- **PRASA** – PRASA reports that **50%** of clients are without drinking water service.

- **Telecommunications –** Telecommunications Board reports that **67%** of telecommunications service is still disrupted. Service was reestablished from Dorado to Canóvanas, from San Juan to Caguas, Fajardo, Ceiba, Caguas, Mayaguez, Ponce, Arecibo, and Aguadilla.

- **Solid Waste Management** – Municipalities continue to report that large amounts of clandestine dumps have been established in their communities. They are concerned

AMERICAN OVERSIGHT

with public health and environmental impacts.

- **Fuel Supply** – **35%** of gasoline stations are still not operational. 714 of 1,100 gas stations are currently operational. New operational hours of gas stations have helped reduce long waiting lines that were experienced last week.

- **Airports –** Luis Munoz Marin International Airport is receiving **35** flights per day. Seven airports in Puerto Rico are now operational and one is closed. Governor informed that they expect to reach 60 daily flights this week. 11 of 12 airports open with restrictions; Mayaguez (MAZ) closed awaiting word from airport authority on re-open date.

- **Ports** – Four ports open: San Juan, Guayanilla, Salinas, Tallaboa. Six ports open with restrictions: Arecibo, Fajardo, Vieques, Culebra, Guayama, Mayaguez, Ponce, Yabucoa. Two ports closed: Guanica and Roosevelt Roads

- **Curfew** – Curfew hours in Puerto Rico are from 9:00 pm to 5:00 am. First responders and medical personnel exempt.

- **Roads** - Major state roads continue to reopen without exception in both directions; PR-2 is open from Ponce to San Juan on western side of the island.

- **Socioeconomic Issues –** Many municipalities continue to claim that aid is not reaching their communities, particularly food and water. This problem is particularly evident in the municipalities in the center of the island.

PUBLIC AFFAIRS

The PIO is Janie Acevedo, who can be reached at (b) (6) . The Assistant PIO for Community Relations is Pat Seppi, who can be reached at (b) (6) and the Assistant PIO for Media Relations is Tayler Covington, who can be reached at (b) (6) All press inquiries are being managed through the Office of Public Affairs.

OPA did not issue a Maria update news release on October 1, 2017, but is planning to issue an update news release on October 2. We continue to provide all Region 2 staff with relevant Maria news clips and EPA news releases.

The response web site www.epa.gov/hurricane-maria is being updated daily by the Region 2 PIO and Assistant PIO for Media.

Community Involvement: Wanda Ayala has arrived in Puerto Rico and has been deployed with one of the assessment teams in the field. Additional bi-lingual Community Involvement Coordinators are positioned for deployment to Puerto Rico, as well as community relations support for the USVI assessment and cleanup teams. Elias Rodriguez is scheduled to deploy to Puerto Rico on Monday, October 2 and serve as EPA's PIO in the FEMA Joint Coordination Center in San Juan. We are continuing to identify personnel and options for deployment of additional CICs and PIOs through October to support ground and REOC operations.

AMERICAN OVERSIGHT

Region 2 – Hurricane Irma Management Objectives

- Protect the health and safety of EPA employees.
- Implement a re-position plan to address communications schedules, employee location information, rallying points, and a cellular and satellite communication plan.
- Coordinate with FEMA on the re-position and remobilization of EPA responders.
- Implement a re-mobilization plan.
- Minimize social, political, and economic adverse impacts.
- Maintain communication and briefing schedule with R2 senior executives and EPA Headquarters. Support a consistent communications approach agency-wide, enabling EPA to act and speak in unison during these incidents.
- Provide situation reports and other information on schedule provided by RIC.
- Provide guidance for length of work day and deployments as it pertains to this specific event.
- Coordinate logistics with deployed personnel to provide transportation options, lodging, security, ground transportation on site.
- Identify clearly defined roles for both Regions and Headquarters.
- Identify long-term recovery objectives the Agency may be requested to support, and determine resources needed to support/sustain those requests to accomplish the objectives.
- Secure NPL and removal sites. Regulated facilities and Superfund and oil sites will be surveyed post storm fall
- Identify vulnerabilities at regulated facilities
- Address any immediate hazardous substance releases or oil spills resulting from the storm's impact
- Assist state and local agencies in ensuring safety of drinking water systems.
- Monitor air quality when/if necessary in response to conditions on the ground.
- Coordinate national resources to assist the Region;
- The response will use the Region's incident specific Data Management Plan (DMP);
- In collecting, sharing, and analyzing environmental data, EPA will give primacy to data with potential human health consequences;
- EPA will work to ensure that its decision-makers have access to the data and expertise they need to make decisions based on sound science.

DEBRIS RECOVERY

Puerto Rico Debris Mission

- EPA continues to meet with FEMA, USACE, EQB, SWMA, EPA, and private contractors to discuss details for proposed plan to regional debris collection and processing centers in 6 zones throughout Puerto Rico. Contractors propose to separate and manage clean vegetative materials, mixed wastes, construction and debris, and wet debris. USACE and Contractors are proposing to use thermal reduction system (box burners) and are requesting a waiver from EQB. Contractors presented proposed staging locations in Puerto Rico and are requesting environmental information from local and federal agencies to assure environmental compliance. EPA held a meeting on October 1 to discuss the strategy for the management of hazardous wastes and

AMERICAN OVERSIGHT

household hazardous wastes. [Next Meeting: Monday, October 2 at 2 pm]

USVI Debris Mission.

- FEMA EOC in STX has requested that EPA take part in daily Debris Management meetings. EPA will advise on air monitoring and/or sampling protocols associated with the burning of debris. However, no decision has been made on whether there will be burn operations. FEMA STX has also indicated that EPA may be requested to assist with medical waste issues resulting from the re-establishment of medical facilities on STX and STT.

AIR MONITORING

Puerto Rico. EQB is planning to conduct an assessment on the conditions of the ambient air monitoring network. The network was taken offline prior to Hurricane Maria landfall. There is no update or information on the status or damages. They will staff an assessment team once their employees are able to return to the office.

SPILL/RELEASE RESPONSE

Hotline Calls as of October 1st, 2017	
Number of Maria Related Calls Received During Reporting Period	1
Total Number of Maria Related Calls to Date	6
*** EPA is assessing each call through the NRC to determine appropriate response and forwarding reports to field personnel to conduct further assessments and response as needed.**	

SUPERFUND NPL, SUPERFUND REMOVAL, AND OIL REMOVAL SITES

On 9/29, Vega Baja Solid Waste Disposal site was not able to be visited due to the significant road damage and debris. The team could not access the facility. On 9/30 the teams were to conduct site surveys and surveillance of the Upjohn Facility, Vega Alta Public Supply Well, and Juncos Landfill. We are waiting for the results of the 9/30 work.

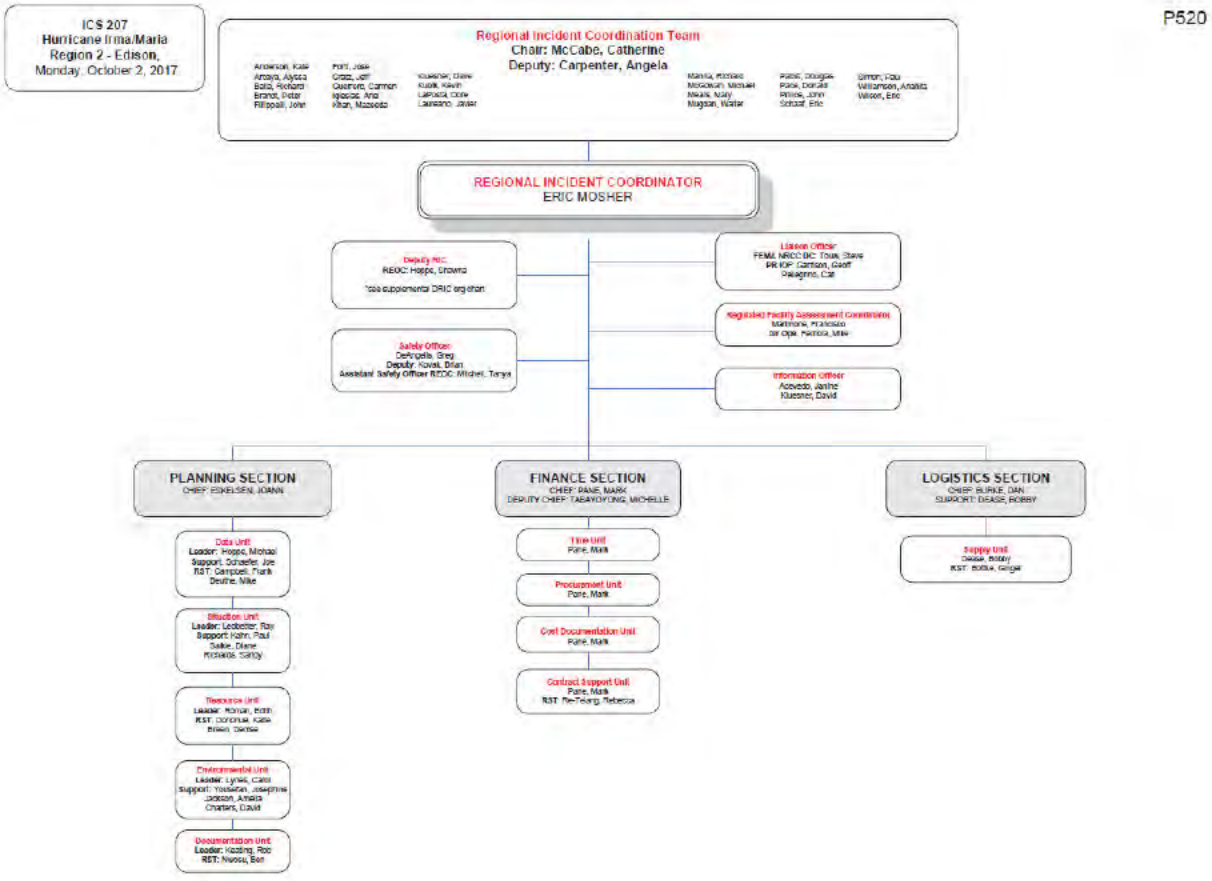
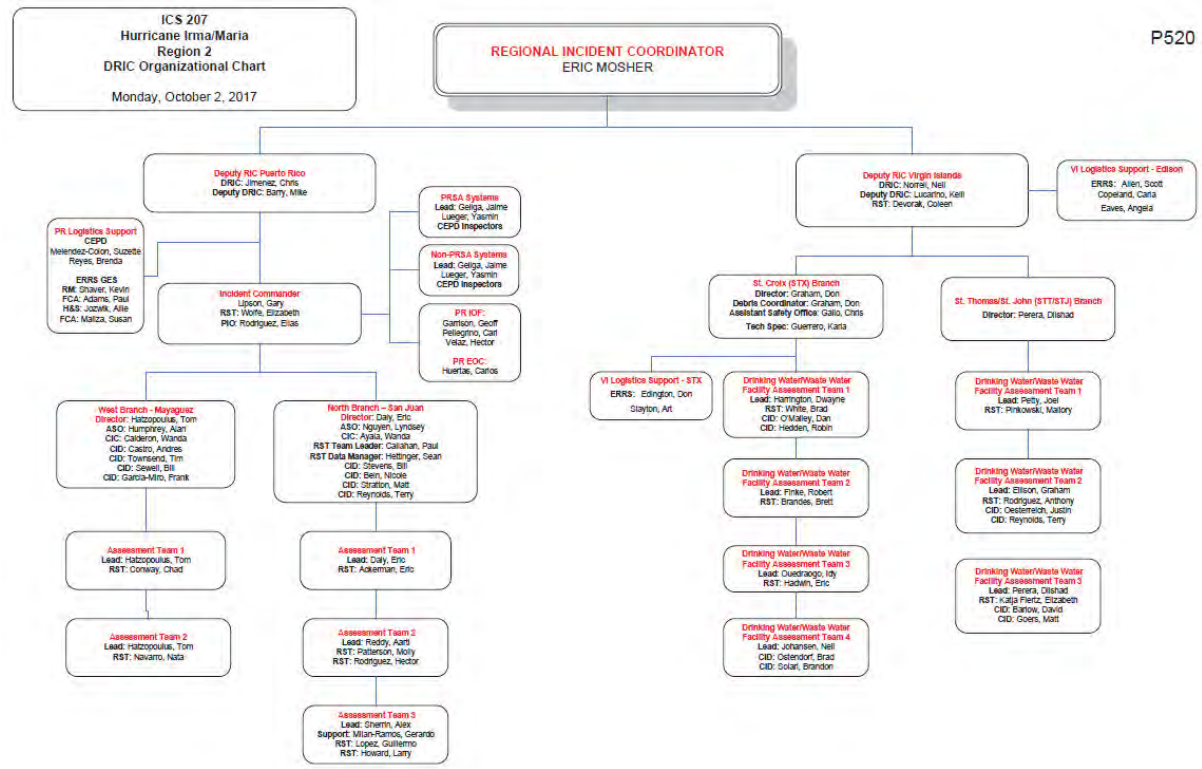
REGION 2 RESPONSE ORGANIZATION (ICS 207)

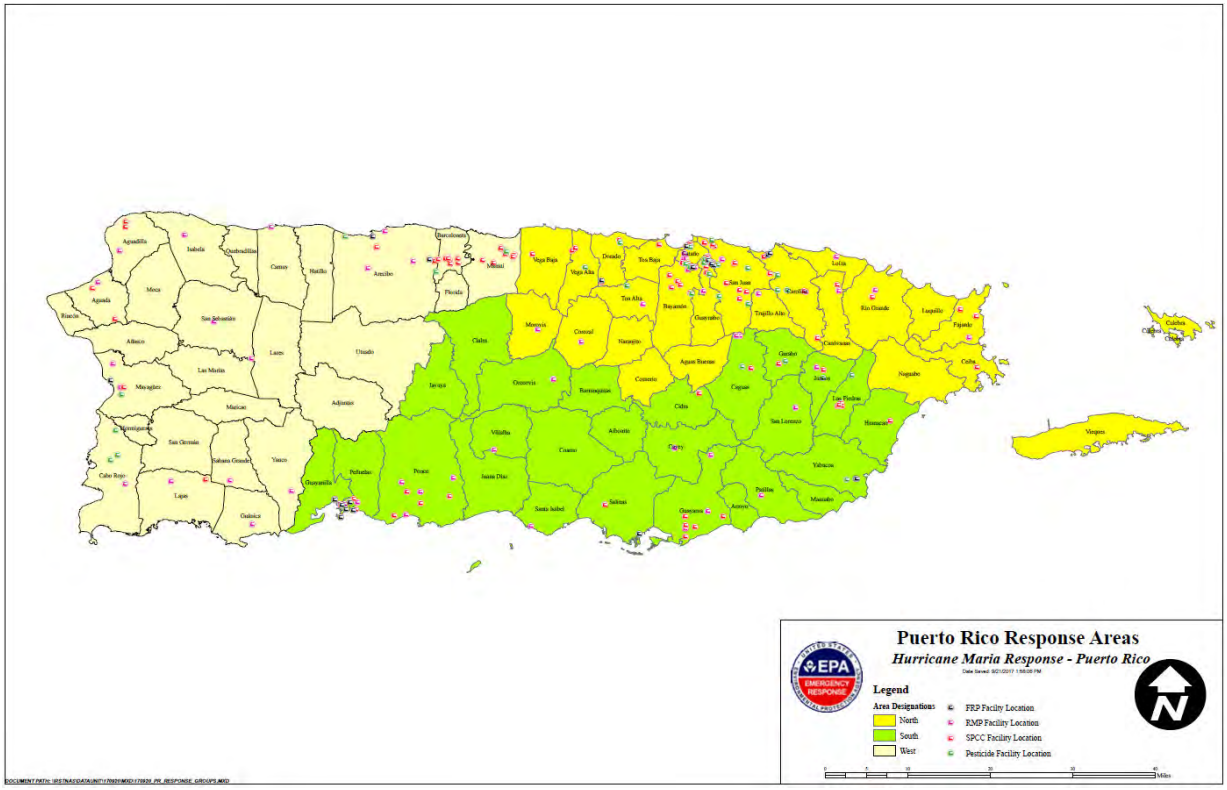


AMERICAN OVERSIGHT



FIELD RESPONSE ACTIVITIES

PUERTO RICO



AMERICAN OVERSIGHT

The EPA Deputy RIC for Puerto Rico and Incident Commander/Operations Section Chief has separated Puerto Rico into three Branches; the North Branch, South Branch, and West Branch. EPA and contractor resources are currently deployed in the North and West Branches. The South Branch will become more accessible once lodging becomes available. Until that happens, North Branch personnel will cover South Branch areas.

- Assessment teams comprised of OSCs, technical assistance contractors, and public affairs personnel are deploying to Puerto Rico in accordance with our EPA Region 2 Mobilization and Resource Plan. Responders arrived in both the San Juan and Mayaguez areas on 10/1.

- Available CEPD Staff are coordinating with the response command structure to provide support in other assessments, such as chemical and oil facilities, NPL, and removal sites.

- EPA has received several requests for DW/WW analytical and assessment and sampling support from USACE, PRASA, and PRDOH. REOC and IOF staff prepared and provided a cost estimate for this work. An RRF was submitted by the EPA Liaison Officer at the FEMA NRCC to perform this work and is being worked at the San Juan IOF. Work continues on developing supporting documentation and several courses of action to support the Mission Assignment that will cover all of these requests. A conference call was held with ESF3 and Puerto Rico agencies requesting EPA support to assessing non-PRASA drinking water facility assessments that would be incorporated into this Mission Assignment.

- **Non-PRASA Water Treatment Systems:** Meeting between FEMA, USACE, HHS, DoD, EPA, and DOH to coordinate federal support to Non-PRASA drinking water facilities. In Puerto Rico, there are approximately 260 independent private and community water treatment systems that serve approximately 4% of the population. One of the recommendations is the deployment of 8 Assessment Teams of EPA and DOH staff starting Monday, October 2. Two teams will be conducting the first assessment visits to the Non-PRASA systems in the Municipalities of Caguas and San Lorenzo.

- **Small Oil Spill Responses:** EPA has received requests of support from EQB to small oil spills. EQB has used their contractors to deploy booms and pads to control these spills.

- EPA has received several requests for DW/WW analytical and assessment and sampling support from USACE, PRASA, and PRDOH. An RRF was submitted by the EPA Liaison Officer at the FEMA NRCC to perform this work and is being worked at the San Juan IOF. Work continues on developing supporting documentation and several courses of action to support the eventual Mission Assignment that will cover all of these requests. A conference call was held with ESF3 and Puerto Rico agencies requesting EPA support to assessing non-PRASA drinking water facility assessments

AMERICAN OVERSIGHT

that would be incorporated into this MA.

- Limited cell phone activity is available in the San Juan area.

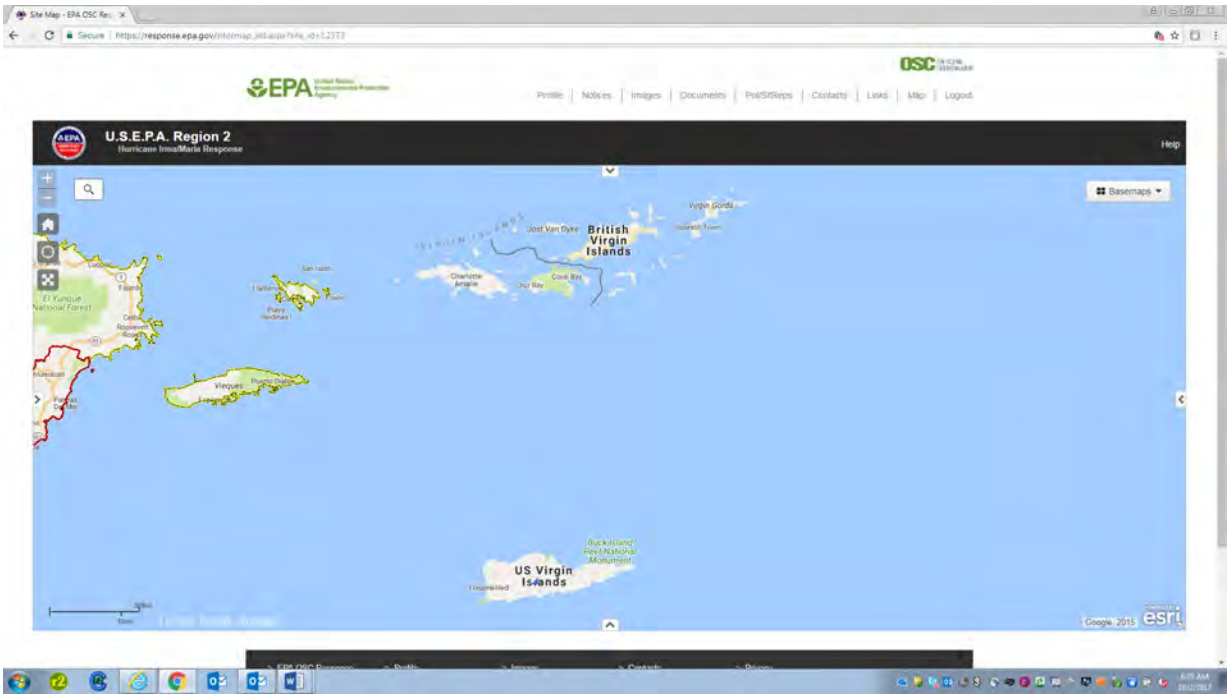
- One OSC and one CEPD ORC personnel are at the FEMA IOF in San Juan and two CICs based out of San Juan are assisting with pre-deployment logistics and outreach.

- CID personnel coordinated with ESF #13 and Puerto Rico Police in preparation for operations support for the Assessment Teams.

- Initial planning was completed for a projected deployment of up to a 165-person response on or about 10/15, pending resources and lodging/berthing and transport available.

- **Critical Resources Needs/Issues:** Commercial air traffic to PR is severely limited. This is making transport of personnel and equipment needed to support the missions assigned and requested of EPA difficult. Lodging continues to be in short supply. Lodging accommodations for personnel involved in near-term missions is arranged, but future lodging remains an issue

U.S. VIRGIN ISLANDS



The EPA Deputy RIC for the U.S. Virgin Islands (USVI) and Incident Commander/Operations Section Chiefs have separated the USVI into three incident areas by island; St. Croix, St. Thomas, and St. John. EPA and contractor resources are currently deployed in St. Croix and St. Thomas. St. John is currently not accessible to EPA responders.

AMERICAN OVERSIGHT

- **STX:**

    - EPA OSCs attended a debris Management meeting at the DPW. Continuing to develop debris management plan.

    - DOT requested EPA's assistance with assessing the FAA tower at the Henry E. Rohlsen Airport on STX for mold. EPA observed crews removing carpet and sheetrock in the tower but did not notice any obvious mold growth.

    - EPA Drinking Water Assessment and Sampling Teams collected 12 drinking water samples on Friday, 9/29/2017. The results of the sampling are anticipated to be complete by the end of the day Saturday, 9/30/2017.

    - The Ocean Systems Lab on STX is still non-operational due to lack of power. A generator to be provided to the lab by FEMA has yet to arrive.

    - DPNR is not available on weekends, therefore the number of DW samples on STX will be limited. The facilities target number is 11.

    - One EPA Team has been deployed to perform facility inspections. Of the 11 drinking water samples collected on Friday, 9/29, 5 samples indicated the presence of E. coli. EPA will continue coordinating with DPNR to ensure disinfection measures are taken at all affected locations.

        - **Total Public Water Systems on St Croix sampled to date = 66**
        - **Total number of samples to date= 75**
        - **Total systems assessed to date = 101**
        - **Total number of systems with positive E. coli results = 12**
        - **Total number of systems resampled after positive E. coli = 12**
        - **Total number of systems with negative E. coli results after resampling = 12**

- **STT:**

    - EPA met with the DPNR Commissioner to discuss upcoming activities in STT and STJ. The DPNR requested that EPA not take any DW samples on STT or STJ until Wednesday, 10/4, at the earliest. The Commissioner would like the opportunity to assign appropriate DPNR staff to assist in the sample collection and prioritize facilities.

    - EPA, WAPA and the USCG met on-site at Krum Bay to discuss the oil spill and the WAPA water intakes. The oil is coming from partially sunken vessels. The USCG and will work closely with WAPA during the removal of sunken vessels. The water intakes are currently boomed and WAPA takes samples of the DW supply regularly. To date, sample analysis has indicated the water system has not been impacted by the spill.

AMERICAN OVERSIGHT

- On 10/2, EPA will conduct fixed facility assessments on STT.

- **EPA and Contractor Personnel Currently in the USVI**:

  - EPA: 18
  - RST: 6
  - ERRS: 2
  - Total: 26

- **Critical Resource Needs/Issues:** Commercial air traffic to the USVI is severely limited. This is making transport of personnel and equipment needed to support the missions assigned and requested of EPA difficult. Requests for transport of personnel and equipment have been made through the proper channels at the NRCC.

REGION 2 REGIONAL EMERGENCY OPERATIONS CENTER (REOC)

- The REOC is working with the ERRD on prioritization of the Sites. EPA personnel began assessments of the prioritized Sites on 9/28.

AGENCY COORDINATION

Region 2 has one rep to staff the ESF-10 desk in the FEMA NRCC in Washington D.C. EPA has an OSC in the VITEMA/FEMA EOC bunker in St. Croix.

Environmental Response Management Application (ERMA). NOAA supports an ERMA viewer for both EPA Region 2 and the U.S Coast Guard. Aerial photos are available through the following link.

https://erma.noaa.gov/caribbean/erma.html#/layers=3+36619+36620+36611+36618&x=-65.62791&y=18.14726&z=9&panel=layer

U. S. Coast Guard Air/Flight Support. EPA Air/Flight Support will coordinate through USCG Seventh District Miami office resources unit for both Clearwater and Miami USCG air stations. Currently there is one flight/day to SJU from Miami. EPA is seeking an opportunity to move water and hazmat/oil teams into the U.S. Caribbean. EPA will submit requests for transportation as part of the ongoing queue.

The RFT is continuing efforts to directly contact significant RMP, FRP, and SPCC companies that have not yet responded to the post-storm assessment via email or by phone. Several

AMERICAN OVERSIGHT

significant RMP, FRP, and SPCC companies in PR and the USVI, such as Puma, PRASA, Total, and WAPA have preliminarily reported no damage to oil, chemical, or flammable operations.

The RFT, in coordination with the Regional Emergency Operations Center (REOC), continues to provide effective compliance assistance to facilities that experienced spills/releases, potential spills/releases, and lost containers. The RFT is providing compliance assistance to seven RMP, FRP, and/or SPCC facilities that have reported minor spills or releases. Compliance assistance efforts are coordinated with the Regional Emergency Operations Center. Information obtained by the RFT regarding these spill/releases have been shared with Operations for upcoming on-site evaluation by field assessment teams. The RFT will remain in contact with these facilities until their spills/releases are resolved.

The RFT is assisting Operations and the Data Team by providing updated RMP, FRP, and SPCC targeting information for upcoming field assessments. Additionally, the RFT is using various EPA databases to provide regulatory history and other facility-specific information when requested.

The Regulated Facility Assessment Coordinator (RFAC) continues to coordinate damage assessment and field assessment referral information with other R2 inspection programs working in UST, Federal Facilities, RCRA, CAA, and NPDES. The UST program remains in-touch with DPNR and EQB UST program managers, and continues to provide updates on gas stations in the USVI and PR. The Federal Facilities Coordinator has been following up with federal facilities in PR and the USVI, and is periodically updating the RFAC as appropriate.

LONG RANGE PLANNING

- **Hurricane Irma Recovery Update.** In terms of recovery Mission Assignments

AMERICAN OVERSIGHT

(MAs), Region 2 is working with FEMA on developing a short term (30 day) Recovery MA for Hurricanes Irma and Maria. Since the NDRF has not yet been activated, the first MA will be supported by the National Response Coordination Center (NRCC) authority to pre-stage RSF coordinators and partners for the initial data gathering and recovery planning work.

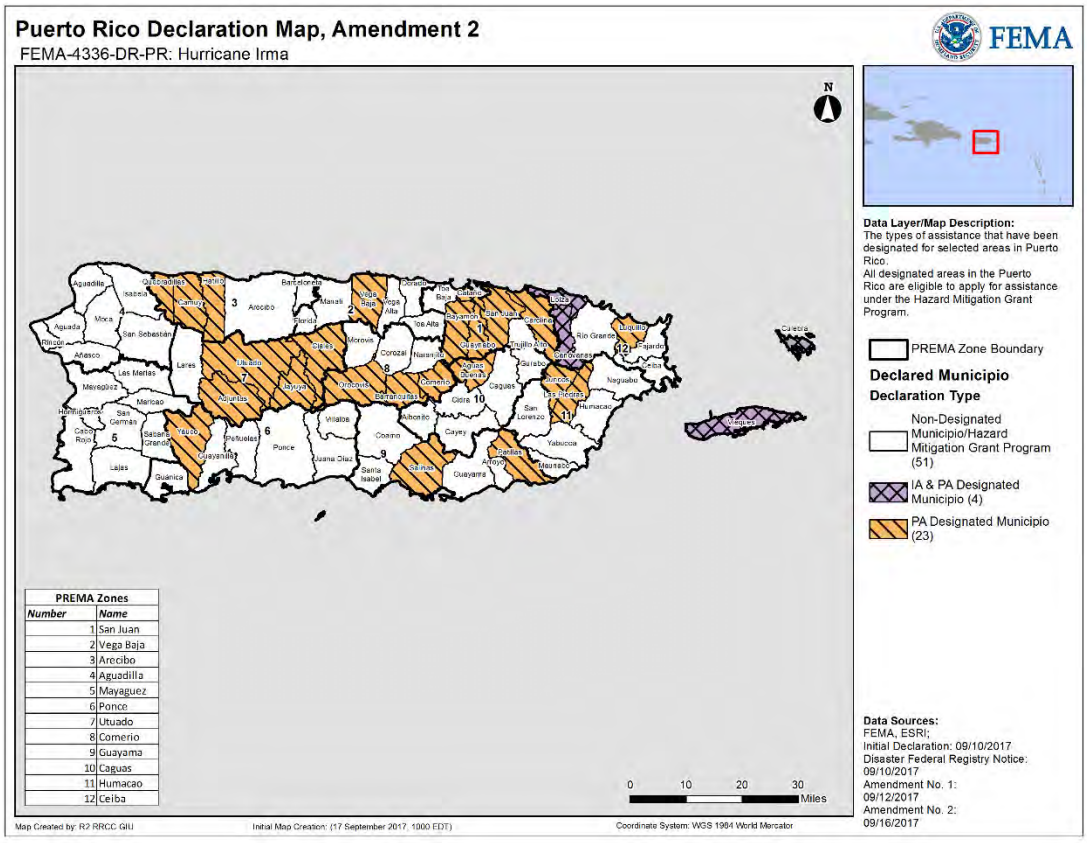
DECLARATIONS FOR HURRICANE IRMA

Puerto Rico.

Emergency Declaration FEMA-3384-EM effective September 5. Assistance is for all 78 municipalities in the Commonwealth of PR. The Governor of Puerto Rico requested a disaster declaration 9/8.

Disaster Declaration FEMA-4336-DR effective September 9. Declared areas only include Culebra and Vieques. On 9/13 ten additional municipalities in Puerto Rico were added to the major declaration, and are now eligible for work under any DFA MA's that we receive. The municipalities are: Adjuntas, Canovanas, Carolina, Guaynabo, Juncos, Loiza, Luquillo, Orocovis, Patillas, and Utuado.

On 9/15, fifteen additional municipalities were added to the major declaration and are now eligible for Public Assistance. The municipalities are: Aguas Buenas, Barranquitas, Bayamón, Camuy, Cataño, Ciales, Comerío, Hatillo, Jayuya, Las Piedras, Quebradillas, Salinas, San Juan, Vega Baja, and Yauco.

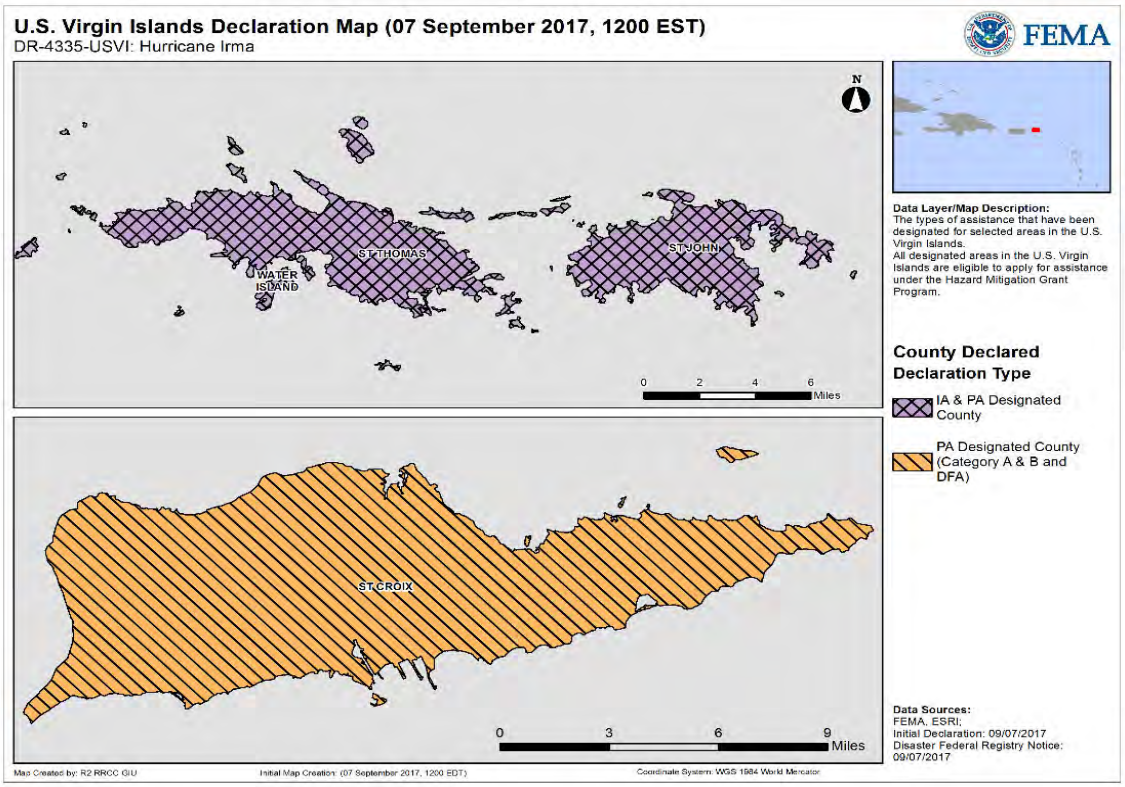


AMERICAN OVERSIGHT

U.S. Virgin Islands.

Disaster Declaration FEMA-4335-DR effective September 7, 2017. St. Thomas and St. John approved for Individual Assistance, all islands eligible for Public Assistance and the Hazard Mitigation Grant Program.

Emergency Declaration FEMA-3383-EM effective September 5. Assistance is for all islands in the Territory of the USVI.



DECLARATIONS FOR HURRICANE MARIA

Puerto Rico.

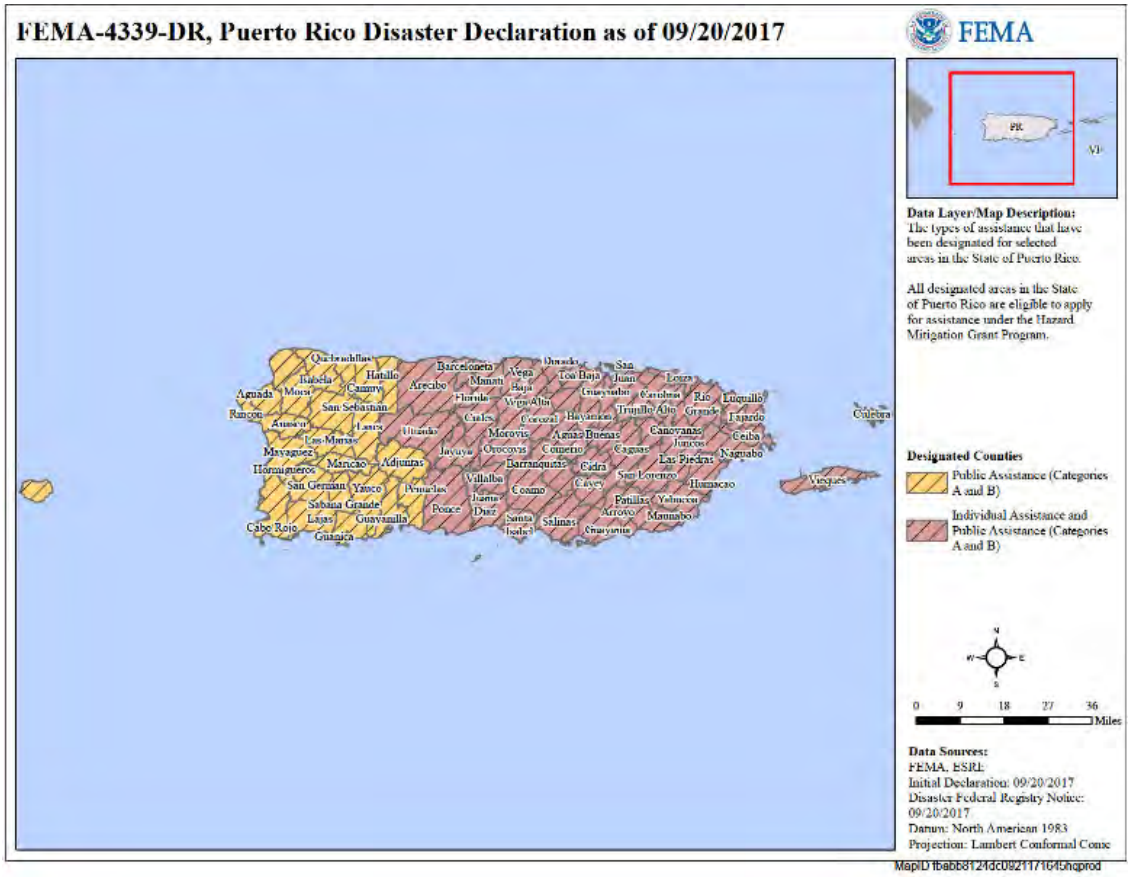
Emergency Declaration. The President has signed Emergency Declaration FEMA-3391-EM for Puerto Rico.

On 9/20, The President has signed a Disaster Declaration FEMA-4339-DR for Puerto Rico.

The White House initial statement covers 54 municipalities. The municipalities included in the disaster declaration are: Aguas Buenas, Aibonito, Arecibo, Arroyo, Barceloneta, Barranquitas, Bayamón, Caguas , Canóvanas, Carolina, Cataño, Cayey, Ceiba, Ciales, Cidra, Coamo, Comerio, Corozal, Culebra, Dorado, Fajardo, Florida, Guayama, Guaynabo, Gurabo, Humacao, Jayuya, Juana Díaz, Juncos, Las Piedras, Loíza, Luquillo, Manati, Maunabo, Morovis, Naguabo, Naranjito, Orocovis, Patillas, Ponce, Rio Grande, Salinas, San Juan, San

AMERICAN OVERSIGHT

Lorenzo, Santa Isabel, Toa Baja, Toa Alta, Trujillo Alto, Utuado, Vega Alta, Vega Baja, Vieques, Villalba, Yabucoa**.**



U.S. Virgin Islands.

Emergency Declaration. The President has signed Emergency Declaration FEMA-3390-EM for the Territory of the U.S. Virgin Islands for Hurricane Maria.

On 9/20, The President has signed a Disaster Declaration FEMA-4340-DR for the Territory of the U.S. Virgin Islands for Hurricane Maria.

FUEL WAIVERS, ORDERS, AND NO ACTION ASSURANCES

- On 9/26 EPA approved a request from PR for an emergency fuel waiver to minimize disruptions of the supply of diesel fuel for mobile nonroad generators and pumps used for emergency purposes. Waiver expires on 10/15/17. Waiver allows sale, distribution, and use of heating oil and marine fuel designated for use in Emission Control Areas

AMERICAN OVERSIGHT

(ECA marine fuel) that exceed the 15 parts per million (ppm) sulfur standard if the fuel meets certain conditions. EPA and DOE are actively monitoring the fuel supply situation

- On 9/27EPA HQ issued an amended No Action Assurance (NAA) concerning the importation, sale, donation or distribution of mobile power generators in Puerto Rico to increase the number of generators available for use during the recovery from the devastation of Hurricane Maria. The NAA supersedes one issued by EPA on 9/22 and covers two categories of mobile power generators. The NAA allows the import and sale of mobile power generators that, while not otherwise legal for import and sale in PR, satisfy air pollution emissions standards that are similar to current EPA standards; and also allows for the import and use of other mobile power generators that do not meet standards similar to current EPA standards, but only if, among other things, they are removed from service and not operated whatsoever in Puerto Rico after 3/31/18.

- On 9/27 EPA HQ issued an essentially identical NAA concerning the importation, sale, donation or distribution of mobile power generators in the U.S. Virgin Islands.

- On 9/23 EPA Region 2 issued an order to FEMA and DOD allowing them to install and operate temporary water treatment units to provide the public in the USVI with drinking water in areas where the existing public water system is not operational. The order establishes certain requirements relating to the use of the temporary systems. The order expires on 10/8/17. EPA is in discussions with DoD about replacing the order with a letter.

- On 10/29 EPA Region 2 approved a request from Lilly del Caribe, Inc. for a 30-day extension of the 90-day limit on the accumulation of hazardous waste on-site. Such an extension is permitted under EPA's RCRA regulations where necessary "due to unforeseen, temporary, and uncontrollable circumstances." Lilly del Caribe informed EPA that because of impacts from the hurricanes, it is currently not possible to make hazardous waste shipments out of Puerto Rico.

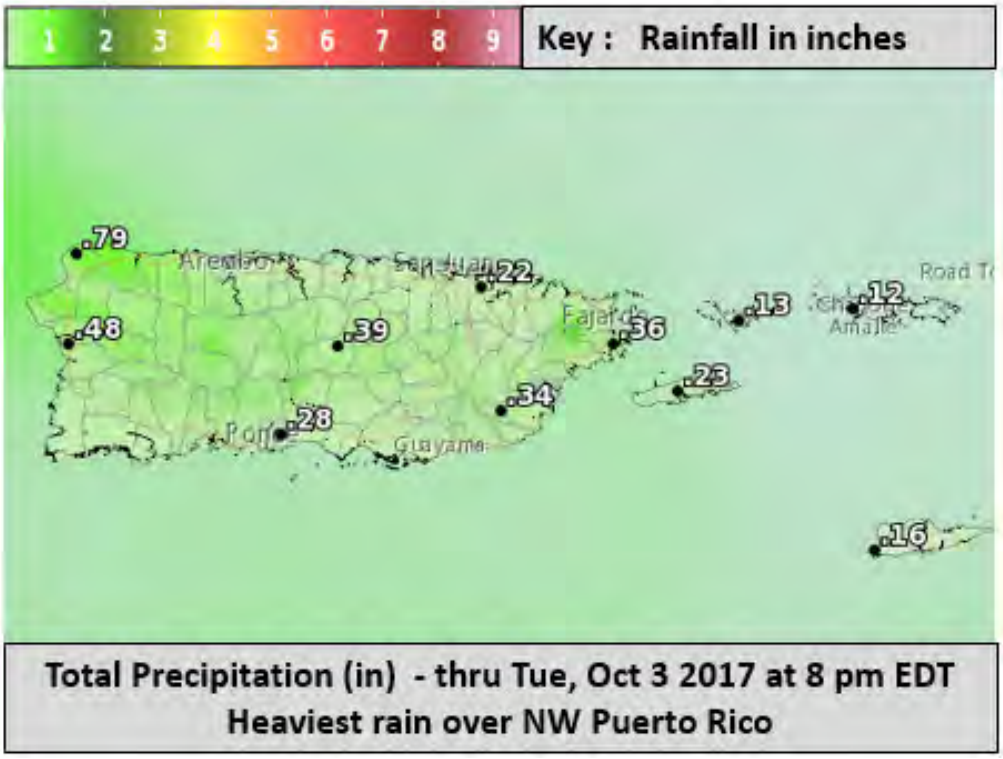
POSSIBLE UPCOMING LEGAL ACTIONS

- EPA is preparing to issue a No Action Assurance to Merck, Sharp & Dohme Corp. to enable use of four emergency generators located at its Las Piedras, Puerto Rico facility.

ADDITONAL THREATS TO THE U.S. CARIBBEAN.

- **Current Weather**. Drier air pushes into the region 10/2 into 10/3 making for coverage of thunderstorm activity to be fairly limited, and mainly confined to sea-breeze activity (especially NW Puerto Rico). Additional moderate to heavy rainfall moves towards the Virgin Islands and Puerto Rico by 10/4, with increasing rain chances and coverage expected through 10/6.

AMERICAN OVERSIGHT



FUTURE WEATHER OUTLOOK.

- No weather systems of interest to the U.S. Caribbean for the next 48 hours.

Sent: Friday, April 7, 2017 7:10 PM
Subject: Scott Speaking at BG Convention Oct. 23rd....

Michelle and Sydney,

I asked Scott if he would be willing to be the keynote speaker for the BG Products, Inc. International Sales Convention, Oct. 23, 2017 in Nashville. He said he would do it if his schedule was open, so that is the purpose of my email. I have worked for BG for 35 years and so much of our business, the automotive industry, is tied to EPA regulations that having Scott here would be a good fit.

Angela and I will be there so we'd like Marlyn to accompany him. They could arrive on Sunday, Oct. 22nd, spend the night in Nashville and Scott would speak at about 10am on Oct. 23rd. I envision a 30 minute speech followed by about 45 minutes discussion in the form of Q & A. We usually have about 250 people from North America and about 50 others from around the world.

I would appreciate it if you could fit this into his schedule. Let me know what other details you need from me at this time. We will be staying at a golf resort in Nashville. We will cover all the expenses for Marlyn. (We'll cover the expenses for Scott, too…but I don't know if that is allowed or not.)

This far out, we are a little flexible. The morning of Oct. 23rd is best, but if it works out better for Scott's schedule he could speak on Oct. 24 or 25.

Thank you for your help,

Charlie

Subject: RE: Ethics Approval: Federalist Society Florida Chapters Conference
Date: Tuesday, December 5, 2017 9:33:19 AM

Haley,

The speaking engagement doesn't raise any ethics concerns at this time. However a few things:

1) Follow up with me if he plans to attend the reception prior to the dinner; or if travel costs are offered; and

2) If EPA continues to accept event requests from the Federalist Society, then we need to think about creating a memorandum of understanding or something akin. Without a formal relationship in place, it could appear that EPA is giving preferential treatment to the Federalist Society. So, if the Scheduling Office anticipate more invitations, then please follow up and we can talk about how to formalize this relationship.

3) Welcome, Kelly!

Thanks!
Jennie for OGC/Ethics

Date: Wednesday, September 6, 2017 10:43:43 AM

Hi Hayley,
In this case, TVA is a federal corporation, so we don't have any ethics issues. But here in ethics, we are definitely "belt and suspenders" type people, so it's never a bad idea to double check.

Subject: Ethics Approval: Tennessee Valley Authority 9.12.17

Hi Justina and Jennie,

Not sure I need to send this one given the nature of TVA, but thought better safe than sorry. He will have a 45 minute intro meeting with those listed on the request.

Thanks!

Hayley,
Yes to this meeting at EPA in concept, but please note that the attendees are federally registered lobbyists. This means that the Administrator cannot accept any gifts from them AT ALL (not a pen, a little airplane, a t-shirt, etc.). Anything they give him will have to be returned, so it's best to alert them up front not to come bearing gifts.

AMERICAN OVERSIGHT

UNITED STATES COURT OF APPEALS
FOR THE FIRST CIRCUIT

CITY OF TAUNTON, MA	:	
***Petitioner*,**	:	
v.	:	**Docket No. 16-2280**
	:	
U.S. ENVIRONMENTAL	:	
PROTECTION AGENCY,	:	
Respondent.	:	

STATE OF RHODE ISLAND'S MEMORANDUM IN SUPPORT OF ITS MOTION TO EXTEND THE TIME LIMIT FOR INTERVENTION *NUNC PRO TUNC* AND ITS MOTION TO INTERVENE

The State of Rhode Island, by and through the Department of the Attorney General, (the State) seeks leave for the filing of its Motion to Intervene in support of affirmance of a final administrative action of the Respondent, United States Environmental Protection Agency (EPA) in imposing limits on the effluent from the Petitioner, the City of Taunton, MA (Taunton). Consistent with precedent and the Federal Rules of Appellate Procedure, significant recent events, together with a lack of any conceivable prejudice, justify granting this motion.

I. STATEMENT OF INTEREST

The Taunton wastewater treatment facility discharges into the Taunton River, which flows into Mount Hope Bay and, thence, Narragansett Bay. As Mount Hope Bay is roughly two-thirds located in Rhode Island, and Narragansett Bay is wholly located in Rhode Island, the bulk of the waterways affected are within Rhode Island. This signifies that the State has two interests.

AMERICAN OVERSIGHT

First, Rhode Island, a downstream state, is the primarily affected sovereign. The importance of Narragansett Bay as the State's most valuable asset is widely known. Crucial to Narragansett Bay is the body of water adjoining at its northeastern corner, Mount Hope Bay. Although most of Mount Hope Bay is located in Rhode Island, the most significant sources of the impairment of the Rhode Island portion of the Bay are located in Massachusetts, giving Rhode Island little ability to improve its impaired waters absent federal intervention. The Rhode Island portion of Mount Hope Bay waters are listed as impaired for both nitrogen (too much) and dissolved oxygen (too little) on the Rhode Island Department of Environmental Management's (RIDEM) 2012 303(d) list.[1] Taunton's discharges contribute to the unacceptably high nitrogen load and unacceptably low dissolved oxygen in these waters.

Second, Rhode Island is granted a distinct role by the federal Clean Water Act (CWA). Rhode Island is a state that primarily provides the Water Quality Standards (in the form of State regulations) that are absorbed into the Federal program. As background, State Water Quality Standards constitute the touchstone of National Pollutant Discharge Elimination System (NPDES) permitting. See 33 U.S.C. § 1341(a)(1), (2); see also 40 C.F.R. §§ 122.4(d), 122.44(d); Arkansas v. Oklahoma, 503 U.S. 91, 110 (1992) ("EPA . . . effectively incorporates into federal law those

[1] Section 303(d) of the CWA requires all states to, inter alia, identify and list impaired waters (those waters that do not meet water quality standards with existing required technology-based pollution controls alone).

AMERICAN OVERSIGHT

state-law standards"); accord H.Conf.Rep. No. 830 at 96, *reprinted in* 1977 U.S. Code Cong. & Admin. News 4398 ("Federal permits . . . take into account State water quality . . . standards"). Therefore, EPA, in crafting the limits at issue, was required to "ensure compliance with the applicable water quality requirements of all affected States," 40 CFR § 122.4(d), and to ensure that the discharges will not "cause, have reasonable potential to cause, or contribute to" violations of those requirements. 40 CFR § 122.44(d). In sum, Rhode Island's Water Quality Standards – enforced through the CWA – are at stake.

II. ARGUMENT

A. The time limit should be extended for good cause

Rule 15(d) of the Federal Rules of Appellate Procedure provides, in relevant part:

> Unless a statute provides another method, a person who wants to intervene in a proceeding under this rule must file a motion for leave to intervene with the circuit clerk and serve a copy on all parties. The motion—or other notice of intervention authorized by statute—must be filed within 30 days after the petition for review is filed and must contain a concise statement of the interest of the moving party and the grounds for intervention.

(Emphasis added). Because the present case was docketed with this Court on October 19, 2016, the thirty (30) day time limit has passed. However, significant authority and good cause support the extension of the time prescribed by Rule 15(d) and counsel in favor of allowing the State to intervene.

AMERICAN OVERSIGHT

As an initial matter, the Federal Rules of Appellate Procedure expressly permit this Court to extend time limits. Rule 2 allows the Court to "suspend any provision of these rules in a particular case and order proceedings as it directs, except as otherwise provided in Rule 26(b)." Rule 26(b) states, in pertinent part:

> For good cause, the court may extend the time prescribed by these rules or by its order to perform any act, or may permit an act to be done after that time expires. But the court may not extend the time to file:
> (1) a notice of appeal (except as authorized in Rule 4) or a petition for permission to appeal; or
> (2) a notice of appeal from or a petition to enjoin, set aside, suspend, modify, enforce, or otherwise review an order of an administrative agency, board, commission, or officer of the United States, unless specifically authorized by law.

(Emphasis added).

These rules clearly give the Court authority to extend the time limit. Indeed, in United States v. Anderson, 921 F.2d 335, 339 (1st Cir. 1990), this Court did precisely that, finding that although the government's brief was late, it was acceptable to file the brief out of time because the "delay stemmed from an administrative mix-up" and because "[s]uch largesse with respect to nonjurisdictional deadlines is consistent with both our Local Rules ... and with the Federal Rules of Appellate Procedure[.]"

In the intervention context, all courts that have examined this issue have recognized the discretionary – and thus non-jurisdictional – nature of extending the time limit. See 16AA Fed. Prac. & Proc. Juris. § 3961.4 Service of Petition or

AMERICAN OVERSIGHT

Application; Intervention (4th ed. 2017) ("Technically, it would seem that Rule 26(b) empowers the court to extend the time to intervene under Rule 15(d), and that Rule 26(b)(2)'s ban on extensions does not apply to Rule 15(d) intervention motions[.]"). For example, in International Union of Operating Engineers, Local 18 v. National Labor Relations Board, 837 F.3d 593, 596 (6th Cir. 2016), the Sixth Circuit held that Rule 15(d)'s "thirty-day filing deadline does not implement any general jurisdictional statute, and it thus falls on the claim-processing-rule side of the line, a side that permits forfeiture and equitable exceptions to the deadline." Other courts have held similarly. See Zeigler Coal Co. v. Office of Workers' Compensation Programs, 490 F.3d 609, 611 n.1 (7th Cir. 2007) (allowing intervention past thirty-day limit because party had good cause). Even courts that have denied motions for intervention on timeliness grounds implicitly recognize the court's authority to extend the timelines. See Krupp Intern., Inc. v. U.S. Intern. Trade Commission, 644 F.2d 869 (C.C.P.A. 1981) (finding that good cause was not established to waive thirty-day time period); see also Amalgamated Transit Union Intern., AFL-CIO v. Donovan, 771 F.2d 1551, 1553 (D.C. Cir. 1985) (finding that motion to intervene filed *after* court of appeals decided case was not to be permitted in that case, but allowed that a rare case may call for intervention even at such a late stage).

AMERICAN OVERSIGHT

Here, the State has sufficient good cause for the State's late intervention: the EPA's leadership changed significantly in February 2017 and the State is concerned that EPA might decide not to defend this appeal or might enter into an agreement with Taunton that is less favorable with respect to effluent limitations. The State's concerns are not speculative; a February 2017 letter from Taunton's mayor to EPA Headquarters sought leniency in this matter and the State has since learned that Taunton has sought and/or had meetings with representatives from EPA Headquarters and the White House. These facts make plain that the landscape is considerably different now than it was when this case was docketed in October 2016. This substantial change, coupled with the importance of the State's sovereign interests described supra, strongly militate in favor of late filing of our motion to intervene.

Additionally, the State's willingness to accept the Environmental Appeals Board's administrative record and defend the Environmental Appeals Board's decision favors this motion. See 16AA Fed. Prac. & Proc. Juris. § 3961.4 Service of Petition or Application; Intervention (4th ed. 2017) ("[A]n intervenor generally cannot raise issues that differ from those raised by the petitioner. At least one court has stated than an intervenor cannot challenge the agency's order, and that a person wishing to challenge, rather than defend, the order should petition or cross-petition

AMERICAN OVERSIGHT

for review."). The State also agrees to abide by the briefing deadlines already set by this Court.

B. The State meets the substantive criteria for intervention

Although Rule 15(d) does not provide the criteria for allowing intervention, "appellate courts may also look to the standards applied by district courts in considering motions under Civil Rule 24." See 16AA Fed. Prac. & Proc. Juris. § 3961.4 Service of Petition or Application; Intervention (4th ed. 2017); see also Sierra Club, Inc. v. E.P.A., 358 F.3d 516, 517-18 (7th Cir. 2004). Rule 24(a)(2), governing intervention of right, provides that intervention is mandatory:

> when the applicant claims an interest relating to the property or transaction which is the subject of the action and the applicant is so situated that the disposition of the action may as a practical matter impair or impede the applicant's ability to protect that interest, unless the applicant's interest is adequately represented by existing parties.

The State's interest here is significant; as described supra, as the downstream state, the State is the primarily affected sovereign. The ability of the State to enforce and maintain State Water Quality Standards in Mount Hope Bay is entirely dependent on Massachusetts' discharges, including Taunton's discharges at issue. This dependence is elucidated by the fact that Taunton quarrels with the nitrogen limitations, precisely the nutrient already listed as impaired by RIDEM's 303(d) list. Consequently, the State is situated such that the disposition of this appeal materially impacts its ability to protect Mount Hope Bay.

AMERICAN OVERSIGHT

Additionally, the State's interests are not adequately represented by existing parties. As the Seventh Circuit explained in Sierra Club, Inc., "[a]n agency will stick up for its actions in response to the petition for review, but if it loses the Solicitor General may decide that the matter lacks sufficient general importance to justify proceedings before the court *en banc* or the Supreme Court." Sierra Club, Inc., 358 F.3d at 518. This difference in institutional incentives is exacerbated by the recent changes to EPA leadership described supra. Suffice it to say, the present circumstances warrant the State's involvement to represent its important sovereign interests.

Even assuming, arguendo, that this Court were not inclined to grant intervention of right, the State can also demonstrate that it meets the criteria for permissive intervention. Rule 24(b)(1)(B) provides a court may permit anyone to intervene who "has a claim or defense that shares with the main action a common question of law or fact." In the exercise of this discretion, "the court must consider whether intervention will unduly delay or prejudice the adjudication of the original parties' rights." Fed. R. Civ. P. 24(b)(3).

These factors are satisfied here. The State's arguments concerning its significant interest in the pending action are incorporated by reference. The State also reaffirms its willingness to abide by the deadlines already set out in this matter, thus vitiating any concerns that the State's proposed intervention will delay its

AMERICAN OVERSIGHT

disposition. Nor can it be said that the State's intervention will prejudice the adjudication of the original parties' rights; the State accepts the scope of the ruling of the Environmental Appeal Board and will only assert arguments already addressed below. Accordingly, the State is eligible for permissive intervention.

III. CONCLUSION

For the foregoing reasons, justice would be served by allowing Rhode Island, the home of Narragansett Bay and Mount Hope Bay, to intervene in this matter.

Respectfully submitted,

COUNCIL FOR NATIONAL POLICY

Standard Speaker Guidelines Regarding Political Activity

Council for National Policy (CNP) is exempt from federal income tax under §501(c)(3) of the Internal Revenue Code. As such, it cannot "participate in, or intervene in (including through the making of statements), any political campaign on behalf of (or in opposition to) any candidate for public office." This restriction applies only to election campaigns, and does not apply to lobbying activities regarding legislation or ballot initiatives or referendums (in which the public is the legislature).

CNP Action, Inc. is exempt from federal income tax under §501(c)(4) of the Internal Revenue Code. As such, it may engage in political activity to some extent, but such activity may not be its primary activity. However, under federal and state election laws, both CNP and CNP Action, Inc. are prohibited from making direct and in-kind contributions to or on behalf of federal and many state candidates, and both are subject to limits on the extent to which they may refer to candidates (even in discussions of public policy issues) during certain pre-election periods.

To help CNP and CNP Action, Inc. ensure that they comply with the requirements of §501(c)(3) and §501(c)(4), respectively, and with federal and state election laws, without compromising their message, CNP and CNP Action, Inc. respectfully request that you observe the following guidelines regarding political activity when you participate in any activity sponsored by CNP and CNP Action, Inc.

Speakers: In any public presentation at an event sponsored by CNP and CNP Action, Inc., please do not endorse or denigrate any candidate for public office, or any political party, and do not use legislative issues in order to comment on, otherwise attempt to affect, any election. Favorable comments about a candidate's past actions as a private citizen or public official should be avoided if a reasonable person would construe them as an endorsement of his candidacy.

Candidates: If you are a candidate for elective public office, please avoid any mention of your candidacy, or any impending election. Please do not conduct any fundraising or distribute any campaign literature on CNP's premises or at any event sponsored by CNP and CNP Action, Inc., and do not otherwise use CNP's resources, *e.g.*, office equipment and supplies, for your campaign.

Officeholders: In some cases, CNP and CNP Action, Inc. invites public officials to speak at or attend an event because of the office you hold in federal, state, or local government, and not because you are or may be a candidate for re-election, or for election to another public office. At such events, please do not engage in campaign activity, or otherwise suggest that your presence indicates endorsement of your incumbency or candidacy (if any), or opposition to your opponent (if any), by CNP and CNP Action, Inc.

Others: Please do not distribute campaign literature, conduct fundraising activities, or otherwise engage in political activity immediately before, during, or immediately after any event sponsored by CNP and CNP Action, Inc.

Thank you for your consideration. Your participation in any event sponsored by CNP and CNP Action, Inc. indicates that you have agreed to observe these guidelines. If you have any questions about the meaning or application of these guidelines, please contact Bob McEwen at (202) 207-0165.

COUNCIL FOR NATIONAL POLICY

May 5, 2017

The Honorable E. Scott Pruitt
Administrator
U.S. Environmental Protection Agency
Office of the Administrator - 1101A
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

Dear Administrator Pruitt:

Thanks for accepting our invitation to speak at the May 18-20, 2017 Council for National Policy meeting at The Ritz-Carlton, Tysons Corner in McLean, Virginia.

This letter will establish the preliminary details of your presentation. **Please review and respond to the information on the following pages at your earliest convenience**.

Included in this document is a copy of our standard speaker release and guidelines form. Following meetings, we distribute recordings of speaker remarks to members and guests and occasionally post remarks to our website. However, we only do these things with your prior approval.

If you're willing to have your remarks recorded and released, please sign and return the form by email to amy@cfnp.org or by fax to (202) 207-0173. Otherwise, we will record for archival purposes only and will send you a copy.

Once again, we're grateful for your participation, and I look forward to working with you.

Warmest regards,

Amy Greene

AMERICAN OVERSIGHT

ADMINISTRATOR PRUITT SPEAKER REQUEST FORM
U.S. Environmental Protection Agency

Deadline for Acceptance:	May 1, 2017
Event Title:	Council for National Policy Meeting
Speech Date:	May 19 or 20
Is the Above Date Flexible:	No
Speech Time & Duration:	May 19 at 1:45 pm or 2:15 pm; May 20 at 11:00 am or 11:30 am; May 20 Evening Session (reception at 6:00 pm, dinner at 7:00 pm, remarks preferably after dinner). Remarks would be 25 minutes at any of these opportunities.
Speaker Requested:	Administrator Scott Pruitt
Would You Consider a Surrogate:	No
Event Location:	The Ritz-Carlton, Tysons Corner 1700 Tysons Blvd, McLean, Virginia 22102 703-506-4300 The Ritz-Carlton Ballroom, Salons I & II, Fifth Floor
Open Press/Closed Press:	Closed
Is Event Webcast/Recorded/Transcribed:	Recorded – audio & video. If a release is signed, we will share it with our members. If a release is not signed, we will record for archival purposes only.
Purpose of the Event:	CNP is the premier conservative membership organization comprised of more than 400 of America's most influential leaders. These educational events are held three times each year to build coalitions, strengthen the conservative movement, and thus seek to restore our nation to its founding principles.
Speech Topic:	Challenges and Opportunities at EPA – how Conservatives can help you achieve your policy objectives.
Requested Presentation Format:	Keynote (possibly with Q&A)
Dress Code:	Business
Speech/Presentation Duration:	25 Minutes
Teleprompter Available:	No
Microphone / Room Setup:	Podium with Microphone (lapel can be requested). Two large screens on either side of the ballroom – tables will either be classroom or rounds, depending upon when the Administrator speaks.
Event Sponsor:	Council for National Policy (some of our members sponsor various portions of the event, such as our dessert receptions/lunches). I'm happy to share those, if necessary. They do not have any control, however, over planning of the event or program.
Relationship to the EPA:	N/A

SOUTHERN CROP PRODUCTION ASSOCIATION
PO Box 1586 Reidsville, NC 27323
(336) 394-4871
scpa@southcrop.org

April 4, 2017

Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Office of the Administrator 1101A
Washington, DC 20460

Dear Administrator Pruitt,

The Southern Crop Production Association is an independent, regional trade association composed of basic manufacturers, formulators, and resellers of crop production inputs. Our members are involved with crop protection, seeds, biotechnology and traits, seed treatment, and biologic market segments. We represent sixteen southern, southwestern and mid-Atlantic states. Our geography extends from Texas and Oklahoma eastward to Florida and northward to Delaware and Maryland. Our association works very closely with state and local legislators and regulators to assist in obtaining fair and balanced legislation and regulations for our industry.

On May 3rd and 4th, our association will be in Washington DC for our annual congressional visits. We hope to bring meaningful, local perspective in the development of our national policies and regulations.

On Wednesday, May 3rd, our Executive Committee, along with executives from CropLife America would like to set up an appointment to meet with you and your staff. Our visit coincides closely with the completion of the first 100 days of the Trump Administration. We feel the time is right to have substantive conversation regarding the next steps towards meaningful regulatory reform in trying to feed our nation and beyond.

There are many issues facing agriculture in rural America. Using sound science in the development of water policy, the Endangered Species Act and pesticide registration is critical for the success of America's farmers. We consider farmers to be the ultimate environmentalist and stewards of our land and natural resources.

We would appreciate the opportunity to have open communication and dialogue with the EPA on issues related to our industry and the crop production community. Is there a time that we can meet with you on May the 3rd?

Thank you, in advance, for your consideration of this meeting request and for your efforts to protect our environment. I look forward to hearing back from you soon

Sincerely,
Jeff Cassady
Executive Vice President
Southern Crop Production Association

AMERICAN OVERSIGHT

Senior Executive Service

Background

- The Agency is allocated 311 SES positions; up to 10% can be non-career appointments. OPM retains the appointing authority for non-career appointments.
- Career appointments (agency selections) must be approved by a Qualifications Review Board that is managed by OPM. The QRB provides an independent and objective review to ensure the executive has the qualifications and leadership skills needed to be in the SES.
- QRBs are composed of 3 members of the SES, each from a different agency. At least 2 must be career.

Question 1: (b)(5) DPP

- (b)(5) DPP
- (b)(5) DPP

Question 2: (b)(5) DPP

- (b)(5) DPP

Question 3: (b)(5) DPP

- (b)(5) DPP
- (b)(5) DPP
- (b)(5) DPP

Question 4: (b)(5) DPP

AMERICAN OVERSIGHT

Senior Executive Service Candidate Development Program

The Environmental Protection Agency has approximately 280 career Senior Executive Service positions. The annual attrition rate for the SES is about 25 per year. Therefore, the EPA is constantly recruiting for and filling these senior leadership positions. In addition, about three fourths of its SES corps is eligible for retirement within the next five years. EPA has been developing a cadre of future senior leaders to fill these positions and the SES Candidate Development Program is an excellent way to prepare high-performing employees for these leadership positions. This program also advances the goal of a corporate SES by developing a cadre of career executives who share a government-wide perspective and are well positioned to lead change both within their agencies and throughout government. About two years ago, the EPA ran a SESCDP in partnership with the Department of Treasury with about 26 candidates from within and outside the agency participating in the program. Candidates from that program are still completing program requirements.

Last fall, the EPA announced another SESCDP in partnership with the Department of Interior for a 12-month program. The SES CDP was competitively announced on USAJOBS, the Office of Personnel Management's official employment website. Applicants underwent a multifaceted selection process that included an evaluation of their executive core qualifications statements and structured interviews. The current SES corps were valuable participants in the selection process, screening applications and interviewing candidates.

The 25 candidates selected for this SESCDP include 17 from within EPA, and eight from other agencies, including the Department of Homeland Security and the Department of the Army. The candidates will now participate in an intensive training program, scheduled to start later this month and designed to develop their leadership competencies. The program will provide a series of developmental experiences including formal courses and seminars, rotational assignments, and an SES mentor. In addition, candidates will participate in seminars to further their understanding of the EPA and its mission, values, and challenges.

Candidates who successfully complete an SESCDP need to be certified by OPM. This certification allows them to apply for and be selected for SES positions without further competition. Certification does not make them SES members, and it does not guarantee placement as an SES.

The SESCPD is an excellent succession management tool for the agency and we are looking forward to announcing this next class to the agency.

AMERICAN OVERSIGHT

Pilot Project Concept

SRF Low Interest Financing to Leverage New Water Treatment Technology
and Accelerate Superfund Clean-up

Background: The Aerojet General Corporation Superfund site covers 5,900 acres near Rancho Cordova, 15 miles east of Sacramento. The site was listed on the National Priorities List in 1983. The aquifer beneath the Aerojet facility and the Rancho Cordova area is part of the San Joaquin groundwater basin. This basin provides drinking water to over a million residents in Sacramento County and nearby areas. A 27-square mile swath of groundwater underneath and around the former aerospace facility is polluted with several compounds, including very high levels of perchlorate -- a main component of rocket fuel -- and a known developmental toxin. On September 20, 2011, EPA issued an order to Aerojet Corporation requiring them to conduct a $60 million cleanup of rocket fuel-polluted groundwater at the Aerojet General Corporation Superfund Site in Rancho Cordova, Calif. This groundwater cleanup represents the latest phase of a long-term decontamination project at the site. The extent of the toxic pollution at the site makes it one of the largest and most comprehensive Superfund groundwater cleanups in California.[1]

Proposed Solution: MI Systems is in the latter stages of developing a commercial ready water treatment solution to meet the diverse and challenging needs of the EPA's Superfund Site cleanup. MIS has had the privilege to work closely with Aerojet Rocketyne to better understand its challenges in cleaning up the expansive groundwater contamination.

The initiative would involve the installation of MI Systems' patented technology known as the Electrochemical Nano Diffusion (END®) process.[2] This game-changing process will provide a more cost effective and energy efficient solution to meet the water treatment needs of the EPA versus processes currently in use by Aerojet and others responsible for cleaning these superfund sites. END represents a significant improvement, in terms of cost savings and performance, relative to traditional treatment technologies, such as fluidized bed (bioreactor) and membrane technologies.

Superfund sites have a variety of water sources that require treatment. To accomplish this, MIS is looking at two potential processing applications: mobile units that can be moved from site to site for short-term flow back water processing, and permanent central processing facilities. MIS could initially deploy its advanced treatment technology at superfund sites in California through developed relationships but other sites are possible as well.

We will reduce perchlorate, NDMA and all VOCs to below NPDES discharge limitations with no adverse chemicals being generated in the process. This will be defined by analyzing the effluent for VOC and SVOC including TICs.

The cost of the MIS commercial scale solution will be dependent on the final operating and treatment conditions set by those responsible for the Superfund site(s), such as Aerojet. However, MIS would look to provide a scalable proof of solution from bench test through a demonstration unit at a superfund site

[1] EPA Case Summary available at https://www.epa.gov/enforcement/case-summary-epa-issues-order-aerojet-general-corporation-superfund-site.
[2] For more information regarding the technology see http://www.magnaimperiosystems.com/technology/.

AMERICAN OVERSIGHT

with favorable funding terms of $5,000,000 using federal Clean Water or Drinking Water State Revolving Funds, if such funds were made available. With this amount of funding MIS would look to deliver a pilot within the next 24 months.

With favorable funding terms of $50,000,000, project deployment would be accelerated, enabling MIS to test and deploy its advanced treatment technology at multiple sites simultaneously for fast rollout. These funds will allow MI Systems to greatly accelerate our development and testing time to provide a more superior treatment for Superfund Sites nationwide.

Taunton Estuary Municipal Coalition

February 9, 2017

Via Email and First Class US Mail

Scott Pruitt
Administrator
Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

RE: Request for Peer Review of EPA Region 1's Unprecedented Use of the Sentinel Method to Impose Stringent Nitrogen Limitations

Dear Administrator Pruitt:

On behalf of the major cities discharging to the Taunton Estuary (Taunton and Fall River) and New Bedford, I am submitting this letter requesting your intervention and review of a series of unprecedented and scientifically indefensible regulatory decisions made by EPA Region 1 an attempt to impose extremely stringent nitrogen limitations on our facilities. These NPDES permit actions represent quintessential examples of decision making based on EPA policy rather than sound science and environmental need. If left in place, these new mandates will impose well over $100 million in new wastewater and stormwater compliance costs for our cities. Given the new administration's desire to eliminate wasteful regulation, we are hoping to obtain your assistance in staying further permit appeal proceedings and objectively reviewing the scientific concerns we had raised previously, which were all disregarded by the prior administration. The following provides some brief background on the matter.

In 2015, EPA finalized a permit imposing "state of the art" nitrogen limitations on Taunton's wastewater treatment facility after a protracted dispute regarding the need for such limitations. EPA issued a similar permit for Brockton in January, 2017, and intends similar mandates for New Bedford and Fall River, but due to ongoing appeals has not finalized those actions. EPA Region I imposed the stringent nutrient limitations even though:

1. The Taunton Estuary is not identified as nutrient impaired;

AMERICAN OVERSIGHT

EPA-17-0432-F-000226

2. Three nationally recognized experts (including Dr. Steven Chapra, Tufts University of international renown) stated that EPA's novel calculation procedure (known as the "Sentinel Method") was not scientifically defensible and would clearly give an erroneous result;

3. System data, collected by Dr. Brian Howes in 2004-2006, confirmed that the stringent nitrogen limitations would not materially improve dissolved oxygen levels (the stated concern of EPA's nutrient reduction mandate), and;

4. EPA's analysis ignored all of the other system improvements occurring since 2004 that EPA itself had mandated to improve water quality in the system (including the closure of major power plants, reduction of combined sewer overflows and nutrient discharges by major Rhode Island facilities).

Individually, each of these errors should have warranted a remand of the permit. Even EPA Headquarters had confirmed, under FOIA, that the Region's novel procedure for claiming stringent nutrient limits were required was never peer reviewed or determined by anyone to be scientifically defensible. (Attachment 1) Nonetheless, EPA Headquarters refused a request from the *Center for Regulatory Reasonableness* to peer review the new method (in derogation of the federal Peer Review Handbook). (Attachment 2) EPA's Environmental Appeal Board (EAB) rejected all technical arguments and actively prevented consideration of the reports from independent experts confirming the Region's approach was technically baseless (See, Attachment 3, Letter of Dr. Brian Howes, Dartmouth- SMAST, who confirmed EPA was misapplying his data in reaching its conclusions). Left with little other choice, the City of Taunton appealed the EAB's decision to the First Circuit Court of Appeal (*see City of Taunton v. EPA*, (1st Cir. 16-2280)) and filed a permit modification request with EPA Region 1 to properly consider the information the EAB refused to assess in supporting EPA's permit action. Those actions are presently pending.

Requested Action

The cities believe that all permitting and appeal actions should be stayed, pending a complete scientific review of the Region's actions. An independent peer review of EPA's untested "Sentinel Method" should occur, as required by the federal Peer Review Policy, given the enormous local resources at stake. It is our belief that no group of credible scientists would possibly find this approach to be "scientifically defensible" which is why the prior administration refused to allow such review. In any event, should such review determine the Region's actions are, in fact, scientifically defensible and accurately reflect the impact of nitrogen on the DO regime of the Taunton Estuary, we would be willing to live with that result, knowing our monies will be well spent.

Dear Administrator Pruitt:

As President and CEO of Renewable Energy Group, Inc. (REG), North America's largest producer of advanced biofuel, I respectfully request the opportunity to meet with you and members of your staff to discuss issues important to American biomass-based diesel producers.

Like you, we are eager to restore certainty to regulated industries like our own. REG is a multi-feedstock producer that currently owns and operates 11 active biomass based diesel refineries across the United States with a combined nameplate capacity of 452 million gallons. We can provide you and your team with a unique perspective on the biomass-based diesel industry and the tens of thousands of jobs it supports.

I would like to discuss items within the Renewable Fuel Standard with you including the annual Renewable Volume Obligation, biomass-based diesel imports, and point of obligation.

Should you have any questions about this request, please feel free to contact me directly at Daniel.Oh@REGI.com or Brad Albin VP of Manufacturing brad.albin@REGI.com

Tana Goertz

Sincerely,
Dan

AMERICAN OVERSIGHT

Public Law No: 114-264 (12/14/2016)

Program Management Improvement Accountability Act

(Sec. 2) This bill establishes as additional functions of the Deputy Director for Management of the Office of Management and Budget (OMB) requirements to:

- adopt and oversee implementation of government-wide standards, policies, and guidelines for program and project management for executive agencies;
- chair the Program Management Policy Council (established by this Act);
- establish standards and policies for executive agencies consistent with widely accepted standards for program and project management planning and delivery;
- engage with the private sector to identify best practices in program and project management that would improve federal program and project management;
- conduct portfolio reviews to address programs identified as high risk by the Government Accountability Office (GAO);
- conduct portfolio reviews of agency programs at least annually to assess the quality and effectiveness of program management; and
- establish a five-year strategic plan for program and project management.

The bill exempts the Department of Defense (DOD) from such provisions to the extent that they are substantially similar to: (1) federal provisions governing the defense acquisition workforce; or (2) policy, guidance, or instruction of DOD related to program management.

The head of each federal agency that is required to have a Chief Financial Officer shall designate a Program Management Improvement Officer to implement agency program management policies and develop a strategy for enhancing the role of program managers within the agency. The OMB must submit a report containing such strategy within one year after enactment of this bill. The Under Secretary of Defense for Acquisition, Technology, and Logistics shall be considered the Program Management Improvement Officer for DOD.

The Program Management Policy Council is established within OMB to act as the principal interagency forum for improving agency practices related to program and project management.

The Office of Personnel Management must issue regulations that: (1) identify key skills and competencies needed for an agency program and project manager, (2) establish a new job series or update and improve an existing job series for program and project management within an agency, and (3) establish a new career path for program and project managers.

The GAO must issue a report within three years of enactment, in conjunction with its high risk list, examining the effectiveness of the following (as required or established under this Act) on improving federal program and project management:

- the standards, policies, and guidelines for program and project management;
- the strategic plan;
- Program Management Improvement Officers; and
- the Program Management Policy Council.

June 25, 2019

SENT VIA EMAIL TO: foia@americanoversight.org

Austin R. Evers
Executive Director
1030 15th Street, NW
Suite B255
Washington, DC 20005

Re: **2019-HQLC-00029**

Dear Mr. Evers:

This is the final response to your Freedom of Information Act (FOIA) request to the Environmental Protection Agency (EPA), dated October 19, 2017, seeking Administrator Scott Pruitt's calendar entries. While processing your request, the Environmental Protection Agency located records that fall under the purview of the Department of Homeland Security (DHS). Accordingly, your request and 4 pages of responsive records were referred to this office for processing and direct response to you. Your request was received in this office on May 23, 2019.

After review of the referred documents, I have determined that portions of 4 pages will be withheld pursuant to FOIA Exemptions (b)(6) of the FOIA. Those records are enclosed with certain information withheld as described below:

FOIA Exemption (b)(6) protects from disclosure personnel and medical files, and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. DHS has applied (b)(6) to protect from disclosure the email address of the individual who created the four-page document.

You have a right to appeal the above withholding determination. Should you wish to do so, you must send your appeal and a copy of this letter, within 90 days of the date of this letter, to: Privacy Office, Attn: FOIA Appeals, U.S. Department of Homeland Security, 245 Murray Lane, SW, Mail Stop 0655, Washington, D.C. 20528-0655, following the procedures outlined in the DHS FOIA regulations at 6 C.F.R. Part 5 § 5.8. Your envelope and letter should be marked "FOIA Appeal." Copies of the FOIA and DHS FOIA regulations are available at www.dhs.gov/foia.

AMERICAN OVERSIGHT

If you need any further assistance or would like to discuss any aspect of your request, please contact the analyst below who processed your request and refer to **2019-HQLC-00029**.

You may send an e-mail to foia@hq.dhs.gov, call 202-343-1743 or toll free 1-866-431-0486, or you may contact our FOIA Public Liaison in the same manner. Additionally, you have a right to right to seek dispute resolution services from the Office of Government Information Services (OGIS) which mediates disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. If you are requesting access to your own records (which is considered a Privacy Act request), you should know that OGIS does not have the authority to handle requests made under the Privacy Act of 1974. You may contact OGIS as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Sincerely,

Bradley E. White
FOIA Program Specialist

SPOT REPORT

POTENTIAL IMPACT OF HURRICANES IRMA AND MARIA ON DISEASE TRANSMISSION IN THE U.S. VIRGIN ISLANDS AND PUERTO RICO

29 September 2017

FEDERAL EDITION

Current Event Status (Undetermined)

In September 2017, two Category 5 Hurricanes with record-breaking wind speeds heavily impacted the Caribbean Islands; especially Anguilla, Antigua and Barbuda, the Bahamas, Cuba, Dominica, Guadeloupe, Martinique, Puerto Rico, Saint Martin, Sint Maarten, and the British and U.S. Virgin Islands. Flooding and high winds have resulted in complications with water and food supplies, sanitation, infrastructure, electricity, medical care, and mosquito control. As a result of the aforementioned issues, there is concern about increased risk of disease transmission in the area. Additionally, many Federal agencies are deploying relief workers to the U.S. Virgin Islands and Puerto Rico, and the U.S. Government seeks to protect people from contracting infectious diseases during response efforts.

Worsening | Improving | Undetermined

Why We Are Reporting on This Event

Following impact from Hurricanes Irma and Maria, there is concern regarding a potential increase in transmission of infectious diseases in the Caribbean Islands, affecting both the general population and the U.S. Federal Government personnel deployed to aid in response efforts. NBIC is closely monitoring areas recently impacted by hurricanes in anticipation of potential infectious disease outbreaks.

SITUATION OVERVIEW

On 12 September, the U.S. Centers for Disease Control and Prevention (CDC) issued a level 2 travel alert for the Caribbean; advising tourists to delay travel, and relief workers to practice enhanced precautions, especially against vector-borne diseases, including chikungunya, dengue and Zika viruses. Malaria is also of concern in Haiti and the Dominican Republic, but not in other hurricane-impacted islands where the disease has not circulated for decades.[1, 2] In Puerto Rico, specifically, locally-acquired cases of malaria have not been reported since 1955[3]. Humanitarian aid and disaster relief workers traveling overseas may be more exposed to circulating endemic diseases, and have less-secure lodgings compared to regular tourists, resulting in an increased health risk[4]. NBIC research identified the following specific infectious disease concerns for the impacted area, described in detail below.

Infectious Disease Concerns

Type	Example
Vaccine-Preventable Diseases	Routine vaccines, Cholera*, Hepatitis A, Hepatitis B, Influenza$, Rabies, Typhoid
Vector-borne Diseases	African tick-bite fever, Chikungunya*, Dengue, West Nile#, Zika
Waterborne Diseases	Leptospirosis*

*Figure 1: Diseases of risk to travelers visiting the U.S. Virgin Islands and Puerto Rico, according to the CDC. *=Listed as endemic, or potentially endemic in EBSCOHealth's GIDEON (Global Infectious Disease and Epidemiology Network), and/or associated with flooding and infrastructure. #=Some evidence of presence, no known human or animal outbreaks to date.*

AMERICAN OVERSIGHT

Vector-borne Diseases

Mosquito-borne Diseases

Chikungunya, dengue, and Zika viruses are endemic in the U.S. Virgin Islands and Puerto Rico. The CDC advises individuals exposed to chikungunya, dengue, or Zika viruses to protect themselves against mosquito bites for up to three weeks post exposure to prevent further spread.[5] There is also some evidence of the presence of West Nile virus in Puerto Rico, particularly in animal populations, although noted outbreaks among human or animal populations have not been reported to date and it is not listed as a concern in the CDC's guidance noted above.[6,7]

Adult mosquitoes in the outdoors usually do not survive hurricane-force winds. Young mosquitoes are likely to be washed away by flood waters, causing a temporary drop in mosquito populations.[8] The debris and standing water left after a hurricane is likely to provide ample breeding grounds for surviving mosquitoes, meaning populations can spike within a few weeks of the event.[9] A study of dengue transmission after Hurricane Georges showed the risk of acquiring dengue among relief workers appeared to be low, likely as a result of protective factors[10]. Relief workers should take precautions to prevent mosquito bites.[11,12] Local residents can help control mosquito populations by removing breeding grounds.[13]

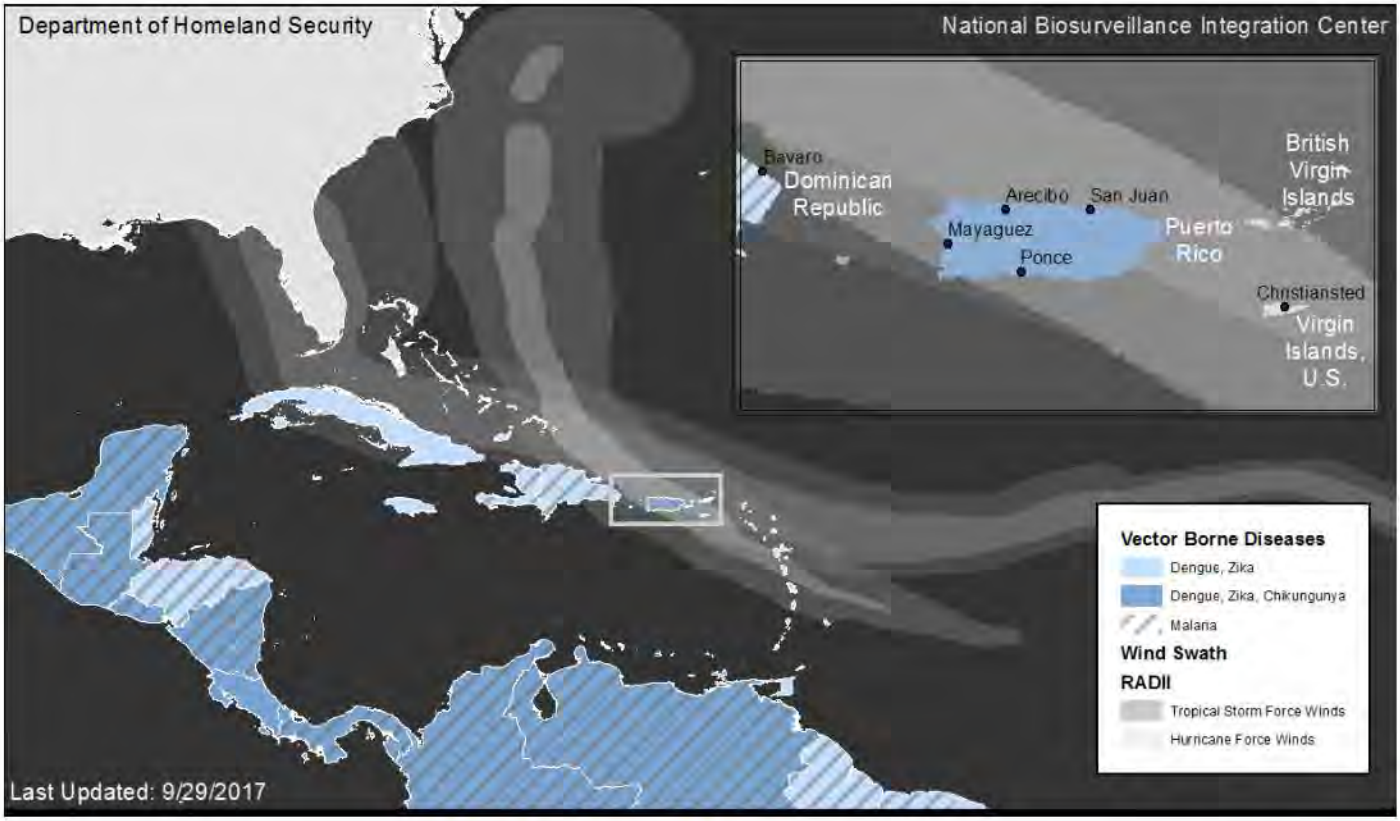

Figure 2: Map of countries with sustained local dengue, chikungunya, Zika, and/or malaria transmission in the previous year. Data for dengue[14], chikungunya[15], and Zika[16] was obtained from the Pan American Health Organization (PAHO). Data for malaria was obtained from by the CDC[17]. Hurricane wind swaths provided by the National Oceanic and Atmospheric Administration (NOAA) National Hurricane Center[18].

Tick-borne Diseases

African tick-bite fever is caused by infection with *Rickettsia africae* bacteria. In the Caribbean, the bacteria is transmitted by *Amblyomma variegatum* ticks, which are usually most active from November through April.[19,20] Ruminants can serve as reservoirs of the bacteria. People working outside in wooded, brushy, or grassy areas are at higher risk of infection. *Amblyomma variegatum* ticks are not present in the continental United States.[21]

AMERICAN OVERSIGHT

Waterborne Diseases

Cholera

Cholera is naturally occurring in fresh and brackish water. In the U.S. Virgin Islands and Puerto Rico, cholera was common in the 1800s, prior to the creation of modern water and sewage treatment systems. These areas have not recorded locally-acquired cases of cholera since the 1800s[22]. A study published in 1989 found *Vibrio cholera* bacteria in the Mameyes River, on the northeastern coast of Puerto Rico.[23] The study does not specify if the cholera recovered was toxigenic. Sporadic cases are currently reported among travelers to cholera-affected countries. Cholera outbreaks, however, are often associated with flooding and infrastructure damage, which allow for increased fecal contamination of water supplies.

A single-dose oral cholera vaccine is licensed and available in the U.S. The vaccine is recommended for travelers to an area of active cholera transmission, and not for those traveling to areas where sporadic cases have been reported[24].

Leptospirosis

Leptospirosis is a known occupational risk for people who work outside or with animals. The bacteria is spread through the urine of infected wild and domestic animals and can contaminate water or soil and survive there for weeks to months.[25,26] A study evaluating the risk of leptospirosis in Puerto Rico found an increased number of leptospirosis cases after Hurricane Hortense in 1966.[27] From 2000-2009, approximately 15-100 suspected human cases of leptospirosis were reported per year in Puerto Rico.[28] A seroprevalence study of leptospirosis in small ruminants on St. Croix in the U.S. Virgin Islands showed 26-32% seroprevalence, indicating the bacteria is still present on the island.[29]
